M:\W\STORAGE\CLEAN_CC\MEETING\MTGNOTIC

Wednesday, 1996 December 04
7:30 o'clock p.m.
The Keg Restaurant
1170 Upper James Street

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice Chairperson Rick Butson Michael Cuberovic Claudette Kabitsis Lori Nethercut Raffaella Brugnano
Regrets:	William Blenkhorn Frank Noto-Campanella Mark Alan Whittle
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1996 November 06 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson was pleased with the Committee's undertakings this past year and thanked all members for their efforts. He wished everyone a safe and prosperous holiday season.

3. BUSINESS ARISING FROM MINUTES

a) Location of Keg

Item 3(a) was enclosed for the Committee's information.

b) Cotton Gloves - Order

Don Heintz reported that six hundred dozen pairs of "seconds" gloves were ordered at a cost of $2.50 per dozen pair plus applicable taxes. Four hundred and sixty dozen pairs had already been received while the rest of the shipment would arrive shortly.

4. CORRESPONDENCE RECEIVED

a) Sending Flowers, etc.

The Committee was in receipt of correspondence from Paul Bachand regarding the sending of floral tributes. Sending floral tributes is not a usual corporate policy and it was requested that it be discontinued. The Committee agreed to abide by this request.

b) Article - Hamilton Spectator

An article entitled, "Littering is at heart a matter of social justice" was enclosed with the agenda for the Committee's interest.

5. COMMITTEE VACANCIES

a) Report Appointing New Members

A report recommending the appointment of the new members of the Keep Hamilton Clean Committee was passed at the Transport and Environment Committee meeting held on 1996 December 02. This report will be sent to City Council for approval on 1996 December 10.

b) Filling One Two (2) Year Vacancy

Don Heintz and Ron Volterman interviewed Danielle Marchese and recommended that she be appointed to fill the remaining vacancy on the Committee. All were in favour.

6. GREY CUP/SANTA CLAUS PARADE

a) Discussion on Parade

Ron Volterman thanked all those who participated in the Grey Cup/Santa Claus Parade. Several Committee members mentioned that there was a long delay before the parade commenced and the C.B.C. only televised a portion of the parade. Everyone noted that the crowd was much larger this year. The following suggestions were made for next year:

- Reword the letter sent out to the Spotless Spot winners to indicate that they will be walking in the parade.
- Offer a prize to the child who collects the most litter along the parade route.

Ron Volterman was impressed by the clean-up effort by the Public Works Department after the parade. The Committee was in favour of sending a letter to the Public Works staff who cleaned the downtown core after the Grey Cup/Santa Claus Parade.

7. ROOM BOOKINGS FOR 1997 MEETINGS (ROOM 219)

Don Heintz reported that City Hall, Room 219 has been booked for the Committee's meetings in 1997.

8. EXPENDITURES

A copy of the Committee's expenditures was included in the minutes.

9. OTHER BUSINESS

a) Jim Auty has prepared two certificates for the schools that participated in the Youth Affiliate contest in 1996.

b) Jim Auty circulated a drawing of Spotless with a snorkel and fins. This graphic will be used for the underwater component of Hamilton's International Coastal Clean-up.

c) A newspaper clipping of the birth of Mark Alan Whittle's child was circulated.

d) Lori Nethercut asked if it is possible to set up a web page for the Committee on the internet. Don Heintz will examine this possibility.

10. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

The Spectator

CLASSIFIED

SATURDAY, NOVEMBER 30, 996 ■ "210,400 ADULTS ARE READING SPECTATOR CLASSIFIED DAILY"*

First grandchild for Carole Callan and tenth for Geoff and Janet Carter. Thanks to family, friends and staff at St. Joseph's.

CERQUEIRA - Jorge and Fatima thank the Lord for their wonderful gift. Gabriel Jorge arrived Wednesday, November 27, 1996 at 3:20 a.m., weighing 6 lbs. 10 ozs. Grandparents are Maria das Dores and Joaquim Cerqueira and Maria and Manuel Vargas. Smiling from above is Grandpa Manuel Garcia Jorge. Special thanks to Dr. Murray, nurse Heather and staff at St. Joseph's Hospital.

De IULIO (nee Barrett) - Debbie and Peter received an early Christmas gift from God on November 25, 1996. Jordan Michael arrived safely at 11:15 a.m. weighing 8 lbs. 5 ozs. First grandchild for Marilynn Barrett and John Barrett and sixth for John and Rita De Iulio. Thanks to Colin Wellum Jr., D.C. and special thanks to midwife Maureen, Hamilton Midwifery Care and the kind staff of MUMC.

...STER - Andrea and Rod and big sister Kalyna welcome Raven King. Our little prince from Heaven arrived November 13, 1996, weighing in at 8 lbs. 15½ ozs. Proud grandparents are Jim and Ann King and Leo and Tiny Bonds. Special thanks to Dr. Murray and the wonderful staff at St. Joseph's Hosptial.
"There goes the neighbourhood!"

HAYWARD - John, Wanda and big sister Rachel are happy to announce the ... November 26, 1996, weighing 6 lbs. 6 ozs., sharing the same birthday as her great-granddad, Harold Fraser. Spoiling privileges go to grandparents, Marlene and Bill Hughes and Marilyn and Joe MacDonald.

NICELIU (SWARBRICK) - Jenna is proud to announce the birth of their baby sister, Kendra Anne, weighing 7 lbs. 15 ozs. on November 27, 1996 at West Lincoln Hospital. Proud parents, Ken and Teri. Second grandchild for Linn and Chick Swarbrick and third grandchild for Ken and Hilde Niceliu. Another cousin for Jordan Niceliu. Thanks to all our family, friends and a special thank you to Big Grandma and Oma and to the staff of West Lincoln Hospital.

OESTERREICH - Ellen and Ralph Oesterreich are delighted to announce the arrival of a little sister for Lucas. Weighing in at 7 lbs. 4 ozs., on November 25, 1996, was the beautiful Sarah Nicole. Just as thrilled are grandparents, Lydia Neumann and Heidi and Len Oesterreich. Special thanks to the wonderful Mac staff, including Dr. Blood and Cathy Smallbone, as well as Dr. Sibley, Dr. Dempster and Dr. Flett.

PETROVSKY (STROUD) - Gary, Marilyn and big sister Hanna are very happy to announce the safe but early birth of Paige Jacklyn, on November 23, 1996, weighing 3 lbs. ½ oz. at McMaster Hospital. Second grandchild for Fred and Joan Stroud and Ed and Eleanor Petrovsky. Niece to Rick, Bruce and Carolyn. Thanks to Dr. ... to announce the birth of their third child, Nathan Joseph, born on Friday, November 22, 1996 at St. Joseph's Hospital, weighing in at 7 lbs. 3½ ozs. A brother for Justin and Emily. Proud grandparents are Irene and the late Fred Waud and Mario and Felicetta Cietti. Special thanks to Drs. R.C. Dickson and D. Small. Extra special thanks again to Auntie Donna May.

WHITTLE (nee Northrup) - Mark and Laurie are very happy to announce that Logan Alan finally arrived home November 18th. Our little angel was born October 26, 1996, at 1:38 p.m., weighing 6 lbs. 15 ozs. Special care given by St. Joseph's Hospital L&D, McMaster and Henderson Hospital NeoNatal Staff. We would like to thank family and friends who prayed and never gave up hope. XO.

WRIGHT (JORDAN) - Suzy and Stu are pleased to announce the birth of Kelsey Isabelle, born November 20, 1996 at 11:54 p.m. weighing 8 lbs. 13 ozs. at West Lincoln Memorial Hospital, Grimsby. Second grandchild for Judy and Allan Jordan and fourth for Mary and Jim Wright. Second great-grandchild for Ernie Barbour. A new cousin for Jordan, Alexis, Mitchell and Kailiegh. Special thanks to Drs. Deegan, Hunter and Benson and the O.B.S. staff.

BIRTHDAYS

Happy 80th!!

BAYNE - Betty (Elizabeth). (Formerly of Upper Paradise)

Happy 45th

HARRIS - Happy Anniversary, Bob and Ruth, December 1, 1951-1996. Congratulations and love from Kim and Allen, Robin, Robert, Derek and Brent.

ZIMMERMANN - Daniel and Katharina Happy 50th Anniversary December 7 An Open House will be held Sunday, December 8 - see next Saturday's Special Occasion Page for more details, along with their photo.
- Best wishes, love, Walter, Waltraud, Werner and Elisabeth and families.

Little Logan knocked on heaven's door

Dec 19/96 Spectator

'He loves bright lights, he's seen the brightest'

He knocked at the gate, got no answer, dropped back to Earth. Logan's trip was 20 minutes.

"He's been to heaven and back," says his mother, Laurie Whittle. "He loves bright lights and I think he's seen the brightest one."

PAUL WILSON
STREET BEAT
526-3391

Logan Alan Whittle was a long time coming.

His parents, Laurie, 36, and Mark, 39, met nearly 14 years ago. Laurie made two matters clear. They would have no children until they were married. And they would not be married until Mark had been sober two years.

The gold disc in Mark's right pocket gives the date he took that last drink — Feb. 1, 1993.

In September of last year they married. Honeymoon in Orillia, then back to work. Laurie is a cook at the Good Shepherd Centres. Mark is a sales manager at the Canadian Tire on Upper James Street, and was an aldermanic candidate in the last election.

They live in a sixth-floor apartment on Mohawk East. They decided right away to see if they could make the place more crowded.

By January, Laurie was pregnant. In the final month, she got worried. The baby wasn't moving.

She went to her obstetrician Tuesday, Oct. 22. There was concern, but it was Friday before an ultrasound was done.

That showed there was very little amniotic fluid. They admitted Laurie to St. Joe's that day.

C-section

The next day, at 1.30 p.m., Laurie underwent an emergency C-section. The baby was out. It did not make a sound.

"Why isn't my baby crying?" Laurie asked. The nurse looked at her. She had tears in her eyes.

Mark was on the outside. The window curtains were drawn. He saw staff suddenly pulling on gowns and gloves and running in.

He asked no questions. There was no time. He thought the worst, that he had lost them both. "I came in here with a family. I'll be leaving here alone." He will tell you that on that day he had a brush with madness.

Laurie was on the bed, getting stitches. Across the room, she saw a huddle of people in hospital greens. And only the tip of a baby's head.

They did CPR. You don't pump hard with the heel of the hand when the patient weighs little more than the phone book. Just a massaging of the heart, with the fingertips.

The doctors looked at the clock. It had been 20 minutes. There was no point in going longer.

At that instant, the heart began to beat.

But there was soon bad news for Laurie and Mark. The doctors explained the baby had been dead too long. There would have been too much damage. He would not likely last the night.

About 3 p.m., with family from both sides there, a minister baptized Logan. The name means power and strength.

Hours later, they transferred Logan to McMaster. Laurie followed in an ambulance. Mark was to drive home and Laurie would call him there.

She was worried that Mark would drink. She would not blame him.

He did get in trouble that night, but not the kind to make him turn in his disc. En route home, a cruiser stopped him for speeding. Mark told the officer the story. The police officer either didn't believe him or didn't care. Later, in court, that ticket went away.

Two-month-old Logan Whittle is the light of love in Mark and Laurie Whittle's eyes.

Ron Pozzer, The Spectato

Mark did think about a drink. "No," he decided. "Not tonight."

Through the next week, Logan was having severe seizures at McMaster. On the Friday, Laurie and Mark met with the doctors at St. Joe's.

They explained it was possible Logan would have severe disabilities. His quality of life? Not promising.

"What if we do discontinue treatment?" Laurie asked. "Would he go right away?" Apparently not. It could be a month or more.

In their car, from St. Joe's to Mac, Laurie and Mark cried. But at Mac, the message seemed different. The decision was theirs, but there was much to be sai for leaving Logan on support.

And in the end, Laurie and Mark said: "We'll tak our son any way we can get him."

The next day, Logan opened his eyes. The day afte that, he delivered his first cry. Just a dry little nois And a brain scan indicated little damage.

Four weeks ago, Logan came home. It is p[illegible]e h will have some developmental delays. Laur[illegible] ad for that.

But for now, all seems normal. Logan sleep through the night, coos, pushes, kicks and cries fo his bottle.

Laurie figures she's seen enough to offer one piec of advice: "Give your child a hug."

Ms. Tracy Baldry
Public Works Department

Dear Ms. Baldry:

On behalf of the Keep Hamilton Clean Committee, I wish to thank you for volunteering your time to drive the Garbage Packer in this year's Grey Cup/Santa Claus Parade.

It is encouraging when individuals such as yourself give of their time and energy for such a worthwhile cause.

Your involvement certainly added to the Keep Hamilton Clean Committee's entry and was appreciated by all Committee Members and children that participated.

Once again, thank you.

Yours truly,

Ron Volterman, Chair
Keep Hamilton Clean Committee

Mr. D. Lobo
Commissioner of Public Works and Traffic
Department of Public Works and Traffic
City of Hamilton

Dear Lobo:

Re: Grey Cup/Santa Claus Parade - Clean-Up Efforts

In my capacity as the Chair of the Keep Hamilton Clean Committee, I and several of our members accompanied the 1996 winners of our weekly "Spotless Spot" Spectator Contest in the 1996 Grey Cup/Santa Claus Parade.

As we went along the parade route, it was obvious that a tremendous amount of litter and debris was strewn by parade watchers indicating that there would be a very difficult clean-up job.

A couple of hours after the end of the parade, I had the opportunity to re-visit the entire parade route. I was absolutely amazed that there was virtually NO litter evident and the entire area was in excellent shape.

On behalf of the Keep Hamilton Clean Committee, I extend to you and all of your staff who worked on this clean-up our sincere thanks for a **"job well done"!** I would appreciate it if you made those staff members aware that someone has noticed their exceptional efforts.

Again, thank you to the whole team who worked so diligently to return this area to virtual "spotlessness".

Yours truly,

Ron Volterman
Chair, Keep Hamilton Clean Committee

Subject: Setting Up The Keep Hamilton Clean Committee on the Internet
Date: Monday, December 09, 1996 3:47PM

One on the members of the Keep Hamilton Clean Committee (which is a Committee reporting to the Public Works Department and, through the Department, to the Transport & Environment Committee) has advised that a friend of hers would be prepared to "set up the Keep Hamilton Clean Committee on the Internet" presumably with a Home Page of our design and e-mail access. In exchange, the friend would like a tax deductible receipt for services provided so that, while the City would not pay him any money, he would gain something out of the exchange. Knowing nothing about such things, Cecil, I am coming to you for your advice/input on the feasibility of further investigating this person's offer.

CITY OF HAMILTON

- RECOMMENDATION -

7(b)

DATE: 1996 December 10

REPORT TO: Mr. Kevin C. Christenson, Secretary
Transport and Environment Committee

FROM: Mr. D. Lobo
Commissioner of Public Works and Traffic

SUBJECT: Keep Hamilton Clean Committee - Appointment of New Member

RECOMMENDATION:

That the following citizen be appointed to the Keep Hamilton Clean Committee for a term to expire 1999 December 31:

Danielle Marchese

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The staffing level to support this Committee is provided through two (2) volunteer members of the Public Works staff complement with no staff time costs attributable to this Committee.

BACKGROUND:

On 1995 April 3, the Transport and Environment Committee approved that the responsibilities for the Keep Hamilton Clean Committee be transferred to the Transport and Environment Committee from the Finance and Administration Committee.

The Committee shall be comprised of twelve citizen members appointed by the Transport and Environment Committee following the standard City Sub-Committee process. Orientation Sessions were held on 1996 September 30 and October 2 to recruit applicants to fill the existing five vacancies on the Committee (four for a term to expire 1999 December 31 and one for a term to expire 1998 December 31 as a result of a resignation).

Only four letters of application were received to fill the five citizen member vacancies following the Orientation Sessions which still left one vacancy on the Committee.

The following are the four options for filling this term:

1) The Committee can recommend to fill the vacancy by the usual process (advertise, orientation sessions, interviews);

2) Wait until other members terms of office expire and advertise for them all (including this one) at the same time;

3) Recommend not to fill this vacancy at this time;

4) Or, ask that given the high advertising costs and time involved, that the Committee recommend someone (by name) and indicate that while this is not in keeping with the approved policy, that it will save costs (advertising) and time in light of the fact that the heavy preparation for Pitch-In Week is starting in 1997 January and the Committee needs someone on board as soon as possible.

The Keep Hamilton Clean Committee reviewed the alternatives open to them and, in light of the heavy workload on this volunteer Committee resulting from the Pitch-In Week preparations, recommended that Alternative 4 be selected. Following the standard interview process for this Committee, this applicant (Danielle Marchese, who had let the members know that she was interested in joining this Committee) was interviewed by the Chair of the Committee and a representative of the Department of Public Works and Traffic.

The Keep Hamilton Clean Committee, at its meeting held on 1996 December 4, received the recommendation of the interviewers and recommended the appointment of Danielle Marchese to fill the vacant position. As one of those citizens recently appointed to the Committee (Michael Murkovich) has now officially declined the appointment, it is recommended that the appointment of Danielle Marchese be for a term to expire 1999 December 31.

DL/DH

cc Charlene Touzel, City Clerk's Department

12:10: 1996

DEAR J. SCHATZ, CITY CLERK,

I WOULD LIKE TO THANK YOU FOR MY RECENT APPOINTMENT TO THE HAMILTON KEEP CLEAN COMMITTEE. HOWEVER I DO WISH TO DECLINE THE POSITION BECAUSE OF MY APPOINTMENT TO THE HISTORICAL BOARD. AGAIN, THANK YOU FOR THE OPPORTUNITY.

M. Murkovich

M:\W\STORAGE\CLEAN_CC\MEETING\MTGNOTIC

Wednesday, 1996 December 04
7:30 o'clock p.m.
The Keg Restaurant

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice Chairperson Rick Butson Michael Cuberovic Claudette Kabitsis Lori Nethercut Raffaella Brugnano
Regrets:	William Blenkhorn Frank Noto-Campanella Mark Alan Whittle
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1996 November 06 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson was pleased with the Committee's undertakings this past year and thanked all members for their efforts. He wished everyone a safe and prosperous holiday season.

3. BUSINESS ARISING FROM MINUTES

a) Location of Keg

Item 3(a) was enclosed for the Committee's information.

b) Cotton Gloves - Order

Don Heintz reported that six hundred dozen pairs of "seconds" gloves were ordered at a cost of $2.50 per dozen pair plus applicable taxes. Four hundred and sixty dozen pairs had already been received while the rest of the shipment would arrive shortly.

4. CORRESPONDENCE RECEIVED

a) Sending Flowers, etc.

The Committee was in receipt of correspondence from Paul Bachand regarding the sending of floral tributes. Sending floral tributes is not a usual corporate policy and it was requested that it be discontinued. The Committee agreed to abide by this request.

b) Article - Hamilton Spectator

An article entitled, "Littering is at heart a matter of social justice" was enclosed with the agenda for the Committee's interest.

5. COMMITTEE VACANCIES

a) Report Appointing New Members

A report recommending the appointment of the new members of the Keep Hamilton Clean Committee was passed at the Transport and Environment Committee meeting held on 1996 December 02. This report will be sent to City Council for approval on 1996 December 10.

b) Filling One Two (2) Year Vacancy

Don Heintz and Ron Volterman interviewed Danielle Marchese and recommended that she be appointed to fill the remaining vacancy on the Committee. All were in favour.

6. GREY CUP/SANTA CLAUS PARADE

a) Discussion on Parade

Ron Volterman thanked all those who participated in the Grey Cup/Santa Claus Parade. Several Committee members mentioned that there was a long delay before the parade commenced and the C.B.C. only televised a portion of the parade. Everyone noted that the crowd was much larger this year. The following suggestions were made for next year:

- Reword the letter sent out to the Spotless Spot winners to indicate that they will be walking in the parade.
- Offer a prize to the child who collects the most litter along the parade route.

Ron Volterman was impressed by the clean-up effort by the Public Works Department after the parade. The Committee was in favour of sending a letter to the Public Works staff who cleaned the downtown core after the Grey Cup/Santa Claus Parade.

7. ROOM BOOKINGS FOR 1997 MEETINGS (ROOM 219)

Don Heintz reported that City Hall, Room 219 has been booked for the Committee's meetings in 1997.

8. EXPENDITURES

A copy of the Committee's expenditures was included in the minutes.

9. OTHER BUSINESS

a) Jim Auty has prepared two certificates for the schools that participated in the Youth Affiliate contest in 1996.

b) Jim Auty circulated a drawing of Spotless with a snorkel and fins. This graphic will be used for the underwater component of Hamilton's International Coastal Clean-up.

c) A newspaper clipping of the birth of Mark Alan Whittle's child was circulated.

d) Lori Nethercut asked if it is possible to set up a web page for the Committee on the internet. Don Heintz will examine this possibility.

10. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Wednesday, 1997 January 08
7:30 o'clock p.m.
City Hall, Room 219

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice Chairperson Lori Nethercut Frank Noto-Campanella Cathy Vucic Raffaella Brugnano
Regrets:	Mark Alan Whittle Rick Butson Michael Cuberovic Claudette Kabitsis
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

Due to lack of a quorum, the Committee could not adopt the minutes for the Keep Hamilton Clean Committee meeting held 1996 December 04.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson, welcomed new Committee member Cathy Vucic. Everyone present introduced themselves.

3. BUSINESS ARISING FROM THE MINUTES

There was no new business arising from the minutes.

4. CORRESPONDENCE RECEIVED

a) Announcement/Spectator Article - Logan Alan Whittle

A birth announcement and a Hamilton Spectator article on the birth of Logan Alan Whittle were included with the minutes for the Committee's interest.

b) Thanks to Tracy Baldry - Parade

The Committee sent a thank you letter to Tracy Baldry for volunteering her time to drive the garbage packer in the Grey Cup/Santa Claus Parade.

c) Thanks to Public Works Staff

The Committee sent a letter of thanks to D. Lobo, Public Works Department commending the Public Works Staff who cleaned up the downtown core after the Grey Cup/Santa Claus Parade.

d) Keep Hamilton Clean & the Internet (status)

The Committee was in receipt of correspondence from Cecil Mascarenhas concerning issuing setting up a K.H.C.C. website on the Internet. Lori Nethercut mentioned that she knows someone who would be willing to donate his time to create a website for the Committee in exchange for a tax receipt. The Committee will examine what to include on the website at the February meeting. The Committee will also look into the proper way of proceeding within the City's Purchasing rules.

e) 1997 Santa Claus Parade

The Committee was in receipt of a thank-you card from the Hamilton Santa Claus Parade Committee for participating in the Grey Cup/Santa Claus Parade. The 1997 Santa Claus Parade will be held on 1997 November 08.

5. SPOTLESS SPOT

Due to Mark Alan Whittle's absence, this item was tabled for the next meeting.

6. YOUTH AFFILIATE

a) Certificates for School Contest

Certificates were sent to the schools that participated in the Youth Affiliate contest held in 1996.

7. COMMITTEE VACANCY

a) Letters to appointees

Letters were sent to the new and reappointed members of the Keep Hamilton Clean Committee.

b) Danielle Marchese

A report will be sent to the Transport and Environment Committee recommending that Danielle Marchese fill the three-year term as opposed to filling the vacancy left by Fred Loft, former Committee member.

c) One more vacancy

The Committee received a letter from Michael Murkovich. Because of his appointment to the Hamilton Historical Board he declined his offer to serve on the Keep Hamilton Clean Committee. Don Heintz informed members that Frank Westaway expressed interest in serving on the Keep Hamilton Clean Committee. A motion was made to interview Frank Westaway but due to a lack of quorum, it was agreed to complete the motion by a telephone poll. It was agreed to interview Frank Westaway. The members present stated that they would agree with the Selection

Committee's decision to allow Frank Westaway to fill the vacancy subject to a satisfactory interview. Staff were asked to verify that such a poll would be within the rules. Don Heintz stated that he would contact Charlene Touzel to see whether the Committee is allowed to proceed as stated.

8. MALL DISPLAY

Jim Auty informed the Committee that the mall display is at the Landsdale Community Centre.

9. INTERNATIONAL COASTAL CLEAN UP

Due to Michael Cuberovic's absence this item was tabled for the following meeting.

10. PITCH-IN WEEK

a) Bus Advertising

The Committee asked Lori Nethercut to investigate running the bus advertisements from 1997 April 07 to 1997 May 05 at the same cost as last year. Urban Outdoor Trans Ad currently has the bus posters.

b) Invitations

Lori Nethercut requested that the return cards be sent in earlier in order to have sufficient time to contact those who have not sent in their information.
Those present agreed to adjust the wording on the return cards to state "Do you need gloves/bags?" rather than asking the participants for the number of bags/gloves they require.
Lori Nethercut will try to obtain the 1996 mailing list.
The Committee agreed to contact the Scout House in order to get a copy of the mailing list for Scouts/Guides groups in the city.

c) Bags & Gloves

Don Heintz reported that 15000 bags and 600 dozen pairs of gloves are now in stock.

d) Other Organizational Activities

The Committee agreed to collect gloves from the Pitch-In Week participants to be reused for next year's Pitch-In Week campaign.

Jim Auty stated that he was looking for locations to set up the Mall Display during Pitch-In Week.

Several members suggested that the Youth Affiliate could host a contest among the schools to coincide with Pitch-In Week. One possible contest topic was "What type of 'pollution' irritates you the most and why?" Committee members mentioned that the contest topic should be similar to the K.H.C.C. mandate. The Youth Affiliate will discuss this issue further and will present their recommendations at the February meeting.

11. HAMILTON DISTRICT SCIENCE FAIR

The Committee decided that it will participate in the 1997 Hamilton District Science and Engineering Fair. Raffaella Brugnano mentioned that the science fair is usually held the first week of April and was willing to judge the projects.

12. PUPPET PLAY

In the past the Committee has presented the puppet play to local elementary schools the week prior to Pitch-In Week. Several Committee members expressed interest in helping out with the puppet play. Lori Nethercut stated that she will contact Mark Alan Whittle concerning this matter.

13. OTHER BUSINESS

a) Lori Nethercut circulated a copy of a student Enviro-Guide produced by the McMaster Students Union. She noted that the Keep Hamilton Clean Committee was not mentioned in the guide's list of environmental organizations in Hamilton.

b) Lori Nethercut received a copy of a nomination form for the Environmentalist of the Year Award. Committee members discussed whether they wanted to nominate an individual for this award. Several members enquired if it is possible to nominate the Committee for the Environmental Group merit award.

c) Lori Nethercut noted that the Committee needs to think of a topic for this year's Public Service Announcement. She agreed to contact the Media Studies Department at Mohawk College to remind them about the P.S.A. contest.

d) Don Heintz informed the Committee that Michael Cuberovic did not purchase the set of slides on underwater cleanups from the Center for Marine Conservation.

e) Jim Auty enquired if the Committee would be interested in purchasing a subscription to Protect Our Planet magazine. Raffaella Brugnano also asked if the Committee would be interested in obtaining a subscription to Ecolutions Magazine.

f) Ron Volterman reported that a member of Stoney Creek's Clear^3 Committee had contacted him about the possibility of amalgamating both Committees if 'Super-City' legislation comes into effect. The Committee discussed ways in which both Committees could pool their efforts.

14. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Telephone Polls When A Quorum is Not Achieved

Note #1
From: Heintz, Don
To: Touzel, Charlene
Subject: Telephone Votes - Keep Hamilton Clean Committee
Date: Thursday, January 09, 1997 5:22PM

Last Night, we were one short of a quorum. We want to know if we can approve a motion to recommend to Transport & Environment Committee (T&E) another appointment to fill our vacancies by a phone poll of those who were unable to attend. Nothing else that cannot wait. Can you advise?

Note #2
From: Touzel, Charlene
To: Heintz, Don
Subject: RE: Telephone Votes - Keep Hamilton Clean Committee
Date: Friday, January 10, 1997 8:52AM

No. There must a quorum of members present at a constituted meeting in order for votes to be carried. If there is no quorum and you need to get a recommendation approved quickly, the only thing you can do is call another meeting. The City also does not permit proxy voting at committee meetings. The reason for this is that persons, after listening to the discussion of other Committee Members, hearing points of view they may not have thought of, may want to change their vote, or at least amend it. Telephone polls and proxy voting do not allow this type of dialogue and are therefore not permitted.

Note #3
Subject: FW: Telephone Votes - Keep Hamilton Clean Committee
Date: Friday, January 10, 1997 9:53AM

Charlene said verbally that, for something like this we should go ahead as though we had a quorum and "confirm" it at the next meeting in February since it is of minor importance and since it is the Public Works Department that actually does the reports to Committee and Council.

CITY OF HAMILTON

- RECOMMENDATION -

4(b)

DATE: 1997 January 15

REPORT TO: Mr. Kevin C. Christenson, Secretary
Transport and Environment Committee

FROM: Mr. D. Lobo
Commissioner of Public Works and Traffic

SUBJECT: Keep Hamilton Clean Committee - Appointment of New Member

RECOMMENDATION:

That the following citizen be appointed to the Keep Hamilton Clean Committee for a term to expire 1998 December 31:

Frank Westaway

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

The staffing level to support this Committee is provided through two (2) volunteer members of the Public Works staff complement with no staff time costs attributable to this Committee.

BACKGROUND:

On 1995 April 3, the Transport and Environment Committee approved that the responsibilities for the Keep Hamilton Clean Committee be transferred to the Transport and Environment Committee from the Finance and Administration Committee.

The Committee shall be comprised of twelve citizen members appointed by the Transport and Environment Committee following the standard City Sub-Committee process. Orientation Sessions were held on 1996 September 30 and October 2 to recruit applicants to fill the existing five vacancies on the Committee (four for a term to expire 1999 December 31 and one for a term to expire 1998 December 31 as a result of a resignation).

Only four letters of application were received to fill the five citizen member vacancies following the Orientation Sessions which still left one vacancy on the Committee.

The following are the four options for filling this term:

1) The Committee can recommend to fill the vacancy by the usual process (advertise, orientation sessions, interviews);

2) Wait until other members terms of office expire and advertise for them all (including this one) at the same time;

3) Recommend not to fill this vacancy at this time;

4) Or, ask that given the high advertising costs and time involved, that the Committee recommend someone (by name) and indicate that while this is not in keeping with the approved policy, that it will save costs (advertising) and time in light of the fact that the heavy preparation for Pitch-In Week is starting in 1997 January and the Committee needs someone on board as soon as possible.

The Keep Hamilton Clean Committee reviewed the alternatives open to them and, in light of the heavy workload on this volunteer Committee resulting from the Pitch-In Week preparations, recommended that Alternative 4 be selected. In addition, one of the citizens previously appointed to this Committee, Michael Murkovich, declined the position as he had also been appointed to another Committee.

Following the standard interview process for this Committee, this applicant (Frank Westaway, who had let the Committee know that he was interested in joining) was interviewed by the Chair of the Committee and a representative of the Department of Public Works and Traffic.

It is, therefore, recommended that Frank Westaway be appointed to the vacant two (2) year term for this Committee.

DL/DH

cc Charlene Touzel, City Clerk's Department

Waste Management Co-ordinating Committee

5 (a)

Dear Sirs:

April 22nd marks *Earth Day*, an annual event celebrated by millions world-wide. Nineteen-ninety-seven (1997) represents the first year this event will be widely celebrated in our region.

A Regional Reuse Week is an event that has been extremely popular in other Ontario communities. Anyone with unwanted items simply places them at curbside. Friends and neighbours are allowed to remove these items for their own personal use.

Few community events are so well attended and so greatly anticipated. This simple REUSE program can significantly REDUCE the volume of reusable items sent to area transfer stations and landfill sites.

I would like to thank Phil Jensen, Environmental Services Department, Region of Hamilton-Wentworth for fast-tracking my initial request for information to stage a Regional Reuse Week. I would also like to formally request an opportunity to make a full presentation to the Waste Management Co-ordinating Committee at your earliest convenience.

I can be contacted at (905) 525-5577 should you have any immediate concerns and I thank you in advance for your assistance towards promoting this exciting community event.

Sincerely,

Larry Pomerantz

5(b)

CALL FOR NOMINATIONS!!!

ENVIRONMENTALISTS OF THE YEAR AWARDS COMMITTEE SEEKS NOMINATIONS FOR THE 1996 ENVIRONMENTALISTS OF THE YEAR AWARDS

The Environmentalists of the Year Awards have been held each year since 1979, to honour individuals and groups who have made a significant contribution to the protection and/or enhancement of the environment in the Regional Municipality of Hamilton-Wentworth. Past recipients include Dr. Victor Cecilioni, Ray Lowes, Gil Simmons, Dr. Jack Vallentyne, GASP, and the Save the Valley Committee. The Environmentalists of the Year Awards are sponsored by the Conserver Society of Hamilton and District, the Hamilton Naturalists' Club, the Hamilton Region Conservation Authority, the Bay Area Restoration Council, the Friends of the Environment Foundation - Mountain Chapter (Canada Trust), and the United Nations Association - Hamilton and District Branch.

The awards will include the Dr. Victor Cecilioni Award (for the 1996 Environmentalist of the Year) and Awards of Merit. In addition, Youth Recognition Awards for Environmental Leadership will be awarded by the Hamilton Region Conservation Authority. The awards will be presented at the eighteenth annual Environmentalists of the Year Awards Dinner. The Awards Dinner will be held in Hamilton during Environment Week in the first week of June.

CRITERIA FOR SELECTION

Nominees must have made their contribution in the Regional Municipality of Hamilton-Wentworth, or have had a significant connection to the Region. Both group and individual nominees will be eligible. Nominations must be submitted by April 7, 1997.

In selecting the recipient(s) of the awards, the judges will consider the nature of the environmental activities undertaken by each nominee and the resulting achievements having regard to the following:

Number of years of involvement
Impact/Results/Benefit to Society and Ecosystem
Community Involvement (ie # of people or groups involved in the activities)
Educational Contribution
Uniqueness/Innovation
Continuing Commitment to Environmental Issues
Letters of Support

NOMINATION FORM

If you would like to nominate an individual or group to receive an award, please complete the following form(see other side) and provide details regarding criteria for selection. The nomination should describe in detail the nature and purpose of the environmental activity undertaken by the nominee, the resulting achievements, and the reasons you believe the nomination to be of merit. Letters of reference and additional information should be included with this nomination. Please forward the nominations to:

1996 ENVIRONMENTALISTS OF THE YEAR AWARDS
269 Wexford Ave. S.
Hamilton, Ontario
L8K 2P4

** Nominations must be submitted by April 7, 1997. **

Heintz, Don

From: Milsome, Hazel
To: Heintz, Don
Subject: RE: Public Service Announcements
Date: Tuesday, January 28, 1997 9:29AM

Yes, sorry of the delay, I have just touched base with Ken Wallis, Mohawk College. The report is going to P&D 5th February and subsequently Council 11th February. The presentation at Mohawk College will be Monday, 17th February in the a.m.

From: Heintz, Don
To: Milsome, Hazel
Cc: Farquhar, Doug
Subject: RE: Public Service Announcements
Date: Monday, January 27, 1997 9:21AM
Priority: High

Any word on timing yet? I am putting the Agenda together and would like more info either for the Agenda or certainly by the meeting date of Wednesday, February 5.

Your assistance would be appreciated.

From: Heintz, Don
To: Milsome, Hazel
Cc: Farquhar, Doug
Subject: Public Service Announcements
Date: Thursday, January 09, 1997 5:26PM

Lori Nethercut was asking (for the Keep Hamilton Clean Committee) when this was going to go ahead timing-wise. I think she will probably represent the Committee again but next month we will again come up with Theme.

Wednesday, 1997 February 05
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice-Chairperson Rick Butson Michael Cuberovic Claudette Kabitsis Danielle Marchese Lori Nethercut Frank Noto-Campanella Cathy Vucic Frank Westaway Raffaella Brugnano
Regrets:	Mark Alan Whittle
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1996 December 04 and 1997 January 8. These

2. BUSINESS ARISING FROM THE MINUTES

Ron Volterman informed the Committee that at the 1997 January 08 meeting a motion was made to interview Frank Westaway for a vacancy on the Keep Hamilton Clean Committee; however, due to a lack of a quorum, it was agreed to complete the motion by a telephone poll, if this was possible. The members present at the meeting stated that they would agree with the Selection Committee's decision subject to a satisfactory interview. Ron Volterman reported that the Selection Committee had interviewed Frank Westaway and made the recommendation to the Transport and Environment Committee to appoint Frank Westaway to the Keep Hamilton Clean Committee.

3. CHAIRPERSON'S REMARKS

Ron Volterman welcomed new members, Danielle Marchese and Frank Westaway to the Committee. Everyone present introduced themselves.

4. COMMITTEE VACANCY

a) Telephone Polls - E-Mail Notes

Don Heintz reported that a quorum of members must be present at a meeting in order for votes to be carried.

b) Frank Westaway

A report was sent to the Transport and Environment Committee recommending Frank Westaway be appointed to fill the vacancy on the Keep Hamilton Clean Committee.

c) Keep Hamilton Clean Committee Membership & Terms of Office

The Keep Hamilton Clean Committee membership list was included in the minutes for the Committee's interest.

5. CORRESPONDENCE RECEIVED

a) Letter from Larry Pomerantz, Regional Earth Day Co-ordinator

The Committee was in receipt of correspondence from Larry Pomerantz regarding the organization of a Regional Reuse Week. The Committee discussed policing and liability issues with organizing such an event. After considerable discussion a motion was passed to accept the letter as information only.

b) Environmentalist of the Year - Call for Nominations

The Committee was in receipt of a nomination form for the Environmentalist of the Year Awards. Committee members questioned whether it would be possible to nominate the Keep Hamilton Clean Committee for an award.

6. YOUTH AFFILIATE

Claudette Kabitsis reported that she spoke to the McMaster Students Union Environment Committee and they were interested in the Committee's activities. The Youth Affiliate is interested in hosting a contest with local high schools to coincide with Pitch-In Week. The Youth Affiliate will come up with a proposal for the school contest for the next meeting.

7. MALL DISPLAY

Jim Auty informed the Committee that the mall display is at the Landsdale Community Centre. He stated that he will set up the display at a Canada Trust branch at the beginning of March.

8. INTERNATIONAL COASTAL CLEANUP

Michael Cuberovic presented a proposal for the 1997 International Coastal Cleanup Underwater Campaign. The proposal includes holding a feasibility meeting with volunteers, conducting orientation dives, and selecting the final sites to be cleaned up. Several members questioned the Committee's liability for hosting the event. A motion was passed to accept Michael Cuberovic's report pending the legal determination of the Committee's liability.

9. PUBLIC SERVICE ANNOUNCEMENT

a) Selection of theme for 1997 contest

Committee members came up with the following suggestions for the public service announcement:

Hamilton Harbour - Don't teach your garbage to swim.
Litter out of hand is litter on the land.
Don't let litter get out of hand.
Litter bugs.
Pick it up. Put it in the can.
Bay Blotch

The Committee selected "Don't let litter get out of hand" as the theme for the 1997 P.S.A.

10. PITCH-IN

a) Bus Advertising

The Committee agreed to run the bus advertising campaign for a four week period prior to Pitch-In Week at a similar cost paid in 1996.

b) Invitations

Jim Auty will submit a sample invitation to Don Heintz and Ron Volterman. The invitations need to be sent out before 1997 March 1 in order for groups to plan their Pitch-In Week activities and for the Committee to collate information from the reply cards. The Committee agreed that the return date on the reply cards will be 1997 April 11. The bagging distribution night will be held on 1997 April 23.

Lori Nethercut informed the Committee that the Scout House will not send their mailing list to the Committee; however, the Committee can advertise Pitch-In Week activities in the newsletter sent to all scout leaders.

c) Other Organizational Activities

In the past the Committee has advertised Pitch-In Week in the Hamilton Spectator, on local radio stations, and on the TV-Guide Channel.

Members discussed whether the Committee should pursue advertising on the TV-Guide Channel. The Committee agreed to attempt other means of advertising.

Claudette Kabitsis suggested articles could be written for ethnic newspapers.

Danielle Marchese mentioned that the Committee's radio public service announcement can be played on CFMU-radio.

Danielle Marchese suggested that the Committee could become a line-sponsor with the Hamilton Freenet. She agreed to investigate this possibility further and present her additional information at the following meeting.

11. HAMILTON DISTRICT SCIENCE FAIR

The Hamilton District Science and Engineering Fair will be held on 1997 April 2 - 5 at Mohawk College. The Committee passed a motion to become involved with the 1997 science fair and to make a similar financial and award donation as last year. Frank Noto-Campanella and Raffaella Brugnano were willing to judge the projects on behalf of the Committee.

12. PUPPET PLAY

This item was tabled to the 1997 March 05 meeting due to the absence of Mark Alan Whittle.

13. OTHER BUSINESS

a) Lori Nethercut stated that she knows someone who would be willing to donate his time to create a website for the Committee in exchange for a tax receipt. The Committee will examine proper ways of proceeding within the City's Purchasing rules.

b) Committee members will discuss whether the Committee should obtain subscriptions to Protect Our Planet magazine and Ecolutions magazine at the 1997 March 05 meeting.

c) Jim Auty circulated photographs from the 1996 Grey Cup/Santa Claus Parade.

d) Al Marshall informed the Committee that the City van had to be booked for the Hot Spots Tour. The Committee decided to hold the tour on 1997 May 30. All Committee members were asked to look for potential locations for the Hot Spots Tour.

14. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Spectator Feb 11/97

LABOUR HISTORY

Bob Jaggard story is record of labour, political activism

By LEE PROKASKA
The Spectator
HAMILTON

The story of Bob Jaggard, a colourful figure on the city's labour and political scene for many years, will be in print sometime this spring.

"This is not a standard biography in the sense that it won't be a big glossy volume," said Rob Kristofferson, a researcher with the Ontario Worker Arts and Heritage Centre which is producing the bio.

"What I'm doing, really, is recording oral history."

Jaggard, longtime head of the city's bus drivers' union and a perennial Communist Party election candidate, was also a community and social activist. He died almost three years ago.

Heritage centre executive director Mary Breen hopes Jaggard's story will mark the start of a series of profiles.

"We hope to profile ordinary people around the province who were dedicated and made a difference in the labour movement and their community as a whole," Breen said. "This is sort of a pilot to show that this type of thing is worth doing and can be done on a shoestring."

The project will cost about $4,500. Jaggard's widow, Pat, has put up some of the money, with donations coming from the community.

Breen says the centre needs about $300 more in donations to produce the first 100 booklets.

Wayne Marston, president of the Hamilton and District Labour Council, lauds the project, which will record local history that might otherwise be lost.

"In the labour movement, we have a tendency to tell a lot of stories, but we don't write them down," Marston said. "This is an important opportunity to capture the contributions of working people to the community, both in terms of their contributions to labour and their artistic contributions."

The idea for the biography, which will be about 30 pages long, came from Pat Jaggard.

"I was helping her archive Bob's papers and she had in mind to do something to record his life," Kristofferson said of Jaggard's widow.

"We settled on this format, and in the end, I think it's a good one — people would actually read something of this length," he said. "It will be accessible to so many more people because it's not a big, glossy expensive book."

The biography will start with a four-page overview of Jaggard's life by Kristofferson.

The rest of the booklet explores five areas of Jaggard's life: Local 107 of the Amalgamated Transit Union; the labour council, the Keep Hamilton Clean Committee; the Hamilton Beach Preservation Committee and the Communist Party.

Kristofferson says he acted as a "conduit," recording the oral history of Jaggard provided by those who knew him well in each of the five areas.

"A strong sense of his personality consistently comes across in all the different areas of his life," Kristofferson said. "He was a very dedicated person who was willing to give of a lot of himself to help others. He didn't do things half-heartedly.

"And it shows that ordinary people can really affect their world," he said. "You can make a difference and you can inspire other people as well."

Lee Prokaska is a Spectator workplace reporter

---Sounds ill advised - by copy to Jennifer Lessing, I would ask that she confirm our coverage
The coastal clean up is quite successful as a volunteer walking the public beach with a garbage bag. No liability there.

Last year, as one of the activities of the KHCC, the committee took on the "International Coastal CleanUp" campaign which occurs internationally each year around the world. The Headquarters is at the Centre for Marine Conservation, 306A Buckroe Avenue, Hampton, Va. 23664, U.S.A. (Phone (804) 851-6734;Fax (804) 851-4183). Last year, the campaign was along the beaches and on dry land much the same as the KHCC organizes the PITCH-IN Week in early May each year. This year, however, the intention is to include an underwater aspect with volunteer divers such as CHCH-TV's Dan McLean who has contacted our co-ordinator of this project. The one potential problem that you may wish to have investigated is that of liability in the event that a diver involved in this project who was volunteering their time, ran into some trouble. What is the City's and the Committee's legal liability and how can this be mitigated/eliminated. You may wish to ask the Law Dep't for their input on this matter before it is determined to proceed or not with this aspect of the project.

DO NOT RESPOND ON INTERNET UNTIL MARCH 10th

Allard
Just to let you know that I have Internet OUTGOING e-mail now and will have the ability to receive as of MARCH 10. Before that, if you want to respond to me do so through the following address

GADAWSKI@Interlynx.net

This address is in our office and Rick Gadawski has the ability to print notes for me.

I also note that your address label says "161 Studholme Rd." As discussed in the past, that is our bag delivery location ONLY. All mail should be addressed to

Don Heintz
Staff Advisor
Keep Hamilton Clean Committee
71 Main Street West
City Hall
P.O. Box 2040,
Hamilton Ontario

PITCH-IN CANADA WEEK PROJECT REGISTRATION FORM

DUPLICATE FIRST for 1998/99 & 2000

The **PITCH-IN CANADA WEEK Campaign to Clean Up the World** is held May 5-11, 1997. Some communities provide financial support to PITCH-IN, enabling us to provide you with **free** special PITCH-IN bags. Check our Web Site at **www.PITCH-IN.ca**. If your community is listed you will receive a Certificate of Participation with your free bags. If your community is not listed then you can register **"on-line"** at www.PITCH-IN.ca and download a free Certificate. If you do so then **DO NOT** complete this form! Many communities tell us "policy" prohibits them from donating to us but they will provide free bags directly to **local** groups. **ASK THEM TO DO SO!** "PITCH-IN Week" bags can be purchased from us **or** you can use/reuse ANY available bags!

Not yet connected to the internet? Most schools/libraries, town halls, larger businesses and many individuals are "connected". **Check around!** It's **very important** that you participate in this national/international project! **Complete/return** this form. Access **free** information about the **PITCH-IN CANADA Pollution Counts,** the **Coastal Clean Up**, and other resources available from our Web Site at **www.PITCH-IN.ca**.

PITCH-IN is a **non-government**, voluntary organization. **You**, our volunteer, make the difference! We thank our supporting members who help financially. Every $15, $25 or even $35 **helps tremendously** to keep the campaign going. Charitable receipts are issued for all supporting membership donations of $25 or more and you, your school or group will receive a Certificate of Support. Cheques should be made payable to PITCH-IN CANADA. Not everyone may be able to become a supporting member - but you **can** PITCH-IN, clean up the environment and be a **participating** member!

Thanks for answering all the following questions. Have a great Campaign!

Virtual Hosting - Corporate Clients

This document outlines the services available to corporate customers who have their own registered domain names. A domain name is assigned by the governing Internet body and all domain names are unique. The customer's domain name is then assigned an IP number from our registered block of addresses and the customer's Internet communication is routed through our systems to the appropriate service.

An observer accessing the customer's web pages, Internet e-mail, and list server will see the customer's name, not ours. It appears as if the customer operates their own Internet server and services.

Please note that this is not a substitute for on-line, real-time access at your company location, nor do these virtual services ensure any type of personal Internet access. Many Internet service providers offer packages for basic Internet access to individuals and companies.

Pricing is annual, unless otherwise indicated. Setup fees may be waived when multiple services are used. Custom packages are also available. Applicable taxes are excluded.

Note: Corporate clients must purchase the Web Page Hosting Service in order to purchase any of the electronic mail and list server packages.

Web Page Hosting Service (Required)

Web hosting provides a 24 hour world wide web presence on the Internet. Up to 10 Mb of web page(s) and graphics are stored on the server in a directory dedicated to the customer, and available for access by the Internet community. The customer is responsible for the maintenance of the web page(s) using FTP or a dial-up connection.

Web Page Hosting, up to 10 Mb	$500 per year
each additional 5 Mb	$50 per year
Setup Fee	$25 one time only

E-Mail Hosting Service (Optional)

Mail hosting allows e-mail accounts to be hosted from our server. Each account can have up to 5 aliases, auto-responder, and holiday message. E-mail messages are held at the server until the customer retrieves the messages using any POP3 client, such as MS Exchange, Pegasus, or Eudora. Message retrieval can be done via the Internet, or through a dial-up connection.

Suite #133, Unit #2
558 Upper Gage Avenue
Hamilton, Ontario L8V 4J6

Logic Innovations
Internet Services Division

http://www.logic.on.ca
Phone (800) 771-9296
Local (905) 389-4705
Fax (905) 389-1444

E-mail Hosting, up to 10 users	$200 per year
E-mail Hosting, up to 50 users	$400 per year
changes and updates	$5 each
Setup Fee	$25 one time only

List Server E-Mail Service (Optional)

List servers allow Internet users to join "lists". Up to 5 lists can be maintained by each list server. Whenever an e-mail message is delivered to the list server, the list server automatically sends a copy of the message to every member of the list. Any list may be moderated (controlled by a single person) or un-moderated (so that any Internet user may subscribe or un-subscribe at any time).

List Server Service, up to 5 lists	$100 per year
subsequent changes and updates	$5 each
Setup Fee	$25 one time only

Web Page Design Service (Optional)

Web page design falls beyond the scope of our services. In order to create pages suitable for the world wide web the page must use the Hypertext Markup Language (HTML). There are several (free) packages available on the Internet which help assist in the creation of HTML documents, or will convert existing documents into HTML.

We are happy to recommend ***World Wide Web Interconnecting Pages*** as our preferred designer of web pages. The creative staff at ***WWWIP*** are able to design a myriad of HTML documents ranging from simple web pages to complete web sites.

Additionally, ***WWWIP*** will maintain your web site for you, updating your pages regularly as you supply them with updated information. They have an established fee schedule for these services.

Technical Support (Optional)

We also enlist the help of ***WW Works Inc.*** for technical information and configuration of systems. The experts at ***WW Works Inc.*** have been involved in the Internet since 1988 and have proven to be highly capable and reliable. Their on site sales and service come highly recommended, and can meet all of your networking and Internetworking needs.

We could do an add-on to the City of Hamilton website. You need only design your page layout and get it to me and I will arrange for it to be added.

From: Westaway, Frank
To: Hollowell, Stan
Subject: Keep Hamilton Clean on City Home Page
Date: Thursday, February 20, 1997 1:11PM

Stan: I have been asked to investigate we as Members of the Keep Hamilton Clean Committee can possibly use the City Home Page to advertise our future information for various important dates. We have been asked to advertise on Free Tell, however , I feel that might be a conflict with what the City now has in place. Also Free Tell is expensive and it only allows Text not pictures.

Could you please advise me if it would be possible to use the Cities Home page for various functions for our Committee and\or any other information you feel could help us.

Thanks for your help.....Frank Westaway.....

SUBJECT: **Keep Hamilton Clean Committee Award - Hamilton District Science and Engineering Fair**

The Keep Hamilton Clean Committee at its meeting held 1997 February 5 approved the following:

a) **That the Keep Hamilton Clean Committee continue an annual "Keep Hamilton Clean Committee" Award to be presented at the Hamilton District Science and Engineering Fair for a project dealing with litter, recycling and related matters and, that the winner be awarded $100.00;**

b) **That the Committee donate $100.00 to the Hamilton District Science and Engineering Fair for 1997; and,**

c) **That the Hamilton District Science and Engineering Fair be advised that the Keep Hamilton Clean Committee will provide one or more judges who will review projects for compatability with the goals and aims of the Committee; and,**

d) **That the Keep Hamilton Clean Committee Award be considered by the Committee on an annual basis.**

With respect to Item (d) above, a requisition for a cheque in the amount of $200.00 payable to the Hamilton District Science and Engineering Fair is attached.

D. Heintz, P.Eng., M.B.A.
Staff Advisor,
Keep Hamilton Clean Committee

HDSEF

January, 1997

Mr. Don Heintz, Public Works
Keep Hamilton Clean Committee
City Hall, 71 Main Street West
Hamilton, Ontario
L8N 3T4

Dear Mr. Heintz:

The 37th Annual Hamilton District Science and Engineering Fair will take place April 2 - 5, 1997, at Mohawk College. Once again, students from Hamilton, Wentworth, and Halton regions will present science and engineering projects, and share their interest and knowledge not only with their peers but also with educators, judges, professionals, and visitors to the fair. Major winners qualify to enter the Canada Wide Science Fair in Regina, Saskatchewan, or the International Science and Engineering Fair in Louisville, Kentucky.

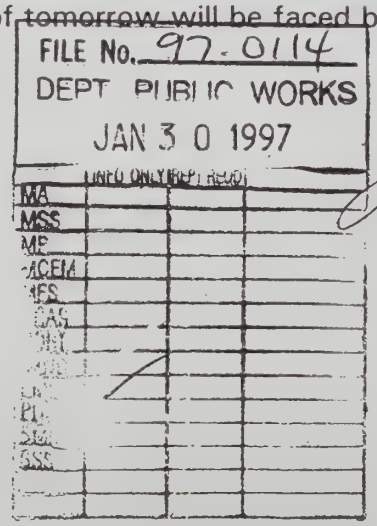

We sincerely thank you for your generous support of H.D.S.E.F. in the past. We would like to invite you to contribute to this year's fair as a donor, judge, and presenter of your award.

An award donor form is included with this letter. We would appreciate it if you would return the completed form, together with a cheque if you are making a financial contribution, by February 21, 1997. A receipt will be issued for income tax purposes.

A tax receipt for your 1996 contribution is enclosed. Thank you for your contribution and we look forward to your continued support.

If you have any questions, please contact me at (905)575-2115, fax (905)575-2392, or email savoieb@operatns.mohawkc.on.ca

Thank you for sharing in the belief and hope that many of the challenges of tomorrow will be faced by encouraging the youth of today.

Sincerely,

Betty Savoie

Wednesday, 1997 March 05
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice-Chairperson Rick Butson Michael Cuberovic Lori Nethercut Frank Noto-Campanella Mark Alan Whittle Danielle Marchese Cathy Vucic Raffaella Brugnano
Regrets:	Claudette Kabitsis Frank Westaway
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate Larry Pomerantz, Earth Day Coordinator

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1997 February 05. These minutes were adopted subject to the amendments noted at the meeting.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson, welcomed Larry Pomerantz, Earth Day Coordinator. He informed the Committee that the Earth Day Hamilton organization would be hosting "Earth Week". Part of the activities includes an Educational Eco-Festival at Bayfront Park on 1997 April 22.
The Committee agreed to have its mall display set up at the Eco-Festival.

3. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

4. CORRESPONDENCE RECEIVED

a) Spectator Article - Bob Jaggard

An article on the works of Bob Jaggard was enclosed with the minutes for the Committee's information. Bob Jaggard was a former member of the Keep Hamilton Clean Committee.

5. YOUTH AFFILIATE

The Youth Affiliate presented a list of ideas for a contest to be held among local secondary schools. After some discussion the Committee approved the theme, "Clean Up Your Act - Clean Up Your Trash. Healthy Environment = Healthy Attitudes". The prizes, title, and format of the contest will be decided by the Youth Affiliate. The guidelines used for the 1996 Youth Affiliate contest will be used for the 1997 contest.

6. MALL DISPLAY

The mall display is currently located at the Landsdale Community Centre. Jim Auty is making arrangements to set up the display in several Canada Trust branches. The mall display will be located at the Eco-Festival in Bayfront Park on 1997 April 22 from 9:00 a.m. - 3:00 p.m.

7. INTERNATIONAL COASTAL CLEANUP

Don Heintz reported that he had not received additional information from the legal department concerning the Committee's liability with hosting the Coastal Cleanup. Several members enquired if it would be possible for the divers to sign releases prior to taking part in the underwater cleanup. The Committee must ensure that the areas selected to be cleaned for the Coastal Cleanup are legal diving areas.

8. HARDEMAN REPORT ON MUNICIPAL RESTRUCTURING

The local and the provincial governments are discussing issues pertaining to municipal restructuring under the Hardeman Report. Several members were uncertain of how the Committee's mandate would change if municipal restructuring plans come into effect. The Committee decided that it is premature to make any decisions about the fate of the K.H.C.C. at this time. Mark Alan Whittle stated that the Committee could obtain more information on this issue from a web site on municipal restructuring plans.

9. PUBLIC SERVICE ANNOUNCEMENT

Lori Nethercut reported that she met with the Media Studies Department at Mohawk College. Many students were interested in participating in the P.S.A. contest. Students will submit ideas for storyboards. The best three storyboards will be produced into P.S.A. videos. First, second, and third place winners will be determined by the Committee.

10. PITCH-IN

a) Bus Advertising

The Committee's bus advertising campaign with Urban Outdoor Trans Ad will occur between 1997 April 04 - 1997 May 07 at a cost of $2573.35, including taxes.

b) Invitations

Invitations have been sent out to schools and other groups interested in participating in Pitch-In Week. Posters advertising Pitch-In Week will be placed in recreational centres and other areas.

c) Other Organizational Activities

i) Stan Genno, CHML Marketing Director, contacted Don Heintz regarding a joint cleanup project between the Hamilton Spectator, CHML and the Keep Hamilton Clean Committee. The Committee approved the motion of sending delegates from the Committee to meet with representatives from the Hamilton Spectator and CHML to discuss the cleanup campaign. Members agreed that the Committee's financial contributions for the projecct would be a maximum of $3000.

ii) Lori Nethercut reported that she had delivered the Pitch-In Week information to the Scout House.

iii) Danielle Marchese presented information on advertising on CFMU radio and the Hamilton-Wentworth Freenet. After considerable discussion the Committee agreed not to purchase advertising on CFMU. Michael Cuberovic asked it would be possible to submit the Committee's public service announcement to CFMU. The Committee passed a motion to approach CFMU to air the Committee's P.S.A. on public access time at no cost to the K.H.C.C.

iv) The Committee examined the possibility of becoming either a line sponsor or to have an advertisement on one of the opening screens of the Hamilton-Wentworth Freenet. The Committee decided to place an advertisement on the Freenet for Pitch-In Week and the Litter Hot Spots Tour. The advertisement will include a link to the Committee's home page. The City of Hamilton currently has a home page on the internet. The Committee's internet site would be a sub-page of the City's home page.

v) Don Heintz informed the Committee that the V.O.N. had made a request to share the Committee's banner space during Pitch-In Week. He stated that this would not be possible since the Salvation Army has already made a request for banner space from 1997 May 9-12.

vi) Al Marshall informed those present that the Committee will have to make requests to various companies for lugger bins for Pitch-In Week. Danielle Marchese agreed to follow up on this matter.

11. INTERNET

The Committee declined Blake Laufer's offer of setting up a web site for the K.H.C.C. since the Committee can set up its own sub-page on the City of Hamilton's web site. A sub-committee will pursue this issue further. The Committee agreed to table this item.

12. HAMILTON DISTRICT SCIENCE FAIR

The Hamilton District Science Fair will be held on 1997 April 02-05 at Mohawk College. The Committee agreed to donate $100 to the Hamilton District Science and Engineering Fair and the

winner of the K.H.C.C. award would receive $100. Jim Auty asked if it would be possible to take photographs of the winning project for the mall display.

13. PUPPET PLAY

Mark Alan Whittle will contact Cathy Vucic and Lori Nethercut about presenting the puppet play to local elementary schools. A number of schools expressed interest in viewing the puppet play.

14. OTHER BUSINESS

i) A motion was passed not to purchase subscriptions to Ecolutions magazine and Protect our Planet magazine.

ii) Al Marshall reported that approximately 200-300 t-shirts and 50 sweatshirts must be ordered soon. The Committee agreed to table this item to the June meeting.

15. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Monday, 1997 March 17
6:30 o'clock p.m.
Room 233, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice Chairperson Rick Butson Michael Cuberovic Danielle Marchese Claudette Kabitsis Lori Nethercut Raffaella Brugnano
Regrets:	Frank Noto-Campanella Cathy Vucic Mark Alan Whittle Frank Westaway
Also present:	Don Heintz, Public Works Department

1. CONSIDERATION OF CHML/SPECTATOR PROPOSAL

Ron Volterman, Don Heintz, and Michael Cuberovic met with representatives from CHML and the Hamilton Spectator on 1997 March 12 regarding the joint cleanup campaign sponsored by CHML, the Hamilton Spectator, and the Keep Hamilton Clean Committee. The Hamilton Spectator and CHML are interested in planning a campaign which would invite the residents of the Greater Hamilton area to clean up their portion of the city. This event includes distributing 85000 garbage bags in the 1997 May 02 edition of the Spectator and a two-week in-depth promotional campaign between CHML and the Hamilton Spectator. Additional sponsors would be contacted in order to cover the cost of obtaining and screening the sponsors' logos on the bags. The Committee would provide a list of participants to be highlighted by the Spectator and CHML. The Committee passed a motion to accept the proposed campaign.

2. LISTING OF PLACES WE ADVERTISE NOW

The Committee's advertising for Pitch-In Week includes the Committee's banner over Main Street West, bus posters, posters/flyers to be placed in recreation centres and other locations. The Committee's advertising mediums will have to include the logos of other Pitch-In Week sponsors, i.e. CHML, Spectator, etc.

3. OTHER BUSINESS

Danielle Marchese reported that the Committee can obtain public access time on CFMU; however, the P.S.A's are aired at obscure times and are updated once a week. Members were concerned with pursuing additional advertising with CFMU because the Committee may require permission from other Pitch-In Week sponsors as a result of the new joint advertising

campaign.

4. **ADJOURNMENT**

There being no further business, the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

VON Canada is celebrating 100 years of nursing service to Canada on May 12, 1997.

If you have space in your week, we would love to have the opportunity to put up a banner from say, May 8 to May 12 or 13 in connection with this celebration and our fundraising campaign.

Thank you for your consideration.

Joanne

Unfortunately, we are unable to assist you with the banner over Main Street. Your only avenue now is to approach the Salvation Army / Don H.

Dear Don Hines:

I am writing to request the presence of Spotless as a mascot at the Annual Guide/Scout parade on Saturday May 31, 1997. If you are able to haveSpotless attend the parade we would like to have him/her arrive at Hamilton City Hall at 8:30 a.m. Spotless has always been a bith hit with the children. Someone will be there to help him/her get ready. The parade is about 2 hours long and we would like him/her to mingle with the children around city hall. If she/he needs other assistance we would be there to help. Please contact me to let me know whether you will be able to arrange this. I can be reached at 679-1782.

Yours in Guiding

Arlene Baker.

Heintz, Don

From: Heintz, Don
To: Volterman, Ron
Subject: Call From Jane Evans
Date: Thursday, March 06, 1997 12:12PM

The following is my "take" on a call this morning from Jane Evans and Lori later called and asked that this matter be placed on the agenda for April. FYI.

"1997 March 6 @ 10:00 a.m. (+/-)

Call from Jane Evans (529-0509) - referred to Lori Nethercut for PITCH-IN and for the main purpose of her call - The Friends of the Red Hill Valley.

Their interest is to preverve the valley in is natural state; they would like the profile of having the KHCC involved in the valley in a somewhat passive manner; holding events there, hikes or whatever; they want our Committee to see the valley for what it is now.

To arrange hikes, call 547-5116 or 664-8796."

Re: Promotional Proposal - CHML and The Hamilton Spectator

The Keep Hamilton Clean Committee, at its special meeting held on Monday, 1997 March 17, agreed with the proposal put forward by CHML and the Hamilton Spectator discussed at the meeting held at CHML on Wednesday, 1997 March 12.

As there are many details to "iron out", we are prepared to meet with you and representatives of the Spectator at a mutually agreeable time(s) to move this project forward expeditiously.

The entire committee was extremely enthusiastic with the proposal and the benefits that the community will reap. We anxiously await your confirmation of this program.

Yours truly,

URBAN OUTDOOR **TRANS** AD

March 13, 1997

106)

Mr. Don Heintz
Staff Advisor
Hamilton City Hall
Dept. of Public Works & Traffic
P.O. Box 2040
Hamilton, ON L8N 3T4

Dear Mr. Heintz:

Once again, thank you for Contract #4326 for 70" x 21" Exterior Transit Posters to show in Hamilton on behalf of the Keep Hamilton Clean Committee.

As agreed, your contract commences April 7, 1997 and ends May 4, 1997 with a 6-poster bonus, subject to available space, to run during the same time period.

As you know, contract showing periods begin on a Monday and end on a Sunday as per the attached Transit Billing Schedule and Calendar. Invoices are issued at the beginning of each month and include those weeks of any showing commencing that month.

If you choose to produce new material, it must be delivered five (5) days before the contract start date. While Urban Outdoor Trans Ad will attempt to "make good" space lost due to late delivery, it is **not** a contractual obligation and may not always be possible. Due to your production delays, Urban Outdoor Trans Ad has added a 2-week bonus of 42 Posters, subject to available space.

Urban Outdoor Trans Ad does not guarantee the amount of material that can be saved from any showing; however, please note that Urban Outdoor Trans Ad will store your remaining **reusable** material for **up to** six (6) months. After the six-month period has expired, Urban Outdoor Trans Ad will provide you with a Destruction of Material notice advising that your material will be destroyed within 30 days. If you wish to retain material, please contact Sharon Beaman or myself in writing and the necessary shipping arrangements will be made. If, for some reason, your advertising material may be discarded prior to the completion of the six-month period, again, please advise Sharon or myself in writing.

Once again, thank you for your valued business; we appreciate your support of Transit Advertising.

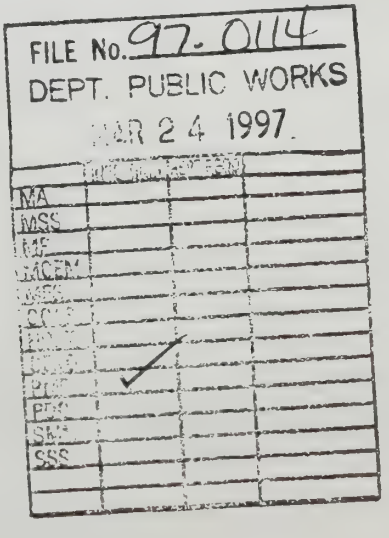

If you have any questions, please do not hesitate to contact us at your convenience.

Sincerely,

Paul Mason
Regional Sales Manager

ACCEPTED FOR CLIENT / AGENCY BY: X DH

FOR OFFICE USE ONLY

ACCOUNT EXECUTIVE: Sharon Beaman
DATE: 03/13/97
ACCEPTED FOR URBAN OUTDOOR TRANS AD BY:

CONTRACT TERMS AND CONDITIONS

PARTIES - For the purpose of this agreement, the Agency (if any) and the Advertiser (as the case may be) are collectively referred to as the "Client" and each of the Client and UOTA may be referred to as a "Party" and collectively as the "Parties". Where the Agency is a party to this contract, it represents that it has the authority to enter into this agreement on behalf of the Advertiser and that the Advertiser is bound by the terms of this contract. The Agency and the Advertiser shall be jointly and severally liable for all of the Client's obligations under this contract. Any reference to "Agency" in this contract shall be deemed to be a reference to the Advertiser if there is no Agency. Any reference to "Advertiser" in this contract shall be deemed to be a reference to the Agency if the Agency is acting on behalf of the Advertiser. Any reference to "Agency and/or Advertiser" shall be deemed to be a reference to the Agency if there is an Agency and to the Advertiser if there is no Agency. Any reference to "UOTA" shall include its agents, servants and employees hereunder.

Where no Agency is a party to this contract, references to "the Agency" shall be deemed to be deleted.

SERVICES - UOTA agrees to provide the Client with the Faces (as defined below) for the purpose of displaying the Client's advertising material (as defined below) for the period of time (the "Contract Period") set out on the face of this contract (the "Start Date" and the "End Date"). The Client acknowledges and understands that the Contract Period may be subject to change as a result of the inability of UOTA to provide the Faces during the Contract Period due to circumstances beyond UOTA's control, including, without limitation, the unavailability of Faces during the Start Date and the End Date. The Client acknowledges and understands that the Contract Period may be subject to change as a result of the inability of UOTA to provide the Faces during the Contract Period due to circumstances beyond UOTA's control, including, without limitation, the unavailability of Faces during the Start Date and the End Date. The Client acknowledges and understands that the Contract Period may be subject to change as a result of the inability of UOTA to provide the Faces during the Contract Period due to circumstances beyond UOTA's control, including, without limitation, the unavailability of Faces during the Start Date and the End Date.

PAYMENT FOR SERVICES - All payments to be made by the Client to UOTA shall be made in Canadian funds. Subject to the Client's right to dispute the amount of any invoice rendered to the Advertiser, all sums owing shall be paid within thirty (30) days from the date of invoice and shall be subject to interest at the rate of one (1) percent per month (twelve (12) percent per annum) calculated from the thirtieth (30th) day after the date of the invoice until the date of payment. Interest shall be payable on the amount of any invoice rendered to the Advertiser. All such

March 13, 1997

Dear Mr. Heintz:

We are glad that the "Keep Hamilton Clean Committee" has chosen to promote their message on one of the HWFN opening screens for the month of April.

The charge to your not-for-profit committee has been arranged by your committee member Danielle Marchese at the one-time only price of $250.00.

The requirements as understood by your committee and FreeNet are as follows:

- 1 Screen
- 24 lines long
- 72 characters per line
- 1 month coverage (April 1997)
- Creation of content is the responsibility of "Keep Hamilton Clean" Committee
- Prior approval of content by HWFN
- HWFN administers placement of screen

I look forward to putting your information up on-line and please do not hesitate to call me if you have any questions.

Regards,

V. Ramsay-Brown

PITCH-IN WEEK FOR 1997

MONDAY MAY 5TH TO SUNDAY MAY 11TH

The Keep Hamilton Clean Committee, along with its official media sponsors CHML and the Hamilton Spectator, invites everyone in this beautiful City to join us by participating in PITCH-IN Week in the City of Hamilton. This event is set to go from May 5th to 11th this year.

To clean up a City is a large task but every large job is done by groups of individuals so come on out, form a group, pick a spot that needs cleaning, get your bags and gloves, and let's all PITCH-IN to ensure that our community becomes ever cleaner than before.

To register your group, call 546-3920 or send a note to 17 Leaway Avenue, Hamilton (L8W 1S6) and let us know about your efforts. We want to know where you will cleaning up be and when, how many of you are expected to get involved and do you need garbage bags and/or gloves.

SUBJECT: PITCH-IN Week in Hamilton
Donation of Lugger Bins

DATE: 1997 March 12

As in past years, you were asked if you would be prepared to provide lugger bins for the use of the citizens in the City of Hamilton in the clean up of this city during PITCH-IN Week, 1997.

Your response was an unqualified "yes!".

The Keep Hamilton Clean Committee wish to take this opportunity to say thank you for your generous donation to the success of this annual venture.

I am attaching 3 tickets to allow you to dump the material collected during PITCH-IN Week 1997 at the nearest Transfer Station. Should you anticipate the need for more tickets, please photocopy the tickets provided.

Again, thank you.

DATE: 1997 March 10

May I request your co-operation with the Keep Hamilton Clean Committee for PITCH-IN WEEK (May 5 - 11) in a similar fashion as in past years:

- Attached please find our Invitation letter and an enlarged photocopy of our Participant Information Card. This material was sent directly to all schools in the City of Hamilton. You will note that PITCH-IN WEEK in 1996 runs from May 5th to 11th inclusive.

- Should your schools return their Participant Cards to the Board Office, may we request that you hold onto them until our representative comes in around the middle of April to collect them.

- The Keep Hamilton Clean Committee will then prepare parcels of garbage bags and gloves (suitably labelled by school name) to satisfy the PITCH-IN WEEK requirements of each responding school.

- We request your co-operation also to allow us to drop off those labelled packages to your depot in the last half of April to utilize your internal mailing system to get the bags and gloves to the participating schools.

Should you require further information, please contact the writer at 546-3920 or by fax at 546-3972. Your continued co-operation would be appreciated.

Be "Spotless not Thoughtless, Care about our City" and together we can make a difference!

Pitch–In Week, May 5th - 11th

The Keep Hamilton Clean Committee invites you to participate with them in making Hamilton the cleanest, most beautiful City in Canada.

We would like you to choose your favourite area — a Park, a natural ravine area, school yard or just around the Neighbourhood — and make it an even better place.

We are also interested in knowing as much as possible about your efforts. Record information about the site cleaned, how many people were involved, how much was done (number of garbage bags, weight or volume etc.), when you did it and 'before' and 'after' pictures. Pictures can be of special use for our promotional Display Unit. We like to brag and we would like to see your efforts displayed for others to see as well. *P.S.-Move in close when taking pictures - make your point easy to see!*

Safety is also an important issue. Do not take unnecessary risks with heavy or dangerous materials.

We look forward to hearing about you efforts.

R.S.V.P. by filling in and returning the enclosed Participation Information Card by the 7th of April, 1997.

Thank you, from The Keep Hamilton Clean Committee

Wednesday, 1997 April 02
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice-Chairperson Rick Butson Michael Cuberovic Lori Nethercut Frank Noto-Campanella Mark Alan Whittle Danielle Marchese Claudette Kabitsis Frank Westaway Raffaella Brugnano
Regrets:	Cathy Vucic
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for meetings held 1997 March 05 and 1997 March 17. These minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson, informed those present that the Committee was entering into its busiest season because of preparations for Pitch-In Week.

3. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

4. CORRESPONDENCE RECEIVED

a) V.O.N. Request for Banner Space

The Committee was in receipt of correspondence from the V.O.N. requesting to share the Committee's banner space during Pitch-In Week. Don Heintz reported that this would not be possible because the Salvation Army has already made a similar request. He suggested the V.O.N. should contact the Salvation Army.

b) Guides/Scouts - Request for Spotless

The Committee was in receipt of correspondence from Arlene Baker, Parade Marshall requesting Spotless to be present at the annual Guide/Scout Parade on 1997 May 31. Raffaella Brugnano agreed to participate in this event.

5. YOUTH AFFILIATE

Claudette Kabitsis and Bonnie Lok circulated a copy of the entry form and guidelines for the Youth Affiliate contest. Local secondary schools will be eligible to participate in the contest. Lori Nethercut and Claudette Kabitsis will make any additional changes to the contest guidelines or entry form.

6. MALL DISPLAY

The mall display is currently located at the Landsdale Community Centre. Jim Auty reported that the mall display will be set up at the Fennell and Upper Ottawa Canada Trust Branch the week prior to April 22, 1997. It will be located at Bayfront Park on April 22, 1997 for the Eco-Festival.

7. INTERNATIONAL COASTAL CLEANUP

It was reported that it is legal to dive in certain areas of Hamilton Harbour provided that permission is obtained from the property owners. Commercial docks are off limits for divers. The legal department stated that each diver would have to sign a release and the Committee must purchase insurance for each dive day. Michael Cuberovic informed the Committee that a preliminary dive should be held in order to assess the nature of underwater debris. The Committee will examine the legal issues and insurance coverage needed for the Coastal Cleanup. The Committee agreed to table this item for a future meeting.

8. FRIENDS OF RED HILL VALLEY

Jane Evans contacted the Committee regarding how the K.H.C.C. could be involved with the Red Hill Valley. Several suggestions were made including inviting the Friends of Red Hill Valley to K.H.C.C. meetings, Committee members acting as volunteers for Red Hill Valley cleanups, and adding areas of Red Hill Valley to the Hots Spots Tour. Rick Butson recommended that the Committee send a letter to the Friends of Red Hill Valley thanking them for their interest in the Committee, commending them for their efforts, and offering support where the Committee's mandate and resources permit.

9. PUBLIC SERVICE ANNOUNCEMENT

Lori Nethercut reported that many submissions were entered for the P.S.A. contest. Lori Nethercut will meet with the Media Studies Department at Mohawk College to select three storyboards which will be made into videos.

10. PITCH-IN

a) CHML/Spectator Arrangement

i) Present Advertising Locations

The Committee was asked if it could contribute financially towards the joint cleanup campaign sponsored by the Spectator and CHML. Frank Westaway suggested other companies may be willing to contribute to the campaign. The Committee approved the motion of contributing a maximum budget of $1000, less any corporate sponsorship obtained by the Committee.

The Committee Pitch-In Week advertising includes posters in various locations, the banner over Main Street, and the bus posters. Decals of corporate sponsors, CHML, and the Spectator will have to be placed on the Committee's current advertising.

b) Bus Advertising

The bus advertising has been approved by the Committee. The bus posters will be displayed from April 04 to May 07.

c) Advertising on CFMU

Danielle Marchese informed the Committee that CFMU will air the Committee's PSA. She reported that on April 22, 1997 CFMU will be dedicating the entire day to Environmental Issues and Events in the Hamilton-Wentworth area. The Committee passed a motion to send a representative to speak on the Committee's behalf. Lori Nethercut agreed to represent the Committee.

d) Freenet

The Committee agreed to advertise on the opening screens on the Hamilton-Wentworth Freenet. The advertising consists of a "teaser" ad, and a link to a separate page with additional information on the K.H.C.C. Danielle Marchese agreed to set up the page for the Committee. Michael Cuberovic suggested that a counter be added to the Committee' page.
The Committee is currently listed in three places on the City of Hamilton home page.

e) Lugger Bins

Letters have been sent to waste handling companies requesting lugger bins for Pitch-In Week.

f) Memos to School Boards

Letters have been sent to the Hamilton School Boards asking for their co-operation with Pitch-In week.

g) Other Organizational Activities

i) Lori Nethercut received only a few response cards for Pitch-In Week. Participants were asked to R.S.V.P by 1997 April 07. Lori Nethercut asked for volunteers to contact participants who have not submitted a response card. Danielle Marchese agreed to assist with calling participants.

ii) Michael Cuberovic reported that Mark McNeil is interested in writing an article on Pitch-In Week and is looking for possible story ideas. Members were asked to contact Michael Cuberovic if they had any suggestions for the article.

iii) Jim Auty informed those present that an article on the Committee and Pitch-In week was submitted to the "Gander" newsletter.

11. INTERNET

See item 10 (d).

12. HAMILTON DISTRICT SCIENCE FAIR

The Hamilton District Science and Engineering Fair will be held 1997 April 02 - 05 at Mohawk College. Ron Volterman, Frank Noto-Campanella, and Raffaella Brugnano will act as judges at the fair.

13. PUPPET PLAY

Mark Alan Whittle had difficulties coordinating the puppet play due to his schedule. The puppet play is usually presented to the schools to coincide with Pitch-In Week. The Committee decided to table this item to a later date.

14. OTHER BUSINESS

Rick Butson asked Committee members to submit any potential locations for the Hot Spots Tour. The Hot Spots Tour will be held on 1997 May 30.

Frank Westaway reported that a number of schools in Hamilton have not been active in keeping their properties clean. He also had several suggestions for litter hot spots.
Frank Westaway informed the Committee that more action has been taken on the problem of posters on utility/hydro poles.

15. ADJOURNMENT

There being no further business, the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

1. **YOUTH AFFILIATE CONTEST**

Discussion took place regarding the changing of the deadline of the contest, seeing as Claudette will be on vacation at the previous deadline. It was moved/Second that the deadline for the Youth Affiliate Contest be adjusted to 1997 May 26. the committee also agreed that the submission address be changed to Danielle Marchese's. The Committee also Agreed that the selection of the winner of the contest will take place after the Hot Spots tour, on 1997 May 30.

2. **EARTH DAY CELEBRATION**

It was moved by M.A. Whittle, seconded by D. Marchese, that if members of the committee wishes to attend the Earth Day Celebration on 1997 April 21, put on by the Conservation Foundation of the Hamilton Region, at Kelsey's Restaurant, Main West, the admission would be reimbursed upon submission of a receipt

3. **ADJOURNMENT**

There being no further business, the meeting then adjourned.

Taken as read and approved,

Dear Mr. Heintz:

Happy Earth Day!

The Conservation Foundation of the Hamilton Region is pleased to announce that a new conservation awareness and fundraising campaign, *United for Conservation...A New Beginning,* will be officially launched at an Earth Day Celebration on April 21, 1997. The Earth Day Celebration is a special charity fundraiser, sponsored by Kelsey's Restaurants International, and **you are invited**!

This exciting celebration will take place at Kelsey's Neighbourhood Bar and Grill, 875 Main Street West, Hamilton, from 8:00 pm to 10:00 pm, featuring a dazzling array of complimentary "Kelsey's Food and Drink" - yes, that means free food and an open bar! Admission to the Earth Day Celebration is by the enclosed invitation only. A minimum $10 donation to the Conservation Foundation will be accepted at the door. We have invited local citizens, community leaders and dignitaries from within our community, who recognize that we have a personal and collective responsibility for the preservation of our natural heritage. We believe that community leadership is the key to helping citizens recognize their role in the conservation, preservation and rehabilitation of environmentally sensitive lands within our region.

Please, mark your calendar now. Help us launch our new campaign. Help us show that our communities are *United for Conservation*. - R.S.V.P. 648-4427, ext 168. -

Sincerely

Brad Clark
Executive Director

Saving a part of tomorrow... Today!

Take The First Step Towards A Cleaner Environment

Having a positive personal effect on the environment requires taking steps. Some of the easiest steps you can take are up and into a bus. To make it even easier for you, we're giving you these bus tickets. Use them on Earth Day to travel to and from work, school, or wherever **- FREE!**

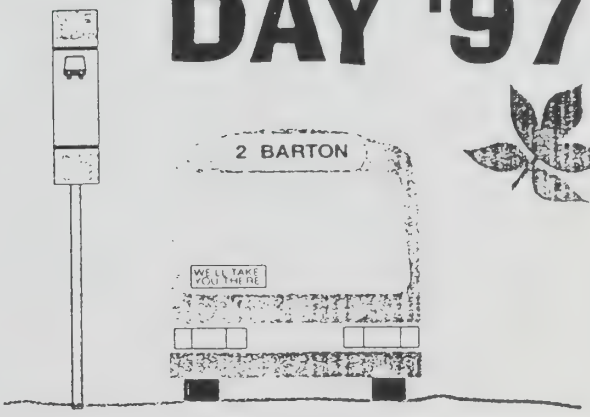

Each person who leaves a car at home and rides the HSR will lower the level of carbon dioxide and nitrogen oxide emissions in the Region. Carbon dioxide causes global warming and nitrogen oxide causes acid rain. Acid rain's damaging effects on lakes, fish, drinking water, and agriculture are well documented.

Do your bit for the environment...make HSR part of your lifestyle - you, your children and generations to come will appreciate it!

Travel the Environmentally Friendly Way on EARTH DAY Tuesday April 22, 1997

THE HAMILTON STREET RAILWAY CO.
Owned and operated by the Regional Municipality of Hamilton-Wentworth

EARTH DAY '97

Tuesday April 22, 1997

The four R's of Environmental Responsibility

Most of us have adopted the three R's of environmental responsibility. We reduce, reuse and recycle on a daily basis. Well, it's time to add a forth R to your life: Ride the HSR!

Bus Commuting Means Less Polluting

It may be difficult to believe at first, but HSR buses actually benefit the environment. How? It's simple mathematics. A bus carries the same number of people as 50 cars - with 49 fewer exhaust pipes. The conclusion is elementary: when you take the bus instead of driving your car, you reduce harmful exhaust emissions.

Why not give us a try? What do you have to lose?

THE HAMILTON STREET RAILWAY CO.
Owned and operated by the Regional Municipality of Hamilton-Wentworth

This ticket entitles you to one FREE RIDE on EARTH DAY Tuesday April 22, 19

THE HAMILTON STREET RAILWAY

Heintz, Don

From: Harvey, Larry
To: Heintz, Don
Subject: RE: Hot Spots - That Need Review Now
Date: Tuesday, April 15, 1997 3:18PM

4(c)

Enforcement commenced

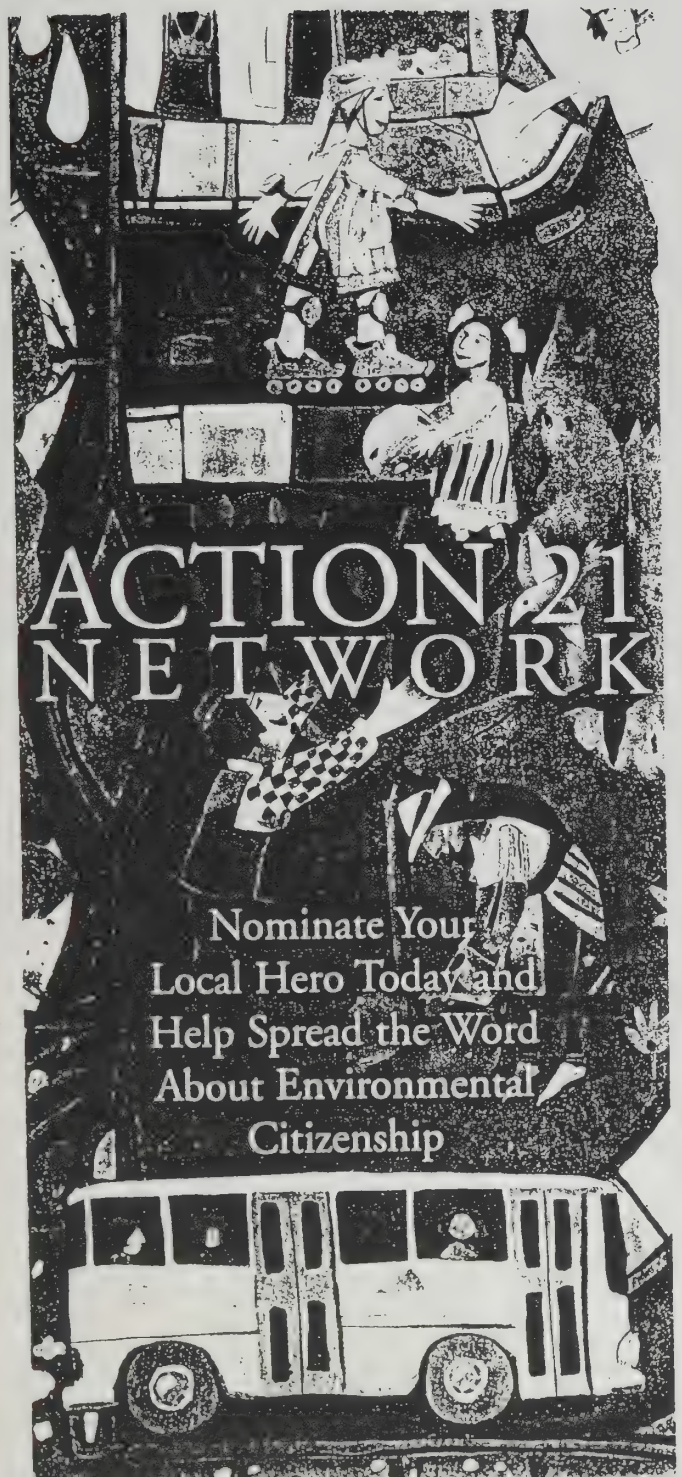

From: Heintz, Don
To: Westaway, Frank
Cc: Harvey, Larry; Volterman, Ron
Subject: Hot Spots - That Need Review Now
Date: Tuesday, April 08, 1997 10:22AM

A resident at 133 Stinson Street called about garbage and a van in the rear of 145 Emerald and a motorcycle and car (that appears to have been broken into in a parking area behind 133 Stinson.

She talked about them being "Hot Spots" but then wanted something done now.

So, I am sending this to Frank Westaway regarding garbage by-law infractions and Building for the "dirty back yard by-law" enforcement. Hopefully, one of you will be able to handle this.

Leading By Example

The ACTION 21 NETWORK was established by Environment Canada to create public awareness for positive environmental actions being taken by Canadians and to celebrate our environmental heroes. The objective is to demonstrate how people are contributing to a healthier environment – and thereby encourage others to take similar actions right across the country.

You Can Be Part of the Network

The ACTION 21 NETWORK is constantly on the look-out for acts of environmental citizenship – whether big or small. If you, your organization, or people you know have done something to help make your neighbourhood or community a healthier place, tell us so we can tell everyone!

We're interested in the stories of individuals and groups – from regular citizens to corporations, municipalities, not-for-profit organizations, arts, media, educators... anyone whose actions are having a positive environmental impact.

Increase *Your* Environmental Impact

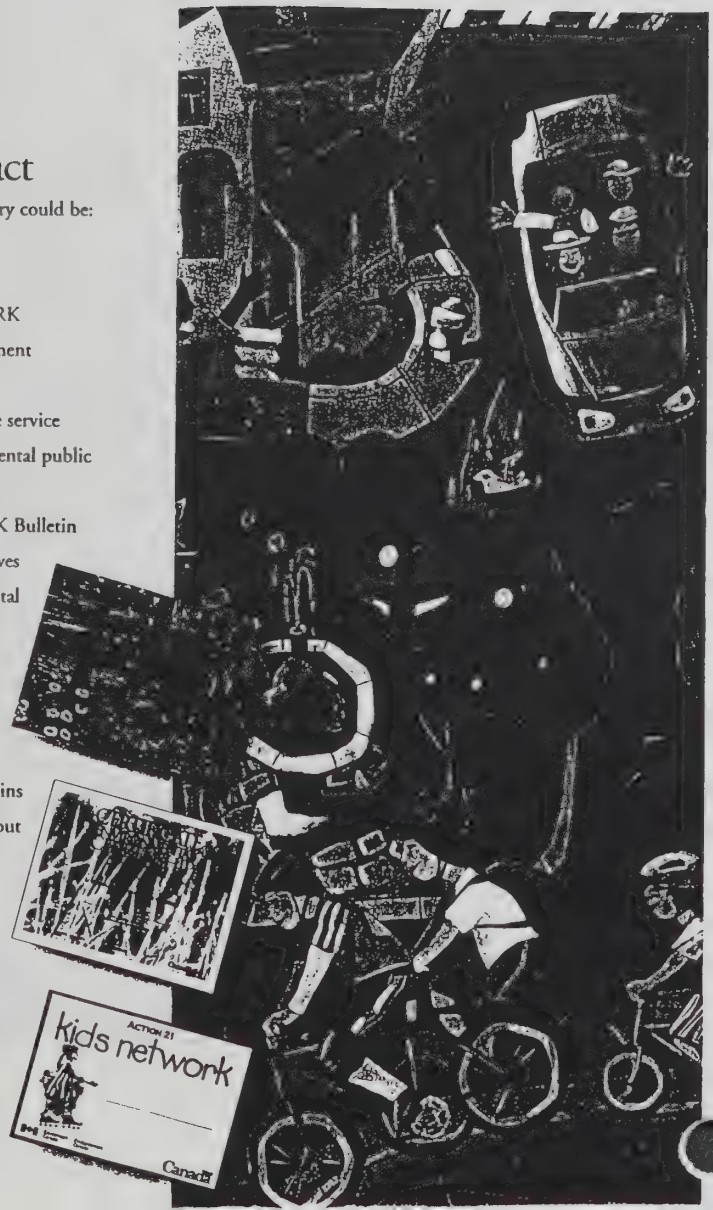

If selected, your environmental success story could be:

- included in a nationally distributed ACTION 21 NETWORK media insert
- profiled on the ACTION 21 NETWORK homepage on the Green Lane, Environment Canada's Web site
- promoted to the media via national wire service
- profiled in a national series of environmental public service announcements
- profiled in an ACTION 21 NETWORK Bulletin

Everyone who submits a success story receives recognition as one of Canada's environmental heroes and becomes a member of the ACTION 21 NETWORK.

All NETWORK members receive a certificate signed by Canada's Minister of the Environment, as well as periodic Bulletins from ACTION 21. Additionally, throughout the year, we will be giving out a limited number of Environment Canada "Ecozone Maps" to some of those environmental heroes.

Children who submit stories also become part of the ACTION 21 KIDS NETWORK, and receive an official membership card.

Tell *Us* – So We Can Tell Everyone!

The ACTION 21 NETWORK wants to hear from you now! Send us your story or that of someone you know. Just send us a 1-page description of what has been done, along with the included form.

Deadlines for submissions are May 1, October 1 and February 1.

Re: Hamilton District Science and Engineering Fair 1997

Dear Mr. Don Heintz,

My name is Connie Chiu, and I am currently an Ontario senior Secondary School student. I am honoured to be the recipient of the Keep Hamilton Clean Committee Award presented at the recent 1997 Hamilton District Science and Engineering Fair held at Mohawk College. My science project, titled Enviro Rubber Concrete, addresses the waste management of scrap rubber tires through exploring the use of scrap rubber tires as an aggregate in concrete as a means of recycling these tires.

Science and engineering have undoubtedly become an increasingly important field in today's advancing scientific and technological world. The Hamilton District Science and Engineering Fair have given students like myself, a wonderful opportunity to share and explore in the field of science and engineering. This event also encourages and recognizes students for their efforts and achievements.

However, the Fair would not be possible without the support and generosity of community members like yourself. As a proud recipient of the Keep Hamilton Clean Committee Award, I would like to extend my sincere gratitude and appreciation for your generous donation and support.

Sincerely,

Connie Chiu

THE GANDER

VOL 1 NO.2 - MARCH 1997
NEWSLETTER OF
MOTHER GOOSE CO-OPERATIVE
PRE-SCHOOL INC.

TRANSPORTATION

I would like to extend a "Big Wave" to all families of whom over the past 10 years, I've had the pleasure of driving to Mother Goose.
Our school still provides door to door service for our families.The children really enjoy the ride to and from school. So, to all of you "The Wheels on the Bus" are still going "Round and Round"!!

Regards, Janet

As a parent who has had many trips on the bus with the kids, I feel the new bus procedures are producing positive results.
The kids occasionally take fits over not getting their own way, but these seem to be fewer and are short lived compared to earlier days.
As a reminder: • once a child has boarded the bus, always lock the door so someone on the outside cannot open the door prematurely. • if you are on the outside of the bus to get a child, please wait for someone inside to open the door • seating arrangements are first on gets the rear driver's side window seat and each subsquent passenger gets the next available seating position.
I was going to glue a picture of a window onto each seat so everyone could get a window seat... *Jim Auty*

PRESIDENT'S MESSAGE...

The year is drawing to a close. Most of us are chattering about the options for J.K., looking forward to spring, and working hard at various Mother Goose projects. The Big Event is coming up on March 29 and we hope that all the alumni come out and support us!! Liz has done a great job on the facelift project and we hope you come out to the open house to see our new colours! I am very grateful to the parents that are dedicated to their children and Mother Goose. Thank you to Liz and Robert who have been consistently " at the ready". Thank you also to Jeanette and Lakshmi whose professionalism has kept us afloat yet another year!

Janet Patterson

SEE YOU AT THE REZ... MARCH 29 - 10AM

MEMBERSHIP

To date we have twenty-seven families interested in Mother Goose Co-operative Pre-School for September of 1997. If you have friends interested in our pre-school, do not hesitate to have them contact me:

- Donna Krizanc at 525–1101.

There is also a whole new registration package in place for signing up the little 'goslings'.
We are also starting recruitment for Executive and Committee Members for the 1997–1998 season.
For those of you with your eyes set on Corporate Laedership positions, this is a great proving ground for your abilities... also, these volunteer positions look great on your résumé!!

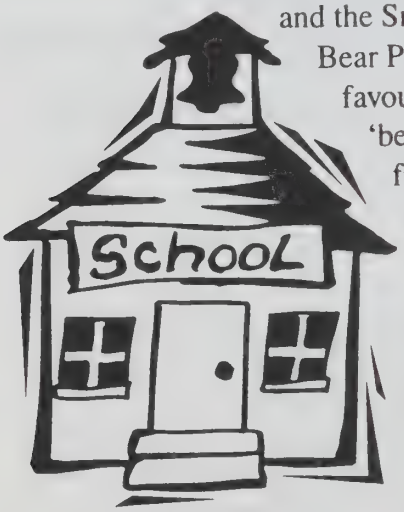

Let us hear from you real soon!!

TEACHER'S REPORT

Our classrooms with full enrollment have indeed been busy places this year. To combat the winter blahs, lots of special activities were planned to keep the children stimulated and challenged.

January brought our Winter theme with real snow to our sensory bin, a new climber in the activity room, and a visit to Allenby's library to watch our "Thomas and the Snowsuit" video. A Teddy Bear Picnic, complete with our favourite teddies and lots of 'beary' yummy snacks, finished off our Bear Theme.

February flew by with more fun themes. Pancake Tuesday was a real success with the children helping to make and eat their own pancakes. I doubt many kids ate lunch that day! A visit from Elmer the Safety Elephant was the highlight of Mail Carrier and Police Officer week. Friendship theme provided some more opportunities to discuss and practice social skills.

On Valentine's Day the children brought in their own unique homemade valentine for their friends and teachers at school. These were displayed in our rooms for everyone to enjoy!

March means our dinosaur theme, always a favourite with lots of dinosaur activities, toys, a movie and our dinosaur egg hunt.

Firefighter and fire safety week focuses on how to stay safe, fire safety behaviours, and an opportunity to meet some real firefighters while visiting the Central Fire Station on John Street North. Also, during March Break, our classrooms will receive their much anticipated facelift with a bright new paint job and brand new carpeting!

Spring is just around the corner with more exciting activities to look forward to and our new Westdale Family Study students who will join us for their twice a week placements. The Easter Bunny has promised to stop by and leave some goodies for the children to find during our Easter Theme.

We would like to thank our duty parents for their continued support in the classroom and for their co-operation in aiding us to provide a fun and stimulating atmosphere.

Jeanette and Lakshmi

GUM LEGISLATION...

That is not a typo... but the legislation is not required...just your attention to your kid's teeth! April is also Dental Health Month.

Statistics show that nine out of ten Canadians will suffer from gum disease at some time during their life span.

For some suggestions for healthy teeth and gums, the Canadian Dental Health Assosiation suggests the following:

- before and after use, carefully rinse the toothbrush to remove food particles and plaque residue
- brush your teeth for at least two minutes (studies show that most of us brush less than half that time)
- be sure to replace your toothbrush after two to three months of use
- brush in small, circular motions from the gums to the teeth
- try an electric toothbrush to improve the brush routine. An oral irrigator can also force food particles from areas not reached by toothbrushes (can also prove easier than floosing for the younger kids).

As an added feature, you can invest in some videos about 'The Adventures of Timmy the Tooth'. Though these are not 30 minutes of how brush and care for your teeth, they are fun for the kids and I suppose there is the 'subliminal' reoccurance of 'tooth care items' that may make the training go easier!!??

Bring along your **camera** to capture some of the action and expressions...
We would like a **collection of photos** for possible use in future issues of **The Gander** and maybe even a **'Memory Book'** that could be kept on hand at Mother Goose for the future alumni to reflect back on ??!!

FUNDRAISING REPORT

We have had a very successful year of fundraising with the old favourites: Regal, Bright's Cheese and Delites, and MacMillan's Cookie and Muffin Batter. We also had a very successful raffle where the first prize was 4 tickets to see "Phantom of the Opera" in Toronto. However, our biggest fundraiser is yet to come…

The Second Annual Mother Goose Hopathon and Easter Egg Hunt !!

It will be held at **Highland Park** (top of Mountain A[illegible]at Hillcrest) on **March 29th** from **10am to 12 noon**. It promises to be as much fun, if not more, than last year's event. We have added a parade for both children and adults to show off their Easter costumes, baskets and bonnets plus there will be another great hopathon and egg hunt with over 10,000 chocolate eggs (no I'm not exaggerating!), plus lots of food, a raffle, T-shirts, face-painting and more. Please tell all your friends, family and neighbours about this great community event.

Volunteers are needed at the event so if you would like to help out, please **call Kate Bliss at 523–7768.**

We are looking forward to seeing you there!!!

If you have an item to **donate to** the **RAFFLE TABLE**, you should have brought it to the March 25th meeting.

Now what do you do??

…**call**:

- **Sarah** Hefford at **572 - 9057** or
- **Rebecca** Tomasic at **526 - 1739**

We will appreciate your generosity !!

CALLING ALL PARENTS…

For those of you who have not seen the new colours of the Mother Goose classrooms, you are missing a real colour experience.

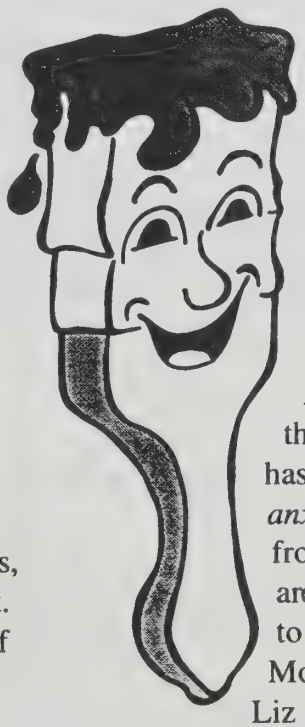

If you did not see them before they were painted, the new paint job is still worth the visit.

The kids have had a week of enjoying them. They call the big heating ducts in the Creative Room, their giant caterpillar… we've got to keep that in mind when Phase II (Wall Graphic Painting) goes into effect.

So what was done…

The afternoon of Thursday, March 6, Liz Nason realized that the job of getting stuff off the walls was a little more than expected. Pictures, tape and staples all had to be removed.

Friday, the job got more serious as Liz Nason, Kevin McKnight,Jennifer Jackson, and Laurie Barlow Cash all took on the task. The teachers, Jeanette and Lakshmi, were in on it for a while but were saving their energy to put all items back where they belonged the first day back at school.

The workers said that Cynthia Kay actually had the toughest job - that being - looking after all the kids while the parents worked in the other room.

Any parent that has put their child onto the bus or had to drop them off at school has experienced the child's '*separation anxiety*'. Just imagine these kids away from their parents, knowing their parents are in the other room and they know how to get to the other room…….

Monday, Tuesday and Wednesday is when Liz was there when Ron Berlin and John Santacroce of Hamilton Decorating Services, undertook the task of brush and spray painting the two rooms. Our thanks guys, we think you did a terrific job!

Harvey Sobel of Augusta House Interiors chose the colour scheme for the rooms. Our thanks again!

At present we are still working on Phase II, which will be to get wall graphics or murals painted. Liz, the teachers and other executive members would like your suggestions to put into the think-tank of ideas. The graphics may be anything from stripes, shapes and colours to scenery, vehicles, animals or cartoon characters of our own creation. Put on your thinking cap and dig into the kid's crayons and have some fun of your own!!

SHOPPING

Now we are getting to the good part…
The following merchants have agreed to donate a portion of the purchases you make at their establishments to Mother Goose Pre-school. We are thankful for their participation and support. They look forward to your patronage.
NOTE: Some minor restrictions apply and they are noted below each merchant address.
Be sure to take along this copy of the newsletter to show advertising with us works!!
How does this program work? It is easy… all you have to do is patronize our sponsors. You will pay the same price as other patrons, and the merchant will tally the number of Mother Goose sales and donate a portion of these sales (excluding taxes 'cause the government would not like merchants giving away any of their portion). You can pass on your recipts to Mother Goose as an indicator of donations to be expected.

This issue of The Gander was produced on a Power Macintosh 8500/120 Computer using Adobe Pagemaker Software, Image Club fonts and Lunchbox CD graphic images. The completed document was turned into a PDF (Portable Document File) file and output by modem to a remote location (Keith Green above) computer that inturn output the file to a Canon Digital Printer.
Sounds like a lot of work doesn't it!
The hardest part was the actual assembly of the newsletter. Putting all these little letters into these rows gets tough when there's not enough of them. Other than that it was a breeze… well maybe a wind… *no! not* a hurricane!! *Jim Auty*

The Keep Hamilton Clean Committee is actively promoting **Pitch-In Week** which is nation-wide clean-up campaign. Pitch-In Week is from **May 5th to 11th** this year. You can get in on this annual action by contacting the Keep Hamilton Clean Committee at **546-3920**. You can request Pitch-In Week Participation Information and sign-up form.
What will this do for you? It will allow you to '*register*' your '*clean-up team*'. You can receive garbage bags and gloves to assist in you efforts. The committee would appreciate follow-up information such as where you cleaned up, about how much (weight or volume) and the type of refuse cleaned up. Pictures of your activities would also be appreciated as they can be displayed on their Mall display unit (any photos submitted will automatically be assumed to have the permission of any recognizable person(s) within it - photo release(s) are the photographer's responsability). Watch for the adverts on city buses any time now. The committee is also negotiating with two major media players in our area, so be ready for major **clean-up action** this summer!

A(h)

Dear Bob;

I'm writing to invite you and all your supporters to join us in a special clean-up campaign to make East End Hamilton a more beautiful place to live.

On Sat. April 26,1997 our IGA store will hosting this cummunities "Great IGA Hometown Spring Clean Up" to put litter in it's place - the landfill or the recycling bins.

We're reaching out to clubs, schools as well as families senors and other organizations for this two hour "litter" sweep in the parks, schools and other areas in our community.

As hosts, our job is to make this clean-up fun for everyone. We ask people to arrive at approximately 9:30am. Each participant will be given free litter and recycle bags donated by GLAD. We'll be organizing the clean-up participants into teams for added safety. They will reassemble in 2 hours. Then there will be distribution of prizes and a BBQ for all participants. That is where we need your expertise we are inviteing you and a few other political representatives to be our official burger and hotdog flippers.

We would be grateful for your participation and we hope you'll have the time to mention this important environmental event to interested parties. At IGA we're HOMETOWN PROUD" and we're proving it with this clean-up. We hope to see you there.

If you could please contact me either way, I would appreciate it.

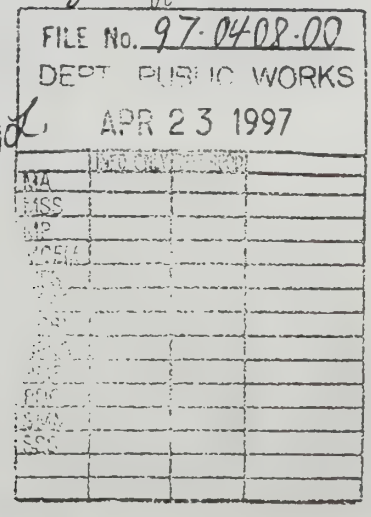

Sincerely

Karen Eagle

It's easy being green on the Web

By klapointe@southam.ca
HAMILTON

Will spring ever take hold? When it does, the garden will draw millions of Canadians into the annual, incessant ritual of planting and puttering. The Internet seems a million miles away from the earthy, airy environment of the garden, but it can be a major assistant to the accomplished gardener.

Advice is abundant on the World Wide Web. Any number of all-in-one gardening sites offer access to hundreds of catalogues, readings, experts and shared stories of success and failure.

The ICanGarden site (www.icangarden.com) is the most ambitious Canadian entry on the Web.

For the north-of-49th-parallel gardener, it offers the most insightful commentary on our strange growing seasons and finicky climate.

But it is by no means alone in the guidance to good gardening.

Year by year, the growth in substantial sites reflects better the multi-billion-dollar gardening industry; gardening businesses make the Internet part of their business.

Gardening.com (gardening.com) is one of the most formidable, with hundreds of links – many of them highly commercial, but sound.

The Gardening Launch Pad (www.tpoint.net/neighbor) has some 1,300 links on an array of topics. Such omnibus sites as GardenNet (trine.com/GardenNet), Garden Mart (www.gardenmart.com), and the Garden Web Virtual Library (www.gardenweb.com/vl) are valuable, substantive tools to help understand the finer points of getting the green thumb.

One of the more lively, new sites comes from the superb Beatrice's Web Guide index; its Home and Garden home page (www.bguide.com/webguide/hg) is one of the best organized and attractive. Also worth a recommendation are The Armchair Gardener (mailer.fsu.edu/~dansley), and Garden Planet (www.wordleader.com/garden/index.htm).

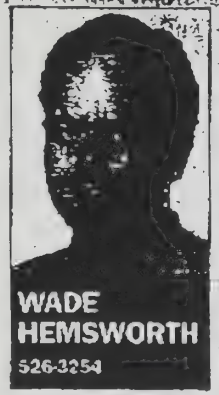

The newsstand is filled at this time of year with new magazines on gardening, but the Internet is also a competent home to some of the better publications. Canadian Gardening (www.ab.sympatico.ca/mags/cangardening) is up on the Web, as are several online magazines. The Ardent Gardener (trine.com/GardenNet/Ardent(Gardener), Virtual Gardener (www.gardenmag.com/cover.html), the U.K.-based Greenfingers (www.greenfingers.demon.co.uk/index.htm), Garden & Greenhouse (www.diac.com/~jwest/index.html), and Cyber-Plantsman (www.gardenweb.com/cyberplt).

Interesting surfs:

- The British election is imminent, and all sorts of sites abound; one of the better and most interactive is Election 97 (www.election97.org.uk).
- The National Basketball Association playoffs are imminent, and the official NBA site (www.nba.com) is one of the best in sport.
- The Academy of American Poets (www.poets.org) offers an interesting exchange of work and thought.
- Guitar Player (www.guitarplayer.com) teaches more than three chords.

April 15 Spectator

The good weather lifts your spirit — until you look down at the mess

Here, along the brow, where the limestone falls away steeply, trees cling to the ledge.

Plastic grocery bags hang from their branches like icicles.

Beneath them, in great ugly drifts, the trash sweeps along the embankment.

Scores of coffee cups and cigarette boxes form a sickening carpet, punctuated here by a cinder block, there by an old glove.

The view from the railing by Mountain Park Avenue shows the sweep of Hamilton from east to west. Nowhere is it really any neater than this.

Look at this place, Hamilton! It's a mess! It's a pigsty!

Is this any way for a civilized 151-year-old to live?

Under a railway bridge in the west end of the lower city, among the cans and bottles lies a computer, smashed to bits, monitor and drive alike.

They told us computers would be everywhere someday.

The proverbial overturned shopping cart at the bottom of the gully is sadly much more than proverbial.

Elsewhere, a car battery sits abandoned in a parking space meant for a whole car.

At this time of year, after the snow has melted and before the leaves have come out, the city is laid bare, and its bad habits exposed.

This place is littered with trash. Look around. When you see one piece, you see a thousand.

Cigarette butts, drink cups, tissues, papers underfoot everywhere.

It's a sad reflection of our pride of place when we simply drop what's in our hands the second we're through with it.

Tangles of spent cassette tape form nests along the ground where some obstacle has stopped them.

Blister packs are burst and tossed aside.

Empty airplane bottles of vodka peek out from under bare hedges. Drained flask of Aqua Velva hides by the fence. Chinese cooking liquor in the parking lot proclaims, too late, "Not for use as beverage."

Every scrap in this depressing eyesore has been left behind not by accident or oversight.

On purpose. By choice. Without a thought. Just to spoil someone else's day. Almost never more than a few paces from a garbage can.

The animal lovers leave us dog turds by the sidewalk. Thawed and reconstituted by rain and sun, they ferment into a sickening stench.

Here on the edge of Corktown, a grocery bag has split at the seams, spilling old cat litter.

Over here, a toilet seat lies folded open like a charming invitation.

How does all of this get here? We never see anyone leaving it and, of course, we would never do it ourselves.

Where will it all go?

Trash does the talking when Hamilton goes walking. Tim Horton's. Taco Bell. Toffifay. Turtle pool.

Christmas trees toss like tumbleweeds in the back alleys.

Dangerous mosaics of broken glass have been pressed into the spring mud.

An empty envelope from the Government of Canada tells us the cheque has been cashed. The used lottery-selection slip means the number's up.

L. Hewitt rang up $50.?? on the June phone bill.

These are the days when the good weather lifts your spirit, until you lower your eyes to the trash.

Sometimes, when people feel their lives are out of control, they mutilate themselves. Is that what we're doing to our home when we open the window and pitch our crap on to the street?

Six frayed couches, three burned-out TVs, two stained mattresses, a mop, a lamp, a recliner, all in one heap, wait to be complained away.

What is in the mind of the litterer who drops the tire by the side of the road?

What is the person thinking who drops that roll of rotting carpet in the alley behind the restaurant?

Ah, the romance of sandwich wrappers, beer empties and spent condoms.

Hamilton in the spring.

Do we really deserve a better reputation when we treat our home like this?

Wade Hemsworth's column appears Tuesday, Thursday and Saturday.

April 16 Spectator

CRITERIA

Do you have what it takes?

Are you doing your part?
Are you helping the environment?
Are you? Want to? Can you?

If you answer yes to any of the above questions, skip to WHAT NOW?

If you answer No to any of these questions, then you're killing me! That's right! You're killing me. I said it twice and I'll say it again. YOU'RE KILLING ME! Each time you pollute, you're creating an environmental crisis. The air you breath, the water you drink, and the wildlife is being affected and destroyed. Now, please refer again to the italicized questions.

WHAT NOW?

Thank you for taking an interest in the environment. Ready to take it to the NEXT LEVEL? Here's what you do. Before or on the week of May 25, 1997 get some of your friends together and make a presentation to show how your school cleans up their act & cleans up their trash.. Our theme this year is A HEALTHY ENVIRONMENT = A HEALTHY ATTITUDE. Entries must be received by May 25 to Danielle Marchese.

WHY A CONTEST?

Hamilton is a beautiful city and a very beautiful place to live. Let's keep it that way. Better yet, let's improve on that. Let's make Hamilton a better place, a better home, and a cleaner environment. The award for these efforts - A BETTER, BRIGHTER, CLEANER FUTURE! But with every great idea it takes teamwork. It starts with you and I. Enter the contest and show everyone that you are environmentally aware and care.

PRIZES

"It only takes one person to make a difference. The difference you've made will live on in all of us! A brighter future is the crop of the harvest; the ultimate reward."
- Anonymous

We have consolation prizes for all those who participate*

1st Prize - 1 pizza party for your group with all the fixings. (Winners may submit a preference) Up to 5 toppings.

2nd Prize - 1 Fortinos sandwich platter

3rd Prize - lite lunch- 1 hot dog, bag of chips, and a can of pop per person

All groups will receive a certificate of participation from the Keep Hamilton Clean Committee

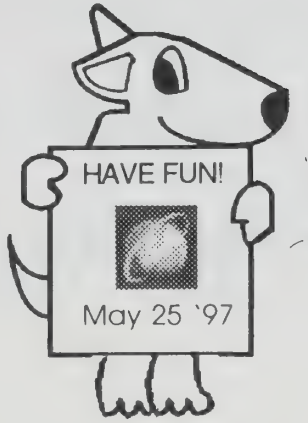

*Total value of prizes $100.00 Prizes are non negotiable!

ABOUT THE KHCC

The KHCC co-ordinates the Pitch-In activities in the Hamilton region. Last year, 58 tons of litter were collected during Pitch-In week not including regular weekly garbage collection. This committee is the central organizer for this function including advertising, garbage bag distribution and other functions.

The committee holds an annual Hot Spots Tour in which members of the committee travel around the city viewing selected messy areas that need to be cleaned up. With the help of media publicity, the committee encourages the owners to clean-up their property.

The committee also travels to various elementary schools to perform a puppet play teaching the importance of a litter free environment. Every Saturday in the comic section of the Hamilton Spectator, the KHCC has a contest in which children are asked to draw pictures related to a weekly environmental theme.

Dear Don,

RE: 1997 Pitch-In Week

Just a short note to confirm my telephone conversation earlier today with Ron regarding Pitch-In Week and the Keep Hamilton Clean Committee's commitment to funding.

I understand from Ron, that at the Wednesday, April 2 Committee meeting, it was agreed that $1,000 would be contributed to the cost of the garbage bags for the Pitch-In Week promotion with The Hamilton Spectator and CHML. Please convey our thanks to the Committee and I would ask that a cheque be forwarded to Stan Genno at your earliest convenience.

To date, Stirling Print-All and Fluke Transport have agreed to partner on this program and we have a couple of other companies we are waiting to hear from. Stirling will be doing the logo layout for the garbage bags - please forward to my attention a copy of the Pitch-In Week and/or Keep Hamilton Clean logos for inclusion on the bags and in print advertising. I would appreciate receiving the logo(s) by Friday, April 11.

In the meantime, please feel free to contact me should you have any questions or require any further information.

Sincerely,

Trish Simmons

PITCH-IN WEEK
8614

10(c)

Heintz, Don

From: Heintz, Don
To: VanVeen,allard
Cc: Volterman, Ron
Subject: FW: PITCH-IN Registrations You have received
Date: Wednesday, April 16, 1997 8:04AM

Media interest, we believe, relates to our "invitations to participate" that we sent out. CHML and the Spectator were going to do their own campaign this year by sending out a garbage bag in each copy of the Spec and by promoting cleaning up. When they saw our material and recalled our previous campaigns (I think that they may have recalled our efforts), they decided to suggest working together with us to enhance our campaign with massive coverage and to twin it with their own idea of 85,000 garbage bags going out in the Spectator and to have this occur on May 2nd, just in advance of the beginning (May 5th) of PITCH-IN Week. The Spectator is one of the Southam Chain of newspapers, by the way.

I am unaware if they have heard of the Ont. Fed. of Anglers and Hunters project or not ... they certainly did not say anything that I recall about it.

As far as next year's campaign is concerned, by all means, lets talk about it when you are ready. Our next meetings are May 7, June 4 and then September 3rd.

We do not yet have a WEB page but our Committee is referenced on the City of Hamilton's WEB page with my address as the e-mail contact. We are planning a sub-page of the City's Home Page in the near future for the Keep Hamilton Clean Committee. So, we're planning on being around for quite some time.

Allard ... take care and we'll be talking to you soon.

As an aside to Ron Volterman, the Chair of our Committee, I will call Lori to ensure that she has these groups registered before this evening.

From: Pitch-In Information
To: dheintz; Heintz, Don
Subject: Re: PITCH-IN Registrations You have received
Date: Tuesday, April 15, 1997 7:32PM

Hi Don:

Your email just received - 6:30 PM Wednesday here.

Rather than firing up the computer, I'll provide groups registered, contact names & phone #'s here now:

Gibson PS - Doug Kaiura - 544-0542
Hess St. School - Horlacher (not sure gender) - 527-1439
Linden Park Elem School - "Joyce" - 385-5365
R.A. Riddell School - "Pollock" - 387-3351
Robert Land School - Sharon Gowland - 527-1563
Senera School - Carol Moffatt - 385-3241
St. Bernard Elem. - "Toth" - 561-8247
St. Helen School - Catherine Fusina - 545-0532
Strathcona School - "Salmon" - 527-2470
Westdale Secon. School - Anne Klaus - 522-1387

That's it as of today. Still registrations to go on computer and some still coming in.

Sorry about not getting these to you sooner Don...totally my fault, it had slipped passed. We are all volunteering for the Ontario campaign this year, so I am working on all cylinders to keep up!

Is media interest your doing or is it also to do with our promotional campaign being mounted by the Ontario Federation of Anglers and Hunters. They are doing a "contest" with many Ontario stations and there has been a great deal of interest...

Sounds like your campaign could be growing if the media keeps up!

For your info: we are talking to possible sponsors for 1998 but it is difficult. We should talk about how things might work next year as we don't want to lose Hamilton's support!

Cheers
Allard

12

INVITATION TO BAY AREA ENVIRONMENTAL GROUPS TO PARTICIPATE IN THE 18TH ANNUAL ENVIRONMENTALIST OF THE YEAR DINNER, WEDNESDAY, JUNE 4, 1997

The **18th Annual Environmentalist of the Year Banquet** will be held on Wednesday, June 4, 1997, at the Hillcrest Restaurant, Upper Wentworth and Concession Streets, Hamilton, starting at 6:00 pm. At this banquet we honour persons who have made outstanding contributions to the environmental cause in the past year. The occasion is also an enjoyable social get-together and an opportunity for informal networking among representatives of municipal and regional governments, environmental and conservation groups, proponents of the Hamilton Harbour Remedial Action Plan, and citizen activists. While the presentation of awards is the climax of the evening's program, we take advantage of the gathering to present a speaker of note and some lighter entertainment. This year we are inviting local environmental or conservation groups in the Bay Area to present brief written and spoken reports of their activities/progress/concerns over the past year. We propose that instead of a single speaker, up to 9 of these reports would be presented orally, after dinner, by representatives of the organizations from which they originate. The **written** reports, all of them, would be collated and printed as a collection for Banquet attendees to take home and read. We think that the combination of oral presentations and printed summaries will provide a useful overview of ongoing environmental activities in the Bay Area. It may turn out that another group has the solution to a problem that vexes you and vice versa.

By this announcement we are asking your group to participate in this information exchange by submitting a summary report. The report may contain both text and graphics but should be legibly photo-copiable in black-and-white onto a single 8 ½ by 11 inch sheet. The report may contain a list of goals, ongoing projects, progress reports, problems, concerns, etc. pertinent to your organization. The report should also identify the person(s) selected by your group to present the report orally (telephone number, please). The Environmentalist of the Year Dinner Organizing Committee will select up to 9 reports for oral presentation and will notify the presenters. If you do not wish to make an oral presentation, please so indicate on the report you submit. Oral presentations should be trimmed to a maximum of 5 minutes.

For further information (and tickets to the Environmentalist of the Year Banquet - $25.00 each), please call Farrell Boyce [(905) 525-7935], or John Struger [(905) 547-5116 (r); (905) 336-4966 (b)], or Bill Randall [(905) 388-2494]. Reports should be mailed to Farrell Boyce [305 Northshore Blvd. West, Burlington ON, L7T 1A6] before 21 May, 1997]

a) T-shirts deferred to January, 1998

15. **ADJOURNMENT**

M:\W\STORAGE\CLEAN_CC\MEETING\MTGNOTIC

Wednesday, 1997 May 07
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Ron Volterman, Chairperson Jim Auty, Vice-Chairperson Michael Cuberovic Cathy Vucic Lori Nethercut Rick Butson Claudette Kabitsis Raffaella Brugnano
Regrets:	Frank Noto-Campanella Danielle Marchese Frank Westaway Mark Alan Whittle
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for meetings held 1997 April 02 and 1997 April 16. These minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson, commended the Committee for its endeavours over the past months.

3. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

4. CORRESPONDENCE

a) April 4th Letter from Conservation Foundation of Hamilton regarding Earth Day event at Kelsey's Restaurant

This item was discussed at the Committee's 1997 April 16th meeting. The admission would be reimbursed for Committee members who attended the event upon submission of a receipt.

b) Earth Day Brochure and "Free Ride" Coupons

A copy of this item was enclosed with the minutes for the Committee's interest.

c) E-Mail note from Larry Harvey, Building Department re: 133 Stinson and 145 Emerald (from Hot Spot call)

Don Heintz received an E-Mail note from Larry Harvey regarding litter hot spots at 133 Stinson St. and 145 Emerald St. These locations have been added to the Litter Hot Spots Tour list.

d) Scanned Photo of "Litter Hot Spot" from Mark Alan Whittle

This item was enclosed with the minutes for the Committee's interest.

e) Action 21 Network brochure from Environment Canada

The Committee was in receipt of a brochure from Environment Canada regarding Action 21 Network's request for story submissions dealing with environmental citizenship.

f) Letter of Thanks from Connie Chiu, winner at the Hamilton District Science Fair

The Committee was in receipt of a letter of thanks from Connie Chiu, winner of the Keep Hamilton Clean Committee award at the 1997 Hamilton District Science and Engineering Fair.

g) The Gander

This item was enclosed with the minutes for the Committee's interest.

h) IGA Clean-Up letter and notice

The Committee was in receipt of a letter from Karen Eagle regarding IGA's clean-up event on 1997 April 26.

i) Spectator Article "It's easy being green on the Web"

This article from the 1997 April 15th edition of the Spectator was enclosed with the minutes for the Committee's interest.

j) Spectator Article "The good weather lifts your spirit - unless you look down at the mess"

This article from the 1997 April 16th edition of the Spectator was enclosed with the minutes for the Committee's interest.

5. YOUTH AFFILIATE

a) Brochure and Entry Form

Claudette Kabitsis reported that she had contacted all the secondary schools in Hamilton to inform them of the Youth Affiliate Contest. The contest deadline is 1997 May 25. The Committee will select the winner on 1997 May 30, after the Hot Spots Tour.

6. EARTH DAY ACTIVITIES

Lori Nethercut represented the Committee on CFMU's Earth Action Day on 1997 April 22.

Several Committee members stated that Earth Day activities often decreases attention paid towards Pitch-In Week promotions. The Committee discussed methods of increasing media attention for Pitch-In Week. Some members suggested that Mayor Robert Morrow could assist with promoting Pitch-In Week.

7. MALL DISPLAY

Jim Auty reported that he did not set up the mall display at the Eco-Festival at Bayfront Park on 1997 April 22 due to inclement weather conditions

8. HAMILTON DISTRICT SCIENCE AND ENGINEERING FAIR

Ron Volterman, Frank Noto-Campanella, and Raffaella Brugnano acted as judges on behalf of the Committee at the HDSEF on 1997 April 03. Ron Volterman and Raffaella Brugnano reported that there were a number of projects at the science fair dealing with the Committee's mandate. The recipient of the Keep Hamilton Clean Committee Award was Connie Chiu. Her project dealt with using scrap tires as an aggregate for concrete. Ron Volterman noted the high calibre of this project.

9. INTERNATIONAL COASTAL CLEANUP

Michael Cuberovic reported that the cost for insurance for the two dive days for the International Coastal Cleanup is approximately $500. Ten divers will participate in the preliminary dive while twenty divers will participate in the actual dive on 1997 September 21. Michael Cuberovic stated that an organizational meeting will be held prior to the preliminary dive. The Committee approved a motion to support the International Coastal Cleanup dive in principle, and to commit $500 for insurance and other sundry expenses provided that additional information will be supplied to the Committee at the 1997 June 11 meeting. The Beach cleanup component of the International Coastal Cleanup will be postponed till next year.

10. PITCH-IN

a) CHML/Spectator Arrangement - Letter of 1997 April 7 from Spectator

The Committee contributed $1000 towards the Pitch-In Week promotion, including $250 obtained from corporate sponsors.

b) Bus Advertising

The Spectator and CHML were responsible for providing logos of the corporate sponsors involved with the Pitch-In week campaign.

c) E-Mail from Pitch-In

Don Heintz received a list of contact names of participants for Pitch-in Week from Allard VanVeen, Pitch-In Canada.

d) Ongoing Events This Week

Al Marshall reported that the Concession Street merchants organized a clean-up event this past week.

e) Problems and Concerns and preliminary evaluation

Pitch-In Week bags were enclosed with the 1997 May 01 edition of the Spectator.
The Committee wished to thank Wade Hemsworth for writing his article, "The good weather lifts your spirit - until you look down at the mess", concerning litter in Hamilton.
The Committee provided a list of Pitch-In Week participants to the Spectator/CHML; however, there have not been any 'on the spot' interviews as stated in the Pitch-In Week campaign package.
Members will evaluate the Pitch-In Week campaign at the next meeting.

11. INTERNET

The Committee is currently referenced on the City of Hamilton's web page. Jim Auty has a number of pictures to be used for the Committee's page. Jim Auty agreed to contact Stan HollowellM: to set up the Committee's sub-page on the City's web-site.
The Committee agreed to purchase advertising on the Freenet in September for the International Coastal Cleanup.

12. ENVIRONMENTALIST OF THE YEAR DINNER

The Environmentalist of the Year Dinner will be held on 1997 June 04 at the Hillcrest Restaurant. The Committee approved a motion to purchase tickets for Committee members, staff, and youth affiliate wishing to attend the dinner. The Committee expressed interest in setting up the mall display at the Hillcrest on June 04, 1997. Don Heintz reported that there will be no speaker at the dinner this year; however, all groups were asked to submit information on their activities. Ron Volterman agreed to submit information on the Keep Hamilton Clean Committee.

13. NOTICE OF ELECTIONS AT JUNE MEETING

Ron Volterman informed the Committee that elections for Chairperson, Vice-Chairperson, and Secretary will be held at the June Meeting.

14. DATE OF NEXT MEETING

The Committee approved the motion to hold its next meeting on 1997 June 11. A quorum must be met in order to hold the elections at the June meeting.
The Committee will judge the winning entries of the Public Service Announcement at the June meeting.

15. OTHER BUSINESS

a) Spectator article, "Ad man R.T. Kelly started Clean Up Week"

This article from the 1997 May 03 edition of the Spectator was provided for the Committee's interest.

b) Hot Spots Tour

The Hot Spots Tour will be held on 1997 May 30. All members are asked to be at City Hall at 8:30 a.m. The media will be invited to attend the tour.

c) The Committee was in receipt of a memorandum on vacancies on City Committees, Boards and Commissions.

d) The Committee was in receipt of a copy of a letter sent to Bob Chrystian, Manager of Parks from Gerry Ward.

e) The Committee was in receipt of a letter from Doris Sanchez requesting Spotless - The Litter Watch Dog's presence at the Concession Streetfest on 1997 June 07.

16. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Ron Volterman, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Hamilton Cultural and Ethnic Mosaic Association

5(a)

This letter is to introduce the above mentioned organization.

We are a non-profit charitable organization, who was instrumental in organizing a cultural style parade, 'Kaleidoscope' in the city of Hamilton, August 17th, 1996.

In 1996, the organization organized a parade known as 'Kaleidoscope' to celebrate Hamilton's 150th birthday (Sesquicentennial), for which we received front page media coverage and great reviews both on electronic and print media of the success. (See enclosed article).

Please return the enclosed application form and accept this letter as an invitation to you and your band or sections of your band to participate in the 'Kaleidoscope' Parade, Saturday August 16th, 1997.

We do not give cash prizes, however, trophies will be awarded for 1st, 2nd and 3rd prizes.

The committee has the support of Mayor Bob Morrow, Mayor of Hamilton, Cultural and Ethnic Communities, and our goal is to grow into a successful, viable organization which is inclusive.

Please return the enclosed application form together with your entry fee and we will inform you promply of your acceptance for 'Kaleidoscope 97'.

Sincerely

Rennie Osbourne

INVITATION TO BAY AREA ENVIRONMENTAL GROUPS TO PARTICIPATE IN THE 18TH ANNUAL ENVIRONMENTALIST OF THE YEAR DINNER, WEDNESDAY, JUNE 4, 1997

The **18th Annual Environmentalist of the Year Banquet** will be held on Wednesday, June 4, 1997, at the Hillcrest Restaurant, Upper Wentworth and Concession Streets, Hamilton, starting at 6:00 pm. At this banquet we honour persons who have made outstanding contributions to the environmental cause in the past year in the Region of Hamilton-Wentworth. The occasion is also an enjoyable social get-together and an opportunity for informal networking among representatives of municipal and regional governments, environmental and conservation groups, proponents of the Hamilton Harbour Remedial Action Plan, and citizen activists. While the presentation of awards is the climax of the evening's program, we take advantage of the gathering to present a speaker of note and some lighter entertainment. This year we are inviting local environmental or conservation groups in the Bay Area to present brief written and spoken reports of their activities/progress/concerns over the past year. We propose that instead of a single speaker, up to 9 of these reports would be presented orally, after dinner, by representatives of the organizations from which they originate. The **written** reports, all of them, would be collated and printed as a collection for Banquet attendees to take home and read. We think that the combination of oral presentations and printed summaries will provide a useful overview of ongoing environmental activities in the Bay Area. It may turn out that another group has the solution to a problem that vexes you and vice versa.

By this announcement we are asking your group to participate in this information exchange by submitting a summary report. The report may contain both text and graphics but should be legibly photo-copiable in black-and-white onto a single 8 ½ by 11 inch sheet. The report may contain a list of goals, ongoing projects, progress reports, problems, concerns, etc. pertinent to your organization. The report should also identify the person(s) selected by your group to present the report orally (telephone number, please). The Environmentalist of the Year Dinner Organizing Committee will select up to 9 reports for oral presentation and will notify the presenters. If you do not wish to make an oral presentation, please so indicate on the report you submit. Oral presentations should be trimmed to a maximum of 5 minutes.

For further information (and tickets to the Environmentalist of the Year Banquet - $25.00 each), please call Farrell Boyce [(905) 525-7935], or John Struger [(905) 547-5116 (r); (905) 336-4966 (b)], or Bill Randall [(905) 388-2494]. Reports should be mailed to Farrell Boyce [305 Northshore Blvd. West, Burlington ON, L7T 1A6] before 21 May, 1997]

6(a)

KEEP HAMILTON CLEAN CONTEST; SCOTT PARK SECONDARY SCHOOL

The following video tape is arranged as a 'typical day' at Scott Park Secondary showing our committment to the environment in Hamilton.

Introduction: by H.O.M.E. (Help Our Mother Earth) club members.
Period One: Time to recycle fine paper again. Each homeform has a recycling box and students carry the boxes to the elevator so the paper can be bagged and transported to Fine Paper Recycling on Cannon St. The proceeds from the paper buys plants and is used to sponsor environmental contests during the school year with prizes, of course.
Period Two: It's Pitch In Day at Scott Park. Over 100 students participate. We also plant flowers and our Earth Day tree.
Lunch time: Cafeteria plants must be watered, Bonnie shows us her 'litterless lunch' and Jason captures the new paper shredders on film. (Shredders supplied by H.O.M.E.)
Period Three and Four: We take the O.A. class to Third Sector Recycling. The tour is arranged by a student as part of her Independent Study Unit on the Environment. A quiz follows and class members win T-shirts (worn by Karur) tiny key chain recycling boxes, 'recycled gum' and small blue boxes for computer discs.

In all these activities, the students had a good time doing something good for the environment. We have shown that a healthy environment equals a healthy attitude and vice versa.

INVITATION

The Keep Hamilton Clean Committee invites members of the media to attend the annual "Litter Hot Spot Tour" to be held Friday, May 30, 1997.

The Tour leaves the rear of Hamilton City Hall, upper level, at 0830 A.M. and returns by approximately 2 P.M. .

As in previous years, the committee will identify the City's worst litter spots and will rank the top 10 offenders.

The committee will be accompanied by representatives from the Public Works and Property Standards departments.

News coverage during this event is welcome. Should you have questions regarding arrangements, please contact either Don Heintz, Public Works, 546-3920 or Michael Cuberovic, Media and Promotions Liaison, Keep Hamilton Clean Committee, 578-3222.

Note: As in previous years, our "top-secret" list of litter hot spots will not be disclosed until the tour is ready to depart City Hall.

Sincerely,

Michael Cuberovic

CN tops trash list

Group names eyesores

By BARBARA BROWN
The Spectator
HAMILTON

We're not talking gum wrappers or cigarette butts, but major eyesores and illegal dumps.

There are heaps of old tires, abandoned appliances, crashed shopping carts, beat-up furniture, water-soaked mattresses, broken glass, buckets of strange, gooey substances and piles of construction debris.

The kind of stuff that lowers property values and raises safety concerns about children playing in the area.

Since 1986, the Keep Hamilton Clean Committee has been receiving citizens' complaints and having no trouble coming up with a yearly list of the city's 10 worst litter hot spots.

This year, the dubious distinction of first prize goes to CN Rail for garbage strewn along its tracks off Birge Street between East Avenue and Emerald Street North.

The 12-member committee made its decision late yesterday afternoon after touring the worst sites. CN's public affairs office had no one available to comment.

The committee chose a small, wooded ravine behind an apartment building complex off Quigley Road at Albright Road as its second-prize environmental mess.

"As you can see, children come here to play and they've made these paths. It's really sad to think of kids running in and out of all this dangerous junk," said Rick Butson.

Committee chairman Ron Volterman, a health and safety representative at appliance-maker Camco, scans the piles of tires, discarded Christmas trees, broken glass and boards with nails sticking out and shakes his head.

"This is another one of those areas where they just back up a pickup truck late at night and pull out all this junk and dump it over the side."

The committee said it starts with one person dumping an unwanted mattress behind a cover of brush and before long the place is piled high with junk and debris.

What bugs the 12-member committee most is that the city has a free program for special garbage pickups and will haul away all sorts of white elephants and dead appliances.

To arrange for a pickup, call the public works department at 546-2785 two days before normal garbage-collection day. "You carry it to the end of your driveway and they come and pick it up," said committee member Lori Nethercut. "Surely that's a heck of a lot easier than calling up your buddies at midnight and hauling it away to dump off some cliff."

Other litter hot spots this year include an alley behind an abandoned church on Barton Street East, an automotive compound at the rear of Centre Mall, Grandville Apartments on Grandville Avenue, vacant lots on Grosvenor Avenue North, Upper Sherman Avenue and Upper Wellington Street, a pull-off along York Boulevard near Highway 403 and a water-pumping station east of Greenhill Avenue.

City inspectors will serve owners with an order to clean up. Owners have seven to 10 days to comply. After that, the city hires a private contractor to clean up and adds the cost to the property tax bill. They may also face a fine of up to $2,000.

Kathy Vicic and Lori Nethercut survey an illegal dump near Quigley and Albright roa

John Rennison, The Spectator

10

Chair, and Friends
Greetings.

It is with great pleasure that the Keep Hamilton Clean Committee (K.H.C.C.) is able to speak with you tonight.

The Keep Hamilton Clean Committee is a committee comprised of 12 citizen volunteers who are selected by the Transport and Environment Committee, of Hamilton City Council. The committee has been in existence since 1986.

The mandate of the committee is to bring public awareness to the problem of litter, illegal dumping, graffiti and in general, keeping the community clean.

I would say the largest impact the committee has in the community is the co-ordination of PITCH-IN WEEK events. PITCH-IN WEEK occurs annually during the first week of May each year. The support of the local community for this event has been great and is growing every year. The K.H.C.C. organizes the distribution and collection of 8,000 to 10,000 PITCH-IN garbage bags, and the distribution of 600 dozen pairs of gloves to assist groups in this week long community clean up. During last year's PITCH-IN WEEK, 78 tons of litter in 23 lugger bins, was cleaned up by 153 schools, 50 Scouting groups, and numerous community groups like yourselves.

This year with the assistance of 900 CHML, Fluke Transport, and Sterling Printall, the K.H.C.C. worked in conjunction with the Hamilton Spectator to distribute 86,000 PITCH-IN WEEK garbage bags to homes in the Hamilton-Wentworth Region, to aid in the public awareness of keeping neighbourhoods clean.

Our committee organizes the annual "Hot Spots Tour". Each year a number of eye-sore hot spots are toured, which have been identified by citizens and committee members alike. With the assistance of the local media, the perpetrators of these messes are shamed into cleaning their areas of concern. This has led to approximately 9 areas being cleaned annually (some of them permanently).

The education of the youth in our city has not been forgotten. The "Spotless" puppet play has been performed to over 800 school children aged 4 to 7. Also, the "Spotless Spot" in the Hamilton Spectator weekend comic section has about 1,500 drawings submitted annually from school aged readers. They are encouraged to submit a picture on a theme relating to litter or debris clean up. Our committee also received responses from over 400 of the city and region's youth for our Bus Poster Campaign, that the committee sponsors. The winning entrant gets her or his drawing on the actual bus poster advertising PITCH-IN WEEK.

Our committee is actively involved in other community events. Our mascot "Spotless, The Litter Watch-dog" makes numerous appearances at neighbourhood clean ups, schools, senior day events, the Santa Claus Parade, and many more events.

The committee is involved in many other areas. The committee sponsors a Public Service Announcement Competition, in co-operation with the Mohawk Collage Visual Arts Department. We sponsor an award at the annual Hamilton And District Science And Engineering Fair. The winner is the entry that best reflects the committee's philosophy of reducing litter. We have a mall display that makes its way around Hamilton, giving a pictorial display of our committee and its activities.

The Keep Hamilton Clean Committee was selected in 1994 as one of the six recipients of the Clean World Award in Ontario, with only thirty-one Awards being given across Canada for 1994. This prestigious Award was established in 1993 by the Board of Directors of Pitch-In Canada in co-operation with Clean World International to recognized individuals, educational institutions, communities or organizations for their sustained action to improve Canada's environment.

Our committee has been recognized by the Guinness Book Of Records for the most volunteers participating in litter clean up of one City in one day.

We on the committee are not alone in our endeavours. The people here tonight show this. We are all doing in our own little way, our own little effort, to reinforce what the United Nations has called Hamilton, "a showcase to the world as an environmentally conscious city".

In closing, on behalf of the committee, I wish to thank you for letting our committee showcase itself for a few minutes. We hope that the rest of the evening is as enjoyable for you as it is for us.

THANK YOU.

Re: Cleaning of Ravine Lands Adjacent to Your Store

As part of PITCH-IN Week in Hamilton, a group of volunteers cleaned the ravine area in behind your property on Saturday, May 10th. During that clean up, a great deal of cardboard and other wrapping products were found which apparently emanated from your location.

Items such as wrapping paper, styrofoam and other materials from your operation were found.

This letter is to request your assistance in keeping the area clean by ensuring that none of the material from your store ends up in this ravine area.

Your co-operation will help keep this area clean and free of debris.

Yours truly,

Ron Volterman
Chair, Keep Hamilton Clean Committee

c.c. Alderman C. Collins, Ward 5

Subject: Call from Linda Pope @ 544-1325 to Don Heintz

1 1(c)

I responded to this call of concern by calling and talking to her.

She said that she has already contacted her Alderman for the east end in an attempt to stop PITCH-IN Week from occurring. She said that, given our society, it is too dangerous for kids to be out there picking up syringes and condoms, etc.

I tried to explain that this program is a litter clean up program, that it is nation-wide, that we urge safety and protection of kids, that we supply garbage bags and gloves but that it is the school or other group who is responsible to obtain permission from parents, if required, etc. and that all we provide is publicity, bags etc and that we have not forced anyone to participate.

I explained about the safety rules sheet that we put out that specifically says to warn kids not to go near needles etc.

She ended up by thanking me for my return call (which she apparently had not expected that she would get(?)) and asked that her concerns be made known to the committee.

I advised he that I understand her fears for the wee ones but that the better solution than leaving the material on the ground was better supervision of the smaller people.

1 1 (e)

First indications are that the event/week was successful.

We are happy with most of what happened last week. Our next meeting is on June 11. At that time, we will critique our efforts, those of our corporate sponsors (CHML Radio and the Hamilton Spectator, primarily) and see how we can turn those areas that we want to improve into positives for next year. Would you be interested in a summary of our review of PITCH-IN '97? If so, I will try to send you off a note on this after the 11th of June.

On balance, I'm sure that there were many good things about this year's efforts.

ADOPT-A-ROAD PROGRAM
Information Package

13

Thank you for your interest in our program. The following package will introduce you to the Adopt-A-Road Program and explain a little of how the program is run.

What is the Adopt-A-Road program, you ask? Well, its a program whereby various service groups volunteer to assist in providing a cleaner environment and more scenic roadway system by collecting, for disposal, refuse and debris from the road allowance.

This program started in Texas and has spread throughout the United States and now into Ontario. Over 45 states have a program. Ontario is the first Province that we are aware of to start one.

The Region of Hamilton-Wentworth decided to join in with this type of program both from the point of public relations and from the fact that budget restraints have reduced the monies available to have litter picked up. There has been no reduction in the miles of road to be maintained, in fact, it has increased. Our money is now directed towards the preservation and safety of the roadway system and this takes on a higher priority than does keeping the ditches clear of litter.

If your group or organization is interested in the Adopt-A-Road program, you will be required to enter into an agreement with the Region of Hamilton-Wentworth agreeing to pickup litter on a minimum 2 kilometre length of Regional road over a two year period. In turn the Region will supply safety equipment and training and place a sign at each end of the adopted section, naming the group involved in the program in recognition of their efforts. The agreement states that the adopted section of road allowance be cleaned at least three times each year. The pick ups must be done during periods of good visibility and during daylight hours. Pick up would stop in the event of rain, fog, etc, and will not be carried out on dates specified by the agreement with the Region, i.e. long weekends or holidays. We specify this because of the increase in traffic and the availability of our staff.

The Region will require 48 hours notice before pick ups so arrangements can be made for our work crews to pick up the bags of litter and transfer them to a disposal site.

..... Cont'd

Once an agreement has been approved and finalized, the Region will run a short training session to ensure your volunteers are able to carry out the program properly and safely. We do not want anyone injured while doing this and participants must be made aware of the risks involved.

The minimum age of those participating has been selected as thirteen. We believe that this is a responsible age when participants can be expected to understand and apply the rules of safety.

The Region will supply a "kit" to your group or organization, after the agreement has been finalized, consisting of; 10 safety vests, 3 traffic cones, 1 box of clear garbage bags, 100 flags (for tagging heavy debris and hazardous items that will be picked up by our crews), and safety guidelines for volunteers.

Enclosed with this information package is an agreement form which should be filled out, fully indicating what section of road allowance your group is interested in and return to the following address:

The Regional Municipality of Hamilton-Wentworth
c/o Vince Zingaro
Project Manager (R.O.W.)
71 Main Street West
Hamilton, ON L8N 3T4

Once we have received your application to enter into an agreement and have approved the stretch of road your group or organization wishes to adopt, we will finalize your Adopt-A-Road Agreement and will be in touch to set up the training session for your group.

Again, thank you for your interest in this program and should you have any questions please feel free to contact our office at (905) 546-2805 or (905) 546-2808.

Vince Zingaro
Project Manager (R.O.W.)

Hamilton-Wentworth

Clean

The Regional Municipality of Hamilton-Wentworth

ADOPT
- A -
ROAD
PROGRAM

Sponsored by

TRANSPORTATION DEPARTMENT
ROAD MAINTENANCE SECTION

ADOPT-A-ROAD PROGRAM

In May 2, 1995 the Council at the Regional Municipality of Hamilton-Wentworth authorized staff to organize and implement an Adopt-a-Road Program as a public service program for volunteers to pick up litter along certain Regional rights of way. It is a way for environmentally conscientious citizens, community and civic organizations, private businesses and industry to contribute to a cleaner environment and a more beautiful Regional road system.

Under the program, groups or individuals agree to adopt a section of Regional right of way and keep it clean. In addition to the satisfaction gained by providing for a cleaner environment, the volunteers are recognized by a sign erected by the Region acknowledging their efforts.

Volunteer's Responsibilities

Volunteers participating in the Adopt-a-Road Program agree to:

- Appoint or select an authorized group representative to act on behalf of the group.
- Ensure that the authorized representative attends an annual safety meeting provided by the Region and in turn provide safety training to volunteers of his organization.
- Ensure provision of all transportation, supervision, safety equipment and medical/first aid service.
- Pick up litter, a minimum of three times per year to maintain a clean right of way.
- Collect litter only from the adopted right of way section.
- Notify the Region prior to and following each clean up.
- Utilize all appropriate safety equipment as provided by the Region and follow the safety rules contained in the agreement.

Region of Hamilton-Wentworth's Responsibilities

The Region will:

- Select a specific section of Regional right of way to be adopted taking into consideration the organization's stated preference).
- Provide safety vests, road work signs, trash bags, safety information and training, flags and traffic cones.
- Erect sign with the group's name displayed at the beginning and end of each adopted section of right of way.
- Remove and dispose of filled trash bags.
- Remove litter from the adopted right of way section that have been flagged by the group as being too large, heavy or hazardous for the group to remove.

General

Each group is required to sign an agreement agreeing to the terms and conditions of the program.

The agreement contains a form to be signed by the participants which holds the Region of Hamilton-Wentworth harmless from any responsibility for any injuries or damages that they may cause or suffer as the result of participating in the program.

Youths under the age of 18 years of age involved in the program must have a signed consent form from the parent or guardian.

Detailed information regarding participation in the Adopt-a-Road Program may be obtained by contacting the following:

Project Manager (R.O.W.) - Roads Division
Transportation Department
The Regional Municipality of Hamilton-Wentworth
71 Main Street West, 6th Floor
Hamilton, Ontario L8N 3T4

Telephone: (905) 546-2808 or alternate (905) 546-2805
Fax: (905) 546-2870

IN CASE OF EMERGENCY

- have a first-aid kit immediately available.
- pre-select the most direct route to the nearest medical emergency facility.
- always have transportation immediately available.
- know where the nearest telephone is located.

The Regional Municipality of Hamilton-Wentworth

Thank you for participating in the Regional Municipality of Hamilton-Wentworth ADOPT-A-ROAD PROGRAM

The Region encourages recycling whenever possible.

SAFETY

Guidelines for Volunteers

Adopt A Road Program
AR
Keeping Hamilton-Wentworth Clean!
Hamilton-Wentworth

THINK SAFETY

There are a few simple rules worth remembering when it comes to safely working along the roadway. These rules must be reviewed by all volunteers before each cleanup session.

VOLUNTEERS MUST:

- receive annual Region of Hamilton-Wentworth safety training prior to the first pickup of the year and review safety rules before each cleanup.
- be at least 13 years old.
- provide at least one adult (19 years or older) supervisor for each 5 workers.
- always wear a Region approved safety vest.
- display the "road work" sign before starting the cleanup.
- carpool to minimize the number of vehicles at the worksite and always disembark from the vehicles on the side adjacent to the ditch.
- park parallel to the road and as far off the travelled portion as possible.
- park vehicles on the same side of the roadway as the volunteers.
- cleanup only one side of the roadway at a time and work towards oncoming traffic.
- drive to the opposite side of the roadway when switching sides.
- pickup litter during daylight hours only.
- flag hazardous and unidentifiable items for pickup by Regional staff.
- stay clear of any maintenance or construction operations and equipment.
- stay clear of any water hazards.
- discontinue work in inclement weather.
- place filled trash bags at the designated pickup site(s).
- close the "road work" sign when finished the litter pickup.

VOLUNTEERS MUST NOT:

- disembark from vehicles until "road work" sign has been displayed.
- walk or pick up litter on the pavement, shoulder, or in the median.
- work on bridges, overpasses, steep ground or in tunnels.
- walk across the pavement to switch sides.
- touch or pickup hazardous items or anything that cannot be identified.
- wear clothing or display material that might distract motorists.
- use or possess illegal drugs or alcoholic beverages before or during the cleanup.
- step or jump on trash bags.

FOR YOUR OWN SAFETY

- stay mentally alert at all times.
- wear protective footwear and gloves.
- wear light-coloured clothing that covers arms and legs.
- wear a baseball cap or wide-brimmed hat and sunscreen lotion.
- drink lots of fluids while you work, especially on hot humid days.
- be aware of any special needs of fellow volunteers (i.e. medical)
- avoid over exertion.
- stay alert for and avoid hazardous plants (i.e. poison ivy) and stinging insects.
- keep an adequate supply of flags and trash bags on hand.

NOTICE OF MEETING

Keep Hamilton Clean Committee

Wednesday, 1997 September 3
7:30 o'clock p.m.
Room 219, City Hall

Don Heintz, Staff Advisor
Keep Hamilton Clean Committee

NOTE: In order to ensure that there are enough members present at the meeting to form a quorum, it is up to Committee Members to notify the Committee's Staff Advisor at 546-3920 at least 24 hours in advance, it you are unable to attend.

Note: Due to the Coastal Clean Up Campaign and decisions that will be required at the September meeting, it is imperative that a quorum be in attendance at this meeting.

AGENDA

1. **ADOPTION OF MINUTES**

   Minutes of the Keep Hamilton Clean Committee for meetings held 1997 June 11.

2. **CHAIRPERSON'S REMARKS**

3. **BUSINESS ARISING FROM THE MINUTES**

4. **CORRESPONDENCE**

a) Vision 2020

b) Book on Bob Jaggard (available at the meeting)

c) Spectator Article on Bob Jaggard

d) Stoney Creek News article on CLEAR^3

e) Spectator Article "Cleaning up sign pollution"

f) E-Mail - Hamilton Street Railway to attend KHCC

g) Report to Planning and Development Committee - Public Service Announcements

h) Western Lake Ontario Environmental Coalition Minutes

i) Hamilton Cultural and Ethnic Mosaic Association

j) Keep Hamilton Clean Membership List

k) Hamilton Corporate Challenge

5. **COMMITTEE ACTIVITIES AND MEMBERS' RESPONSIBILITIES**

6. **YOUTH AFFILIATE** (Claudette Kabitsis to report)

7. **MALL DISPLAY** (Jim Auty to report)

8. **INTERNATIONAL COASTAL CLEANUP** (Michael Cuberovic to report)

a) Proposal For Underwater Component

b) Brochures and "Coastal Connections" publication (sent under separate cover) ← sent only to committee members (not received by MPL)

c) Centre For Marine Conservation

d) Letter to St. John Ambulance

e) Letter to HMCS Star Naval Reserve

f) Hamilton Harbour Commissioners - Diving reports

g) Letter to Margaret Walton regarding 1996 Coastal Clean Up

h) E-Mail and Release Form

9. **PITCH-IN**

   a) Further Evaluation

   b) E-Mail Correspondence With PITCH-IN

   c) Letters to Lugger Bin Suppliers

   d) Children's Bus Poster Contest

10. **SPECTATOR - SPOTLESS SPOT** (Mark Alan Whittle to report)

11. **INTERNET** (Jim Auty to report)

12. **OTHER BUSINESS**

13. **ADJOURNMENT**

M:\W\STORAGE\CLEAN_CC\MEETING\MTGNOTIC

Wednesday, 1997 June 11
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:

Ron Volterman, Chairperson
Jim Auty, Vice-Chairperson
Lori Nethercut
Rick Butson
Michael Cuberovic
Danielle Marchese
Kathy Vucic
Mark Alan Whittle
Raffaella Brugnano

Regrets:

Frank Noto-Campanella
Claudette Kabitsis
Frank Westaway

Also present:

Don Heintz, Public Works Department
Al Marshall, Public Works Department
Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1997 May 07. These minutes were adopted subject to the following amendments:

Item 4 j) Spectator Article "The good weather lifts your spirit - until you look down at the mess"

Item 9 Ten divers will participate in the preliminary dive while a maximum of twenty-five divers will participate in the actual dive on 1997 September 21.

Item 10 a) The Committee contributed $1000 towards the Pitch-In Week promotion, which included $250 obtained from corporate sponsors.

The minutes were adopted as amended.

2. CHAIRPERSON'S REMARKS

Ron Volterman, Chairperson, thanked the Committee for being elected Chairperson for three years. He stated that the Committee has been very responsive to new initiatives over the past year. He also thanked Don Heintz for his assistance during his term as Chairperson.

3. ELECTIONS

a) Chair

Ron Volterman called for nominations for the position of Chairperson. The following nominations were received:

Lori Nethercut
Michael Cuberovic

Michael Cuberovic declined his nomination since his term of office is to expire at the end of 1997. Lori Nethercut accepted the position and thanked the Committee.

b) Vice-Chair

Lori Nethercut assumed the Chair and called for nominations for the position of Vice-Chairperson and the following nominations were received:

Jim Auty
Rick Butson

After a ballot, Rick Butson was elected as Vice-Chairperson of the Keep Hamilton Clean Committee.

c) Secretary

Lori Nethercut, Chairperson, called for nominations for the position of Secretary and the following nomination was received:

Raffaella Brugnano

There being no further nominations, Raffaella Brugnano was elected Secretary of the Keep Hamilton Clean Committee by acclamation.

4. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

5. CORRESPONDENCE

a) Hamilton Cultural and Ethnic Mosaic Association

The Committee was in receipt of a letter from the Hamilton Cultural and Ethnic Mosaic Association requesting the Committee's participation in the 'Kaleidoscope' Parade on 1997 August 16. A motion for the Committee to not participate in the parade was forwarded by Ron Volterman and seconded by Rick Butson. All were in favour.

b) E-mail Book on Bob Jaggard

A booklet about Bob Jaggard, former Committee member was being launched on 1997 June 19 at the Ontario Workers' Arts and Heritage Centre. Ron Volterman agreed to purchase a booklet for the Committee.

c) Western Lake Ontario Environmental Coalition

The Committee was in receipt of a notice of meeting for the Western Lake Ontario Environmental Coalition. Danielle Marchese informed the Committee that the meeting originally scheduled for 1997 June 03 had been rescheduled for a later date. She agreed to inform the Committee of the new meeting date.

6. YOUTH AFFILIATE

a) Contest Entry and Judging

Scott Park Secondary School was the winner of the Youth Affiliate contest. The Committee decided that the environmental group would receive six pizzas and a case of soft drinks as their prize. Danielle Marchese agreed to be responsible for delivering the prize to the environmental group at Scott Park Secondary School

7. MALL DISPLAY

Jim Auty reported that the mall display was set up at the Environmentalist of the Year dinner held on 1997 June 04 at the Hillcrest Restaurant. He stated that he is making arrangements to set up the mall display at the Upper James and Mohawk Canada Trust branch.

8. INTERNATIONAL COASTAL CLEANUP

Michael Cuberovic and Kathy Vucic submitted a proposal for the underwater component for Hamilton's International Coastal Cleanup Campaign. An information meeting will be scheduled to discuss the logistics of the cleanup effort. An orientation dive is planned for the first week of September while the actual dive will be held on 1997 September 21.
Lori Nethercut stated that Committee members must have specific boundaries where the cleanup will take place. Al Marshall advised that the cleanup location must be easily accessible by Public Works vehicles in order to transport debris collected from the cleanup. Arrangements must be made to have lugger bins along the shore. Rick Butson suggested that the orientation session be advertised in the newspaper. Several members stated that funds be allocated for refreshments for those participating in the cleanup. The Committee approved a motion to accept the proposal for the International Coastal Cleanup with the amendments noted at the meeting.
Michael Cuberovic and Kathy Vucic were commended on their work on preparing the Coastal Cleanup campaign.

9. HOT SPOTS TOUR

a) Review and discussion of 1997 Tour and changes suggested for 1998

Committee members found the 1997 Hot Spots Tour enjoyable and were impressed by the media coverage. Lori Nethercut thanked those involved with organizing the Tour.

10. ENVIRONMENTALIST OF THE YEAR DINNER

a) Discussion of event

Many Committee members enjoyed themselves at the Environmentalist of the Year Dinner. Lori Nethercut thanked Ron Volterman for giving a presentation on behalf of the Committee at the Environmentalist of the Year Dinner.

b) Prepared Speech/Handout

A copy of Ron Volterman's speech at the Environmentalist of the Year Dinner was enclosed with the minutes for the Committee's interest.

11. PITCH-IN

a) Problems, Concerns and Evaluation

Don Heintz informed the Committee that CHML had contacted him for a list of locations that the CHML Community Cruiser could visit during Pitch-In Week. Lori Nethercut compiled a list of various schools and groups who would be participating in Pitch-In Week; however, CHML was interested in covering larger clean-ups. Several Committee members felt that the Spectator and CHML missed an opportunity for good media coverage with school groups involved with Pitch-In Week. Michael Cuberovic suggested that media coverage for Pitch-In Week should begin earlier for next year's campaign.
Al Marshall informed the Committee that a number of schools had returned their gloves for reuse for next year's Pitch-In Week campaign

b) Goeman's Appliances

Ron Volterman wrote a letter to Goeman's Appliances at the request of Alderman Chad Collins. Several volunteers who cleaned a ravine behind Goeman's Appliances approached Alderman Chad Collins because a large amount of material found during the cleanup originated from Goeman's Appliances.

c) Call From Linda Pope

Don Heintz spoke to Linda Pope who was concerned about the safety of children participating in Pitch-In Week

d) Invoice From CHML

The Committee was in receipt of an invoice from CHML for the Committee's financial contribution during the joint CHML/Spectator Pitch-In Week campaign.

e) E-Mail With PITCH-IN

A copy of an E-Mail message from Pitch-In Canada was enclosed with the agenda for the Committee's interest.

12. INTERNET

Ron Volterman informed the Committee that little information is on the KHCC's sub-page on the City of Hamilton's Home Page on the Internet. Jim Auty stated that he had contacted Stan Halloway regarding pictures and information for the Committee's sub-page.
Danielle Marchese agreed to make arrangements for the Committee's advertisement for the International Coastal Cleanup on the Hamilton-Wentworth Freenet.

13. ADOPT-A-ROAD PROGRAM

Information on the Region of Hamilton-Wentworth Adopt-A-Road Program was enclosed with the agenda. Ron Volterman stated that the Committee's mandate is to promote litter awareness and to co-ordinate Pitch-In Week. While some Committee members supported the concept behind the Adopt-A-Road Program they felt that it was different than the Committee's mandate. Several members opposed to being involved with this program because the Public Works Department is already involved with cleaning regional roads. The Committee passed a motion to file the Adopt-A-Road Program document as read. Danielle Marchese opposed the motion, Rick Butson abstained his vote.

14. OTHER BUSINESS

a) T-Shirts deferred to January 1998

Discussion on purchasing T-Shirts was tabled to the January 1998 meeting. Jim Auty has already started investigating this item.

b) The Committee viewed a video tape submitted by the environmental group at Scott Park Secondary School for the Youth Affiliate contest.

c) The Committee viewed three videos produced by the students of the Media Studies Department at Mohawk College for the Committee's Public Service Announcement Contest. The Committee selected the following winners:

First Place - Adam Hunter
Second Place - Kerry Sue Blanchenot
Third Place - Jamie Sparks

15. **ADJOURNMENT**

There being no further business the meeting then adjourned.

Taken as read and approved,

Lori Nethercut, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

VISION 2020
GOALS and OBJECTIVES

Agriculture and the Rural Economy
- Promote sustainable farming techniques.
- Make agriculture a viable economic activity in Hamilton-Wentworth.

The Local Economy
- To improve the ability of local business to compete both locally and globally.
- To provide all citizens with an opportunity to have an income to meet, as a minimum, the necessities of life.
- To increase the number of businesses that are non-polluting and which control, reduce and prevent pollution.
- To make Hamilton-Wentworth's labour force the best trained and adaptable in the world.

Community Empowerment
- To allow all citizens from our diverse population the opportunity to have meaningful participation in government and in all cultural, educational, health, and social services institutions.

Community Well Being
- To increase the number of years of good health for all citizens.
- To develop institutions that encourage contributions from our increasingly diverse population.
- To develop the social and physical environments that allow citizens to participate in our community.
- To ensure that all levels of government are coordinated, efficient, effective and easily accessible to all citizens.
- To develop a population that is literate, educated and possesses the skills of life long learning.

Transportation
- To encourage a shift in personal lifestyles and behaviours towards transportation choices that enhance personal health, fitness, save money and with the lowest environmental impact.
- To provide services for people with disabilities that is equivalent to regular transportation services.

Land Use in the Urban Area
- To curb urban sprawl and encroachment on to rural and agricultural lands.
- To encourage development which makes efficient and economical use of infrastructure and services.
- To minimize the environmental, social and financial costs of new development.
- To encourage redevelopment of Hamilton's core as a regional centre.
- To encourage and facilitate the everyday use of alternative modes of movement.

Consuming Less Energy
- To reduce the consumption of non-renewable energy sources.

Reducing the Amount of Waste
- To reduce the amount of waste and virtually eliminate hazardous waste.

4 (a)

Improving Air Quality
- To ensure that Region has the best air quality of any major urban in Ontario.

Improving the Quality of Water Resources
- To ensure the water quality in streams, creeks, Cootes Paradise, Hamilton Harbour, Lake Ontario, and other bodies of water is generally good, that the water is clean and clear and that swimming is a safe activity.
- To restore adequate habitat for fish and birds to a level necessary to restore the population to a healthy and productive state.

Natural Areas
- To develop a system of interconnected, protected natural areas which provides for the growth and development of natural flora and fauna and, where appropriate, provides access for all citizens.

For more information on **VISION 2020** Goals and Objectives contact Norman Ragetlie at 546-2153.

VISION 2020

HAMILTON-WENTWORTH SUSTAINABLE COMMUNITY RECOGNITION AWARDS

The Hamilton-Wentworth Sustainable Community Recognition Awards are a major part of the community's efforts to encourage support for **VISION 2020**. The Recognition Awards are a reminder that the goals of **VISION 2020** can be realized today and significantly contribute to efforts to create the **Sustainable Community** by the year 2020.

The Recognition Awards embody the **principles of Sustainable Development** listed below, which serve as criteria for the award.

CRITERIA

1. *ACTIONS WHICH CONTRIBUTE TO THE FULFILMENT OF THE HUMAN NEEDS OF THE HAMILTON-WENTWORTH COMMUNITY.*

2. *ACTIONS WHICH SUPPORT THE ECOLOGICAL INTEGRITY OF HAMILTON-WENTWORTH.*

3. *ACTIVE PARTICIPATION IN THE COMMUNITY.*

4. *ACTIONS WHICH RECOGNIZE AND ACHIEVE EQUITY AND FAIRNESS.*

Award winners will be selected by the Sustainable Community Recognition Awards Committee from nominations submitted with the following categories:

Business and Industry (3 categories - small, medium, large)
Agriculture
Non-Profit Organization
Institution
Neighbourhood
Government Department
School
Individual

SUBMISSION OF NOMINATIONS

Submitters of nominations must identify how the nominees, through example, special programs or projects are making significant contributions to the goals and objectives of **VISION 2020 (please see over)**. Nominations are to be submitted in type format of 250 words or less. Additional letters of support are welcome. If you are nominating someone other than yourself or your organization, agreement for the nomination must be obtained from the nominee. The Sustainable Community Recognition Awards Committee retains the privilege of placing nominations in the most appropriate category.

Nominations must be submitted by September 29, 1997 and should be addressed to:

Hamilton-Wentworth Annual VISION 2020
Sustainable Community Day
Attn: Awards Recognition Committee
35 King Street East
Hamilton, Ontario L8N 4A9
Fax: 546-4364
Email: nragetlie@hamilton-went.on.ca

The presentation of the awards will be part of the Sustainable Community Day program scheduled for October 25, 1997.

Additional information regarding the Sustainable Community Recognition Awards can be obtained from Heather Donison at 540-8787.

Jaggard's work as unionist chronicled

Workers' centre collects local labour history

SAT JUNE 21/97

By CAROL PHILLIPS
The Spectator
HAMILTON

It's the story of a working-class man and how he helped make his community better.

But it has also become the first step in recording this city's and this province's rich labour history.

Do Something About It: The Bob Jaggard Story is a 32-page oral history of the late Hamilton unionist and community activist published by the Ontario Workers Arts and Heritage Centre, located in the old Custom House on Stuart Street.

One hundred books have been printed, selling for $5.35 each. The proceeds will go to the next oral history the centre publishes.

The rich, personal stories of the labour movement are usually told over a beer, but rarely have they been documented. The Jaggard book is the centre's attempt to begin collecting local and provincial labour history.

Jaggard

"We want to tell these stories because they are inspiring and they are the record," said Mary Breen, executive director at the centre. So much has happened in the last 50 years that time is of the essence as the men and women who were part of the labour movement are now aging.

The book launch on Thursday evening drew Mayor Bob Morrow, NDP MPP for Hamilton Central Dave Christopherson, and Hamilton & District Labour Council president Wayne Marston, who came to pay homage to the man who lived by the motto: "When you believe in something strongly, you have to go out and do something about it."

All three men had anecdotal remembrances and praise for the man who was once president of the Amalgamated Transit Union Local 107, leading his troops through the Hamilton Street Railway strike of 1982.

Marston remembered Jaggard leading unionists in a march through an Eaton's department store in the early 1980s as a union drive was going on. Morrow remembered Jaggard's work on the Beach Strip, fighting city expropriation plans and organizing community events to bring residents together.

For Jaggard's widow, Pat, the book is the culmination of her dream to see his legacy recorded for generations to come.

She initially approached the centre with his archival papers, looking for a way to record his life.

"I want people to know that an ordinary human being can do a lot of things for humanity."

The evening was a chance, three years after Jaggard died at the age of 65 from pulmonary fibrosis, to reminisce about a union man of strong principles.

"He was a guy that if he would knock on the door and you wouldn't open it, he would keep knocking until it did open," said John Morrow, who served with Jaggard on the HSR union executive and knew him since 1957.

The book, researched and written by Rob Kristofferson, is a collection of oral histories from people who remember Jaggard in his different capacities — with the Hamilton Beach Preservation Committee, the Keep Hamilton Clean Committee, the union, labour council, and the Communist Party.

For information, call the centre at 522-3003.

Clear 3 Committee says thanks for the support

On behalf of the CLEAR3 committee I would like to thank the Stoney Creek News for the publicity you gave to our committee and pitch-in participants during our Pitch-in Week Campaign and reception held in the Stoney Creek City Hall.

This is my third year as chair of the CLEAR3 Committee, and I will honestly admit it has been a struggle to enlarge the profile of the committee and, at the same time, achieve one of our objectives; to clean and care for our environment ... Stoney Creek ... our part of the world.

Enthusiastic volunteers on the CLEAR3 Committee, along with old and new participants in this year's Pitch-in Week Campaign, contribute to be true caretakers of our "good earth" that has been created for all of us.

"Pitch-in Fever" increased when Stoney Creek residents read in the Stoney Creek News about our organized program for anyone who cared enough about our city and was willing to join our team to help keep Stoney Creek a clean and proud city to live in.

Once again, thank you for your continued support.

Beverley Galassi, Chair
CLEAR3 Committee

WED JULY 9/97 S.C. NEWS

Cleaning up sign pollution

Unsightly clutter is being cleared from our streets

HAMILTON

It's The Compound, Ferguson and Cannon. Frost fence all around, plus three strings of barbed wire. The front gate is always locked.

This is the dumping ground for the outlaws and cast-offs of the auto world.

A car is stolen and set on fire. Look for the charred carcass here.

Cop car smashed? There are four of Hamilton-Wentworth's best stashed by the fence. None in this quartet is ever going to patrol the mean streets again, but they're kept in the compound to be plundered for parts for cruiser repairs.

And there are dozens of vehicles that just got left by the road. They have wads of parking tickets stuffed under their wipers.

Twenty-five years ago, that Electra 225 was the envy of the block. Now it's a sagging senior. And what's the story on that sorry little mobile home? The lettering on the side says Normand Paul Bluegrass Show.

PAUL WILSON
STREET BEAT
526-3391

These vehicles have two ways to go — the auction block or the wreckers.

Less certain is what happens to some strange new arrivals at the compound.

At the south end, a garish graveyard has arisen — holding area for homely aliens choking our town.

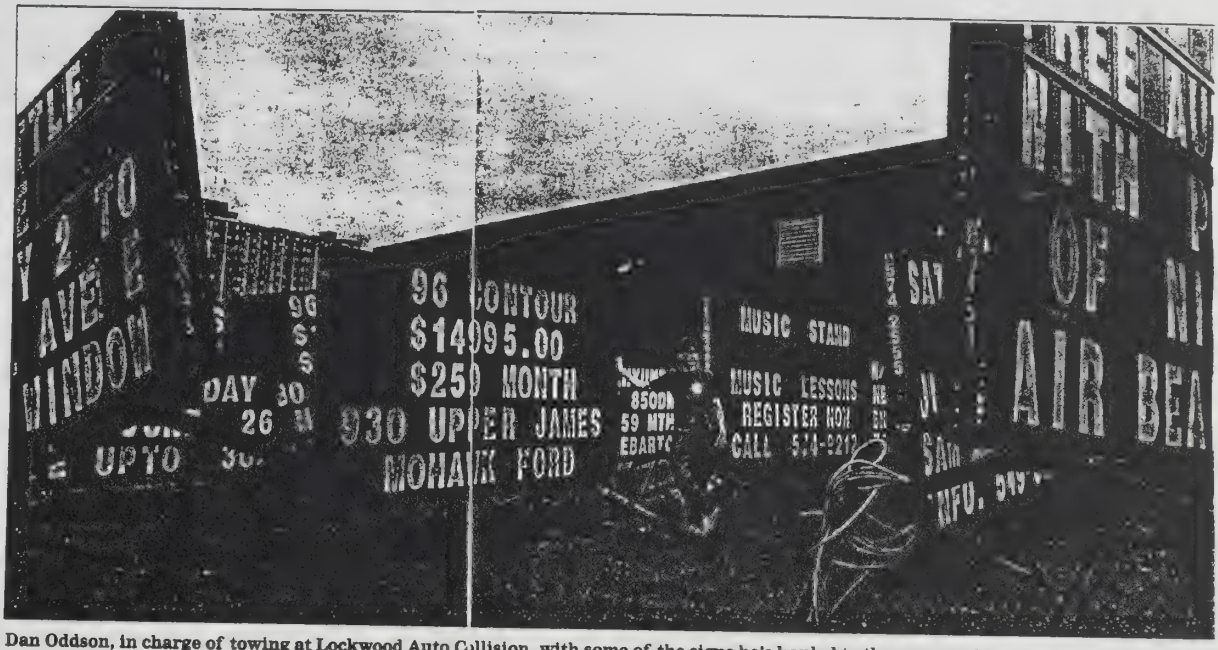

Now there's a law. Some mobile signs must go.

They don't go easily. "They're a pain, but a job is a job," says Dan Oddson, towing manager at Lockwood Auto Collision, operators of the compound.

A call comes from city hall. Rendezvous at Upper Gage and Stone Church. Seven signs to be scooped.

Oddson and crew show up with two flatbeds and a tow truck. Sometimes they have to hook a cable to the tow truck and winch out the anchor rods that have been pounded into the ground. Mobile signs, these aren't.

And it's an awkward three-man job to wrestle the signs onto the flatbeds.

Dan Oddson, in charge of towing at Lockwood Auto Collision, with some of the signs he's hauled to the company's compound.

John Rennison, The Spectato

Lockwood gets $75 for the pickup. The city gets $100 from the sign owner if and when he tries to reclaim it.

Perhaps a hundred have come through the gates. You know the names on the signs. In the Lockwood compound now, Eastgate Ford is pushing Windstars. Fortinos, celery stalks. The Music Stand, lessons. Biz-Com, hard drives. Classic Sleep, futons. Harvest Sub, 12-inchers.

One day we woke up and found these signs had smothered the landscape. While Mayor Bob was planting petunias on the boulevards, the sign people were stealing our sight lines.

People got angry. They phoned their politicians. On Feb. 11, Hamilton passed a bylaw.

Within days, city inspector Mike Verboom was on patrol in Ward 8. That's home to the worst sign blight, the Upper James strip.

Other hotspots — Upper Ottawa, Main West, Centennial Parkway. In all, there are supposed to be about 1,500 mobile signs across the city.

"We're not trying to destroy anyone's business," Verboom says. "But the sign companies did a poor job of self-regulation. They forced the city's hand."

Everyone shouting

In some zones, there were so many signs that none of them worked. Everyone was shouting at once.

At the White Rose plaza on Upper James, there used to be eight mobile signs by the parking lot. Verboom has trimmed that to the maximum now allowed on one commercial property — two. He says the property owner admits the place looks better.

Other components of the new bylaw: signs on display for only 180 days a year and then only 60 days at a time; a $35 permit per sign for every two-week period; no signs on school and church properties in residential zones.

Those are the rules on private property. There were already sign rules for public property. Somehow that enforcement job has fallen to Frank Westaway, chief noise control officer. He started clearing signs from road allowances last fall.

There's now a new wrinkle. The bylaw says smaller "four-by-fours" — signs no bigger than four feet high and wide — can be located on road allowances. But there are two conditions: a 30-day limit and the sign must be in front of the business it's advertising.

Yet suddenly, these four-by-fours are cropping up everywhere. "It's a game," Westaway says. "And I don't have time for games."

The game player is Simon Ives, who owns the 1-888-RentSign Company.

"I'm frustrated beyond belief," Ives says. He went to his workshop, banged out two dozen neon-yellow four-by fours and scattered them along Rymal, Upper Wentworth, Upper Wellington. They carry messages for Wings R Us, Form Fitness, That Aquarium Place. They each pay Ives $100 a month.

But yesterday morning, the city told Ives to pack up his signs or they'd be carted off to the Lockwood compound.

The city said he had until noon. He asked for an extension until tomorrow because his van's getting repaired.

"This bylaw," Ives says, "has devastated the sign business." Though I wish no man bad fortune, that news is reason to rejoice.

StreetBeat appears Tuesday, Thursday and Saturday

Heintz, Don

To: KHCC
Cc: Lazar, Myron
Subject: Hamilton Street Railway - Attendance at KHCC Meetings

Myron Lazar of the HSR (528-4200, ext. 412) has called to indicate that the HSR would like to be able to attend our meetings. I advised that our meetings are open to the public and they would be welcome. I also offered to send them an Agenda as I do with the Committee members. They would have voice but no vote since the Committee is composed of citizens appointed by the Transport & Environment Committee and City Council. They have a problem with their bus shelters that they feel is negatively impacting on their ridership and so on and feel that, by working together, we may be able to obtain some significant improvement that would be mutually beneficial.

4(f)

CITY OF HAMILTON

- RECOMMENDATION -

4 (g)

DATE: 1997 June 25

REPORT TO: Tina Agnello, Secretary
Planning and Development Committee

FROM: Doug Lobo
Commissioner of Public Works and Traffic

SUBJECT: Ninth Annual Public Service Announcement (P.S.A.) Competition - Award of Prizes.

RECOMMENDATION:

a) That the following prizes be awarded to Mohawk College broadcasting students for their submissions in the Ninth Annual Public Service Announcement competition:

First Prize: Adam Hunter
Second Prize: Kerry Sue Blanchenot
Third Prize: Jamie Sparks

b) That funds be provided from Phase IV of the Downtown Action Plan for the first prize at $600.00, second prize at $400.00, and third prize at $200. and a donation to Mohawk College Media Studies Department of $1,300. for development of the videos and use of the equipment.

FINANCIAL/STAFFING/LEGAL IMPLICATIONS:

Funds are available in Phase IV of the Downtown Action Plan Account Number CF 5698-428803006.

BACKGROUND:

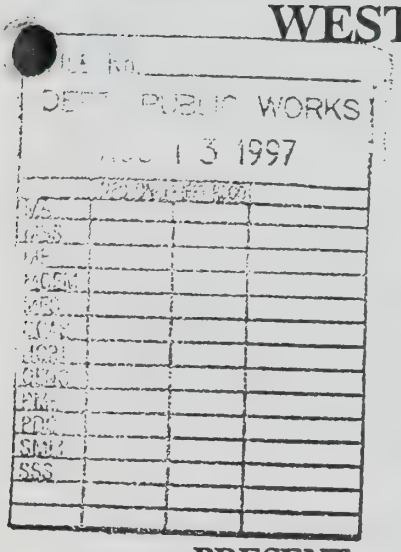

City Council at its meeting held 1997 February 11 approved the Ninth Annual Public Service Announcement Competition at a total cost of $2,500. to be funded from the Downtown Action Plan, Phase IV.

In co-operation with Mohawk College's Media Studies Department, the Keep Hamilton Clean Committee and ON-TV, the City of Hamilton has been holding an Annual Public Service Announcement competition for the students of the Media Studies Program for the past nine years. The theme for the Public Service Announcement is to keep Hamilton clean. Previous years winning submissions have been aired free of charge on ON-TV on a regular basis. A strong partnership between the City of Hamilton, Mohawk College, ON-TV and the Keep Hamilton Clean Committee has proven a successful tool in providing the public with the message to keep our City clean.

P&DPSA.Award

WESTERN LAKE ONTARIO ENVIRONMENTAL COALITION

MINUTES

4(h)

WEDNESDAY, JULY 16, 1997

7:30 P.M.

AT MCMASTER BIOLOGY DEPARTMENT

PRESENT:

Don McLean, Friends of Red Hill
Peter Hutton, Conserver Society of Hamilton, Inc.
Bill Randall, Conserver Society of Hamilton, Inc.
Lynda Lukasik, WATER
George Sorger, WATER, McMaster Biology
Melanie Fung, McMaster
Marilyn Baxter, BARC
Ryan Kraftcheck, HOME Project
Dave Robinson, GASP
Bob Korol, Citizens for a Sustainable Community
Bob Curry, Aldershot High School
Ken McIlwrick Halton RCA
Chris Murray, Regional Transportation Department
Bruce Duncan, Hamilton RCA

1. WELCOME

Don McLean, facilitator of the meeting, welcomed everyone and introductions were made.

2. AGENDA

An addition was made: Future of the Dundas Sewage Treatment Plant

3. MINUTES

The minutes of the September 17, 1996 meeting of WLOEC were received.

4. PRESENTATION - RED HILL CREEK EXPRESSWAY IMPACT ASSESSMENT

Chris Murray, Environmental Planner for this project, gave a brief but detailed presentation on the impact assessment. He provided a handout for those present which summarized the process. He noted that the Ministry of Environment and Energy had approved an exemption order on March 11, 1997. this order permits the Region to

make changes to the expressway alignment and develop a public input and impact assessment procedure. There are four phase:

- baseline investigations
- minor refinements
- impact predictions, mitigation and compensation
- evaluation

He noted that this process does not examine alternative routes nor the need or justification for the road. These have already been considered, he said. Detailed design and construction are set for the end of 1998 and completion for the end of 2001. The Region must obtain a number of permits, including one under the federal Fisheries Act which may trigger the Canadian Environmental Assessment Act.

There were many questions for Chris who provided answers. Most people present disagreed with the decision to place a road in the Red Hill valley and expressed that disagreement. Chris indicated that such decisions were made by council and that the municipal elections this fall were an appropriate time to express opinions.

Questions included:

- Is there consideration of air quality impacts? Answer: Site specific (i.e. roadway) impact studies and mitigation are unlikely.

- What benefit is there to environmentalists for participating in this process? Are there any real outcomes or is this just a public relations exercise? Answer: No guarantees of any outcomes.

- What are the details of the $41 million cuts to the expressway earlier this year? Answer: Chris was not part of those discussions and did not know.

5. NEW BUSINESS

a) Region-wide Environmental Coalition

Lynda Lukasik provided an update. In September, 1996 Members of the WATER coalition began discussing the need for such a group. On Earth Day, 1997, a 100 person summit was held and people from 16 groups agreed to the concept. There was agreement that government groups would be welcome but would not dominate. The area would not be restricted to the region.

Bruce Duncan added a few points about the early meetings of WLOEC and the purpose of forming WLOEC.
After some discussion, it was agreed that WLOEC would look at sponsoring an annual meeting of environmental groups similar to the Earth Day meeting and would consider restructuring.

Lynda Lukasik, Peter Hutton, a student to be designated by Bob Curry and Bruce Duncan will meet to discuss and bring a recommendation to the next WLOEC meeting. They will meet on Thursday, August 21 at 3:00 p.m. at the McMaster Biology lounge - second floor.

b) Dundas Sewage Treatment Plant Update

Bob Korol spoke to this. There is at present a study to determine the future of this plant which is at 85% capacity. Development in Flamborough will increase usage of the plant if it goes ahead. There are options such as closing the plant and transporting sewage via trunk sewer o the Woodward Avenue plant, expanding the plant and others. Bob is concerned that many of the considerations are not sustainable.

c) Red Hill Expressway Funding

Don McLean updated members on this, expressing the opinion that only about $7 - $9 million extra has been obtained (not $25 million as reported) and that the additional future costs when considering provincial cuts, far exceed these numbers.

6. GROUP ACTIVITIES

Halton Region Conservation Authority - Ken McIlwrick - little response to the Grindstone Creek watershed study - comments are encouraged.

Citizens for a Sustainable Community - Bob Korol - Awards are being developed to recognize individuals,groups and companies. Funding for these needed.

Aldershot High School - Bob Curry - The Environment Club won the award for best club in Halton School Board.

Hamilton Region Conservation Authority - Bruce Duncan - The authors of the Red Hill Valley history book are looking for funding to print the book.

Greensville Against Serious Pollution - Dave Robinson - Redland Quarries have prepared a closure plan for the brow landfill site. There is a meeting next month of stakeholders and a consultant will provide a second opinion about inert fill as a cap.

Conserver Society - Bill Randall - Have agreed to act as the group supporting fund raising for the Red Hill Valley history book.

George Sorger - McMaster - Looking for a meeting site for announcement regarding the high school benthos study.

HOME - Ryan Kraftcheck - Some of HOME's gardens have been affected by the Plastimet fire - they were under the smoke.

BARC - Marilyn Baxter - Looking for funding and offering to publicize any group information in the BARC newsletter.

Dundas Conservers - Peter Hutton - Province is planning to repeal the Parkway Belt West designation which may have an effect on the OMB Pleasantview decision.

WATER - Lynda Lukasik - Region is looking for a liaison committee re. SWARU.

Friends of Red Hill - Don McLean - Plan to participate in the upcoming municipal elections to swing Council votes away from the Expressway.

8. NEXT MEETING

The next meeting will be Wednesday, September 24, 1995 at 7:45 p.m. at the Biology lounge, second floor, McMaster University. Bob Curry will chair.

MAILING ADDRESS:

4 (i)

Attention: David S. Clarke, Parade Chairperson

Re: Kaleidoscope, 2nd Annual Parade

Thank you for your invitation to participate in your Second Annual Hamilton Cultural and Ethnic Mosaic Association Parade.

Unfortunately, due to the time of year and other considerations, we are unable to participate in 1997. We would be prepared to consider this matter again for 1998. Should you have any literature or brochures on the mandate and activities of your association, please forward them to me for distribution to our Committee at its next regular meeting in September of this year.

Best wishes for a successful parade in 1997.

Yours truly,

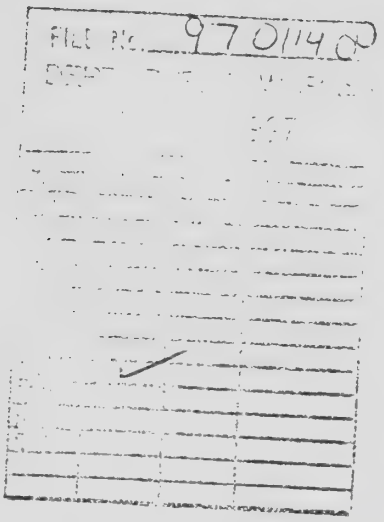

Don Heintz, P.Eng., M.B.A.
Staff Advisor, Keep Hamilton Clean Committee

HAMILTON CORPORATE CHALLENGE

August 5,1997

Mr. Don Heintz
"Keep Hamilton Clean Committee"
Dept of Public Works
City of Hamilton
Hamilton, Ontario

Dear Mr. Heintz

On behalf of the entire 1997 Hamilton Corporate Challenge Committee I would like to express our sincere appreciation to you and your organization for your contribution to this year's event. Your donation contributed to our success in raising over $10,000 for Junior Achievement of Hamilton/Wentworth.

We hope that your organization benefited from exposure to the 1500 participants of this years Challenge and that your staff enjoyed their day at the park. From all accounts, the day was an overwhelming success. The weather was definitely in our favour to make this Challenge "...one of the best Challenges ever!!!!

Thankyou again for your support and we hope to see you again next year.

Sincerely,

Cam Theroux
Facilities, 1997 Corporate Callenge Committee

PROPOSAL FOR INTERNATIONAL COASTAL CLEAN UP CAMPAIGN
UNDERWATER COMPONENT
SUNDAY SEPTEMBER 21, 1997

8(a)

The following pages contain a complete outline of the underwater clean up proposed to take place on September 21, 1997, at a site yet to be determined. The event coincides with international efforts of approximately 80 countries. This underwater clean up will solicit media exposure. The effort to clean up the harbour will be beneficial to the marine environment and enhance safety. This proposal was put together by Michael Cuberovic and Kathy Vucic.

PHASE ONE

A) Mike will be contacting by telephone all of the diving candidates on June 15 and 16.
- divers will be informed that it is mandatory to attend the upcoming information meeting if they want to participate in the actual dive

B) On June 25, an information meeting will be held to inform the divers of the following issues:

Topics

1. Overview of international coastal cleanup program
2. Information about the Centre for Marine Conservation
3. Plan of action/ Logistics
   -Dive Team-- scuba divers who will retrieve litter from the water , bring it to the surface and hand it over to the surface team
   -Surface Team--comprised of people on boats who will retrieve the litter from the dive team and bring it to the shore
   -Shore Team--people who will tabulate and dispose of the litter
4. Safety tips
5. Solicit for dive captains and an alternative
6. Decide on what supplies and equipment are required
7. Inquire about the food and refreshments the divers would like
8. For insurance purposes: take down name, address, phone number
   - stress that there is a 30 feet maximum dive depth
   - divers must stay within confines of west end of harbour
   - maximum of 25 divers including captain and alternative
   - maximum of 10 divers for the pre-dive
9. Location- see Phase Two
   - maps will be provided to outline the specific location

PHASE TWO

C) Dive captains are to organize an orientation dive during first week of September
- maximum 10 divers
- location of site is up to them but it must be within the confines of the west harbour, no more then 30 feet deep, near shore, easily accessible by land and water for disposal, and within Hamilton boundaries
- map will be provided to outline the specific location
- dive captain and alternate to advise Keep Hamilton Clean Committee which site(s) is chosen for orientation dive in order that we can advise Harbour Master of details.
- each diver will describe the site(s) so as to determine feasibility and need for a clean up

D) After the orientation dive, divers will then meet together and pool their information pertaining to each site
- the area with the most debris and which meets our safety, insurance and other guidelines will be chosen as the spot where the actual dive will take place
- a meeting will be set up between the dive captain, alternate, Michael and Kathy to fill us in on what they have decided

PHASE THREE

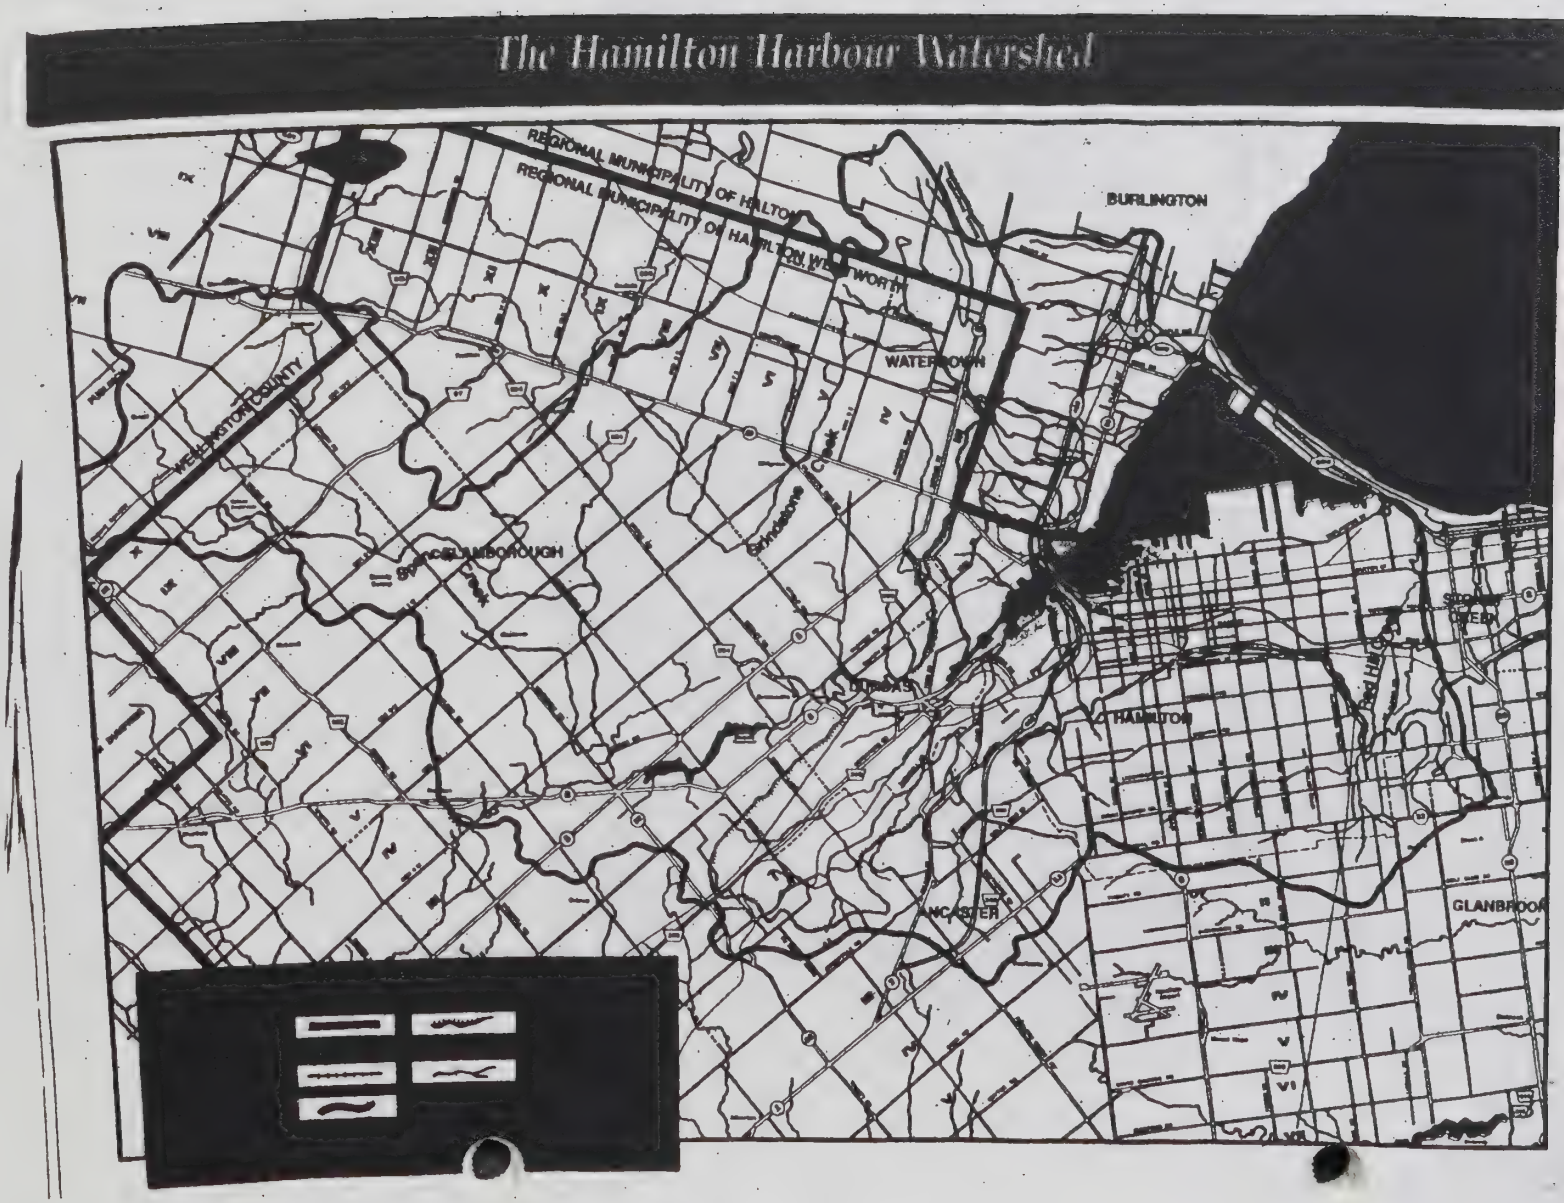

E) During our post orientation dive meeting with the captain and alternate, a site will be chosen and we will proceed with the following plans prior to the September 21st dive:

1. Media coverage organized- letters will be sent out
2. Boats committed- the Sea Cadets will be approached to become the dive support surface team
3. All needed supplies will be secured and committed
4. Public works department will be notified for disposal arrangements
5. St. John's Ambulance will be contacted to ensure an ambulance is available and present
6. Contact the Harbour Master regarding dive location, times, date and purpose
7. Contact General Hospital- inform them of dive in case of emergency since they have a hyperbaric chamber

F) Pre-dive briefing day of the dive September 21, 1997

- divers must have attended the June 25 information session to participate
- dive support surface team must attend the pre dive briefing on the day of the dive, Sept. 21, held by the dive captain and alternate
- shore team will be collecting garbage along the shore during the day in designated areas and tabulating results of the shore and underwater clean up efforts.

DIVING ACTIVITY TO BE RESTRICTED TO AN AREA WEST OF A LINE DRAWN ACROSS THE BAY FROM JOHN STREET. (SEE YELLOW HIGHLIGHTED AREA)

RE: International Coastal Cleanup

Hello again! After months of entering thousands of data cards into the global marine debris database, we finally have your 1996 country cleanup analysis completed and enclosed. The final printed reports will be ready in August and will be sent to you as soon as possible.

Also enclosed in this package are the materials you requested for the 1997 International Coastal Cleanup. In addition to your order, we are supplying you with 50 International Coastal Cleanup brochures, 30 *Clean a Beach!* stickers, and 25 *Coastal Connection* newsletters. We hope that you find these materials helpful for promoting the International Coastal Cleanup in your country.

Remember to take lots of pictures at the Cleanup this year and send them along with any press clippings about the Cleanup so that we can include that information in the report next year.

If you have any questions or comments, please call me. I will be in touch with you soon before the Cleanup to give you the results forms that will need to be completed and sent back to us after the Cleanup.

You are doing a great job! Keep it up!

HAND DELIVERED

Dear Sir or Madam:

As part of the International Coastal Clean-up Campaign, the Keep Hamilton Clean Committee (KHCC) is organizing an underwater cleanup of Hamilton Harbour.

This year's diving activity (using 10 dive volunteers) has been tentatively scheduled to take place at Pier 4 park on Sunday, September 7, 1997 between 10 A.M. to 12 noon.

If a second dive is warranted, it too will occur at the same location from 10-12 noon using up to 25 volunteer divers on Sunday, September 21, 1997.

Divers are restricted to a depth of 30 feet and will only collect light trash.

Naturally, we want to ensure a safe dive in order to make this an annual event. The KHCC is negotiating to have the HMCS Star naval reserve dive rescue team on site to provide aid in the event divers experience difficulties in the water.

Because removal of under water debris could result in cuts, abrasions, etc., it would be prudent if emergency first aid was also readily available.

8 (d)

Please consider this letter our formal request to secure a team of St. John Ambulance emergency first aid volunteers and a mobile first aid post for this event.

The KHCC is endeavouring to acknowledge all donations of time, talent, services or " goods-in-kind" via our corporate donations board which will be on public display at the dive site. We are also arranging for extensive local media coverage of the cleanup.

Please contact the undersigned at your earliest convenience to confirm participation in this campaign or to answer any further questions.

Yours truly,

Michael Cuberovic
Media and Promotions Liaison
Keep Hamilton Clean Committee

8(e)

Peter Duynstee
Commanding Officer
HMCS Star Naval Reserve
Catherine St. North
Hamilton, Ontario
L8L 4V7

Dear Sir:

The Keep Hamilton Clean Committee (KHCC) would like to invite the HMCS Star Naval reserve to participate in Hamilton's first annual underwater cleanup being held in conjunction with the International Coastal Cleanup campaign on Sunday, September 21, 1997.

Canada is one of approximately 50 countries now participating in the underwater component of this worldwide cleanup effort.

I have enclosed some background information about the KHCC, the International Coastal Cleanup Campaign and the U.S. Center for Marine Conservation.

Plans are currently underway to conduct an underwater orientation dive in the vicinity of Pier 4 park, Hamilton, Ontario on Sunday, September 7, 1997, using dive volunteers from the community.

A clearance dive will follow in the same vicinity on Sunday, September 21, 1997.

Divers are restricted to a depth of 30 feet and will be removing light marine debris only.

For purposes of tasking your personnel and equipment, please consider our request to provide the following:

Sept. 7 - 1 open hull boat and pilot
2 certified rescue divers
available from 1000 - 1200 hours to comprise a dive rescue team in the event any of our divers experience difficulties in the water.

Sept. 21 - 4 open hull boats and pilots
6 certified rescue divers
available from 1000 - 1200 hours. Three boats with pilots and 6 divers (2 per boat) to comprise dive rescue team as above. Fourth boat and pilot to receive and transport marine debris to shore.

The KHCC hopes we can count on your support of this effort to reduce or eliminate debris that injures wildlife, fouls our beaches and waterways and threatens boater safety.

In addition to the worldwide attention these events attract, we anticipate extensive local media coverage which might prove beneficial to you from a public relations and recruiting point of view.

If you have any questions or if you wish to confirm your participation, please contact the undersigned at 578-3222.

Yours truly,

Michael Cuberovic

July 29/97

Hi Margaret!

Recently received data from 1996 Coastal Cleanup Campaign. I have enclosed information compiled from your effort.

This year, the committee is concentrating on underwater component. Next year we plan to combine beach & underwater cleanup.

Can only get bigger and better every year!

Once again, many thanks in behalf of our committee for your previous participation.

Hope to see your group out next year.

Regards,

Michael Cabrinovic

Subject: Keep Hamilton Clean Committee (KHCC) - Waiver Forms
Date: Tuesday, August 19, 1997 9:11AM

I am bringing to you a fax received from "Steel City Sport Divers" which is a release form that they use from time to time. It is for your use in coming up with a satisfactory release/waiver form for the Coastal Clean up event.

A pre-dive meeting is being held this coming Monday, 1997 August 25 in Room 233, City Hall. Chairing that meeting will be Michael Cuberovic of the KHCC. He realizes that the timing is a little short but would appreciate it if the Waiver Forms could be available for that meeting.

I am on vacation starting this Friday through until after Labour day so, if they are ready, they would have to be gotten to Michael either by having him pick them up (the appropriate number of copies) or by sending them to him.

His phone number is 578-3222 and address is

In consideration of the Corporation of the City of Hamilton and the Keep Hamilton Clean Committee providing consent for me to participate in the underwater scuba dive component of the Keep Hamilton Clean Campaign and the International Coastal Cleanup Campaign I, for myself, my heirs, executors, administrators, and assigns, waive any claims to which I may become entitled for injury or damage and release The Corporation of the City of Hamilton, the Keep Hamilton Clean Committee, the Transport & Environment Committee, and all other organizers, sponsors, representatives, their agents and employees any other person or organization assisting in this event from any claims for damages or loss or injury suffered by me as a result of my participation in or travelling to or from this event. Without limiting the generality of the foregoing, I further release any recourses which I may now or hereafter have resulting from any decision of the Keep Hamilton Clean Committee, the Corporation of the City of Hamilton and any other organizers involved herein.

I further state that I am over the age of eighteen and am in proper physical condition to participate in this event and am aware that participation could, in some circumstances, result in physical injury or illness. I confirm that I am a certified scuba diver and have obtained a "C" card and all other necessary and valid permits for such dives. I confirm that I accept sole responsibility for my safety, including the the responsibility for the maintenance and upkeep of any and all equipment used for this event. I confirm that it is my sole responsibility to exercise extreme caution during this event; to not exceed a maximum underwater depth of thirty (30) feet; and to ensure that I dive in the area stipulated by the organizers.

I acknowledge that no representations have been made to me holding out the water or lakebed involved with event as being safe for this event and that no supervision is being provided. I confirm having made all appropriate inquiries of organizers in respect of the event that I require to ensure my own safety. I am participating in and attending this event voluntarily and at my own risk.

Should it become necessary, I consent to receive medical treatment in the occurence of death, injury, accident and/or illnes during the event

1997 PITCH-IN WEEK Review

Below is the text of the document that formed the basis for the co-operative effort between CHML Radio, the Hamilton Spectator and the Keep Hamilton Clean Committee (KHCC).

9(b)

The KHCC was very pleased to work with CHML and the Spectator on this event at which the Spectator and CHML distributed 85,000 garbage bags, provided lots of publicity and co-operated very well. So, all of our comments must be taken in the context of the satisfaction and pleasure we feel for that co-operation.

* The CHML and Spectator Roving Cruiser were going to provide regular stops at locations during the entire week and to that end, we had checked with schools and other groups who would be willing to have a cruiser interviewing students/staff at the school's event. We had that list available but they weren't interested in that, only in the larger community events. We felt that students and schools were the future of PITCH-IN and the KHCC and that they would provide spontaneous and good promotional material.

* We intend to contact Stan Genno of CHML in November of this year to see if they are interested in continuing next year. The KHCC certainly is interested. The November timing is to allow for better, earlier planning than occurred in 1997.

* The KHCC provided $750.00 towards the cost of this media campaign and got, in addition to the extensive advertising, the distribution of 85,000 garbage bags with the Committee's logo on it (as well as those of CHML, the Spectator and two corporate sponsors).

* We have received numerous calls looking for us to pick up, launder and re-use the cotton gloves for next year. On our PITCH-IN notice, the suggestion to call us to have their gloves recycled should be in larger print to further increase recycling this resource.

* The Concession Street B.I.A. hooked up with our Committee, had a one of the lugger bins supplied by sanitation companies placed close to them and then abused the situation by using this to get rid of excess stock. We have spoken to that organization to note that we do not appreciate them using this service to dispose of things that are a cost of doing business. They should have used this for things found in alleys, streets and open areas that were not the waste products of a business.

* If we could enlist the high-profile aid of the Mayor next year, that could also increase the profile of this event.

* More discussion will occur at our September meeting.

Thanks Don for your quick and detailed response.

We would like an opportunity to quote on your bags next year if that is possible. We are working with a good manufacturer who supports our cause and we are able to make some money this way, while being able to offer use of our logos for imprint etc...

We are making a proposal to the Hamilton Chapter of Canada Trust (at suggestion of Canada Trust nationally) for 1998 PITCH-IN WEEK and hope to get some $ that way to help pay for the campaign. As you will know, the 2,500 you VERY KINDLY CONTRIBUTE (and we are grateful) does not in any way pay for our campaign in Hamilton (mail outs, responding etc...).

Thought you should be aware of this so we don't "cross" wires in finding funds!

Allard

Subject: RE: Scanner

In response to your note (below), the following are the preliminary answers based on such things as our available budget, our general intentions, etc.:

Para. 3 which starts "We are currently preparing for 1998."

The 85,000 garbage bags were purchased by CHML, the Spectator and some corporate sponsors. The KHCC contributed only $750 of the estimated $13,000 cost of these bags. I suspect that CHML and the Spectator, should they pick up their option (or first right of refusal) for 1998, will, I am sure, be looking at cost and having these bags made at the least cost. Having said that, placing logos on the bags to represent PITCH-IN Sponsors should not be a big problem.

By the way, the 85,000 are exclusive of those bags that we get requests for and distribute to schools, environmental organizations and so on. Those are

the bags that we have traditionally received from you. You talked about "horsetrading" but, in essence, our donation of about $2,500 should get us some bags from PITCH-IN as in the past.

Para .4

Can we add the foundation, PITCH-IN and Civic Pride logos to the bags produced by the CHML/Spec group? I suspect that this would be no problem. Also, in dividing up our budget, a payment to PITCH-IN is included although a formal motion has not been dealt with at the Committee. I suspect that such a motion is merely a formality. If you could send the training manual on Civic Pride or stick it on your Web site if that is appropriate (a quick check did not reveal the Civic Pride material on the Web).

Para. 7

Regarding the idea of a conference. It probably would be a good idea conceptually but I cannot believe that I could obtain funding to send me much further than Burlington (across the bay) since all conferences are budgeted for close to a year in advance and there are no current funds allocated for this purpose. For 1998, given a proposed location, I could recommend this idea for a conference to the Public Works and Traffic management and it would then be subject to their decisions and, if they approved, to the Budget approval process.

So, 1997 - No; 1998 - Let's see about it.

On your P.S.

I have basically answered "YES" earlier, subject to confirmation officially in the fall since our Committee does not meet until early September.

From: Pitch-In Canada
To: dheintz; 'Heintz, Don'
Subject: RE: Scanner
Date: Thursday, June 12, 1997 12:35PM

Thanks Don!

I opened the 3-4 page document called Don successfully....thanks...gives good
overview!

There was another file attached as well which did not have anything in it. The one I opened had details of the promo campaign with the paper and radio station, providing overview of who would do what etc....

We are currently preparing for 1998. We hope to find some sponsors in 1998 to
help pay for our mailings to all schools, Scouts, Guides etc.... and to be able to offer some free bags again. We are planning to incorporate the Civic Pride program in with PITCH-IN WEEK next year and will be offering

communities the ability to order bags from us featuring the Civic Pride and PITCH-IN logos as well as logos of their municipality and/or local sponsors. If you are repeating your campaign with the Spectator et al, would you be interested in this? YES, we DO make a few dollars from this....to help offset
the campaign costs but we are trying to negotiate a deal with our bag suppliers to make costs as low as possible. I suspect that the quantities you
order may not make this attractive as your costs are probably quite low already.

We are also talking to a Foundation which has expressed interest in PITCH-IN WEEK. The funds available would be minimal compared to our past budgets but, assuming you will contribute again to the campaign, will allow us to continue
our mail-outs and possibly provide some bags. Any chance of naming this Foundation on your bags (assuming they participate) if we also allow you to use the PITCH-IN and Civic Pride logos? We would be happy to provide you with
a free Training Manual for Civic Pride.

Don't want to seem to be "horse-trading" Don...that's NOT the objective. We are trying to keep the campaign going in Ontario and Hamilton's ongoing support is critical, as you no doubt realize!

We have not received a response to our letter to the Spectator....I was trying to get them to provide some "leads" for other newspapers with whom we could enter into a similar "relationship". Their "endorsement" of the campaign and THEIR EXPERIENCE WITH IT (presumably positive?) would be helpful. If you are talking to them.....

A final idea....it has been suggested we host a seminar for municipalities where waste management people could share experiences/we could outline how the Civic Pride Program works etc... ie: you could present on Hamilton's experience! What do you think? Do you think municipalities have the budgets in today's environment to send someone to a "conference" which would need to be self-sustaining? Picking your brains....

Allard

PS...could you confirm if Hamilton will be "on-board" financially in 1998? We
will be incorporating your answer into any "pitches" we make in the next month to our Foundation.

Re: PITCH-IN WEEK in Hamilton - 1997 May 5 - 11

PITCH-IN Week in Hamilton in 1997 was a very successful event. Co-ordination of this event involves the co-operation and co-ordination of many people, groups and companies.

The Keep Hamilton Clean Committee would like to take this opportunity to say thank you to your company for the supply of lugger bin(s) for the use of the volunteer citizens, students, environmental or neighbourhood groups, Scouts and Guides as well as services clubs and others.

Your contribution of lugger bin(s) was a significant public service which is appreciated by this Committee.

Again, THANK YOU!

NOTICE OF MEETING

Keep Hamilton Clean Committee

Wednesday, 1997 October 1
7:30 o'clock p.m.
Room 219, City Hall

Don Heintz, Staff Advisor
Keep Hamilton Clean Committee

NOTE: In order to ensure that there are enough members present at the meeting to form a quorum, it is up to Committee Members to notify the Committee's Staff Advisor at 546-3920 at least 24 hours in advance, it you are unable to attend.

AGENDA

1. **ADOPTION OF MINUTES**

   Minutes of the Keep Hamilton Clean Committee for meetings held 1997 September 3.

2. **CHAIRPERSON'S REMARKS**

3. **BUSINESS ARISING FROM THE MINUTES**

4. **CORRESPONDENCE**

   a) Letters to Taxi Companies

   b) Western Lake Ontario Environmental Coalition

   c) Committee Listings

   d) "Day in the Park"

5. **POSTER CONTEST**

6. **COMMITTEE ACTIVITIES AND MEMBERS' RESPONSIBILITIES**

7. **YOUTH AFFILIATE** (Claudette Kabitsis to report)

8. **MALL DISPLAY** (Jim Auty to report)

9. **INTERNATIONAL COASTAL CLEANUP** (Michael Cuberovic to report)

   a) Review, discussion and evaluation.

   b) Spectator Article

   c) Dive Insurance Invoice

   d) News Release

10. **PITCH-IN**

    a) Invoice from CHML

11. **SPECTATOR - SPOTLESS SPOT** (Mark Alan Whittle to report)

12. **INTERNET** (Jim Auty to report)

13. **BUSINESS CARDS** (Don Heintz to report)

14. **A CITIZEN'S GUIDE - HAMILTON WENTWORTH**

15. **OTHER BUSINESS**

16. **ADJOURNMENT**

Wednesday, 1997 September 03
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Lori Nethercut, Chairperson Rick Butson, Vice-Chairperson Ron Volterman Jim Auty Michael Cuberovic Danielle Marchese Raffaella Brugnano Frank Westaway
Regrets:	Frank Noto-Campanella Claudette Kabitsis Mark Alan Whittle Kathy Vucic
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate Myron Lazar, Hamilton Street Railway

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1997 June 11 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Lori Nethercut, Chairperson, welcomed Myron Lazar from the Hamilton Street Railway. All Committee members introduced themselves.

3. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

4. CORRESPONDENCE

a) Vision 2020

A copy of the nomination form for the Hamilton-Wentworth Sustainable Community Recognition Awards was enclosed with the minutes. Several members discussed whether the Committee should be nominated for one of the awards.

b) Book on Bob Jaggard (available at the meeting)

A booklet about Bob Jaggard, former Committee member was launched on 1997 June 19 at the Ontario Workers' Arts and Heritage Centre. Ron Volterman purchased two booklets for the Committee. The booklet included Bob Jaggard's work with the Keep Hamilton Clean Committee.

c) Spectator Article on Bob Jaggard

Hamilton Spectator article, "Jaggard's work as unionist chronicled" was enclosed with the minutes for the Committee's interest.

d) Stoney Creek News article on CLEAR^3

Stoney Creek News article, "Clear 3 Committee says thanks for the support" was enclosed with the minutes for the Committee's information. The CLEAR^3 Committee was involved with Stoney Creek's Pitch-In Week Campaign.

e) Spectator Article "Cleaning up sign pollution"

A Spectator article, "Cleaning up sign pollution" was included with the minutes. Frank Westaway is involved with enforcing the sign bylaw in Hamilton. He informed the Committee that the City of Hamilton is facing a lawsuit from sign manufacturers/owners. Ron Volterman stated that he recently visited Memphis, Tennessee and noticed that sign pollution was much worse there than in Hamilton, ON.

f) E-Mail - Hamilton Street Railway to attend KHCC

Myron Lazar, Hamilton Street Railway, was concerned about litter at bus shelters. In the past Al Marshall has worked with the HSR by providing litter containers at bus shelters. Myron Lazar stated that the HSR and the KHCC could work together to educate the public on litter awareness. He indicated that a large portion of litter at bus shelters is from fast food outlets. Don Heintz stated that the Committee has approached fast food outlets about teaching patrons to not litter. There was discussion on whether the KHCC and the HSR could develop posters to be placed on the back of the transit maps at all bus shelters. Several members suggested that the Committee should coordinate the bus shelter poster with the upcoming bus poster contest with local elementary schools. Myron Lazar informed the Committee that the HSR has equipment to produce artwork.

g) Report to Planning and Development Committee - Public Service Announcement

A report to the Planning and Development Committee on the KHCC Public Service Announcement competition was included with the minutes for the Committee's interest. Committee members were asked to think of possible topics for the 1998 P.S.A. contest.

h) Western Lake Ontario Environmental Coalition Minutes

The minutes of the Western Lake Ontario Environmental Coalition were included with the minutes.

i) Hamilton Cultural and Ethnic Mosaic Association

Don Heintz forwarded a letter to David Clarke, Parade Chairperson stating that the KHCC could not participate in the 1997 Hamilton Cultural and Ethnic Mosaic Association parade. Don Heintz stated that he did not receive additional information on the Association's mandate and activities.

j) Keep Hamilton Clean Membership List

A copy of the KHCC membership list was circulated at the meeting. Don Heintz asked if there were any errors or omissions.

k) Hamilton Corporate Challenge

The Committee was in receipt of a letter from Cam Theroux, 1997 Corporate Challenge Committee thanking the KHCC for its contribution to the 1997 Hamilton Corporate Challenge.

5. COMMITTEE ACTIVITIES AND MEMBERS' RESPONSIBILITIES

The Committee reviewed a list of the KHCC's activities. Those present selected the positions they wished to be responsible for:

Litter Hot Spots Tour Coordinator	- Rick Butson
Youth Affiliate Liaison	- Danielle Marchese
Spotless Spot Contest	- Mark Alan Whittle
Spotless Mascot	- Raffaella Brugnano
Mall Display	- Jim Auty
Media/Promotions	- Kathy Vucic, Jim Auty
Santa Claus Parade	- Michael Cuberovic
Science Fair Liaison (Judges)	- Raffaella Brugnano
Public Service Announcement Competition	- Lori Nethercut, Raffaella Brugnano
Coastal Clean Up Coordinator	- Kathy Vucic
Puppet Play	- deferred

Lori Nethercut and Danielle Marchese stated that they will discuss if they can coordinate the puppet play if they obtain a suitable location to store the puppet theatre.

6. YOUTH AFFILIATE

This item was tabled for the next meeting due to Claudette Kabitsis' absence.
Danielle Marchese asked if letters should be sent out to local secondary schools requesting representatives for the Youth Affiliate.

7. MALL DISPLAY

Jim Auty reported that the mall display was set up at the National Night Out held at Carter Park on 1997 August 05. Myron Lazar informed the Committee that the HSR could offer possible locations where the mall display could be set up. Michael Cuberovic enquired if the mall display could be placed in one of the storefronts in Jackson Square.

8. INTERNATIONAL COASTAL CLEANUP

a) Proposal for Underwater Component

Michael Cuberovic and Kathy Vucic submitted a proposal for the underwater component for Hamilton's International Coastal Cleanup Campaign. An orientation dive is planned for 1997 September 07 with a maximum of ten divers. The dive will take place at Pier 4 Park.
The City of Hamilton Culture and Recreation Department will supply a vehicle.
Michael Cuberovic stated that divers must inform members of the Committee when they will be entering/exiting the water during the dives. He informed the Committee that the dive captain(s) will determine if the weather condition is suitable for the divers.
Don Heintz agreed to see whether the City of Hamilton could provide two-way radios to be used for communication purposes during the Coastal Cleanup.
A motion was passed to provide appropriate refreshments for the divers on the dive dates. Don Heintz will make the required arrangements.
Michael Cuberovic asked if t-shirts and Spotless pins could be given to the divers after the dive on 1997 September 21 subject to availability.
Committee members were asked to participate in the Coastal Cleanup.

b) Brochures and "Coastal Connections" publication

Several brochures and the Coastal Connections publication were recently mailed to members of the Committee.

c) Center for Marine Conservation

A letter from the Center for Marine Conservation was enclosed with the minutes for the Committee's interest.

d) Letter to St. John Ambulance

A letter was sent to St. John Ambulance requesting their presence at Hamilton's Coastal Cleanup.

e) Letter to HMCS Star Naval Reserve

A letter was sent to HMCS Star Naval Reserve requesting their participation in Hamilton's Coastal Cleanup campaign.

f) Hamilton Harbour Commissioners - Diving Reports

A Diving Report sent to the Hamilton Harbour Commissioners was enclosed with the minutes for the Committee's interest.

g) Letter to Margaret Walton regarding 1996 Coastal Cleanup

Michael Cuberovic forwarded a letter and additional information to Margaret Walton regarding the data collected from the 1996 Coastal Cleanup in Hamilton.

h) E-Mail and Release Form

A copy of the Release and Waiver for the 1997 Coastal Cleanup was included with the minutes for the Committee's information.

9. **PITCH-IN**

a) Further Evaluation

Al Marshall informed the Committee that the KHCC Pitch-In Week banner was placed over Main Street during the last week of August.
Don Heintz noted that the tonnage of litter collected during Pitch-In Week is somewhat lower than past years.
Rick Butson asked if the Downtown BIA could become involved with Pitch-In Week. Don Heintz stated that there has been a lack of interest from Hamilton BIAs.
The Committee passed a motion to contribute $2500 plus applicable taxes to Pitch-In Canada from the KHCC's 1997 budget.

b) E-Mail Correspondence with PITCH-IN

A copy of the E-Mail correspondence between Don Heintz and Pitch-In Canada was enclosed with the minutes for the Committee's interest.

c) Letters to Lugger Bin Suppliers

Letters were sent to lugger bin suppliers thanking them for assisting the KHCC with the 1997 Pitch-In Week campaign.

d) Children's Bus Poster Contest

The Committee passed a motion to hold a Children's Bus Poster Contest with area schools for the 1998 Pitch-In Week Campaign and other campaigns/events. The KHCC decided to utilize the 1995 Poster Contest rules with the amendments noted at the meeting. It was decided to select one poster to be used for the bus poster and one to be used for the transit maps at bus shelters. The Committee stipulated that the posters must be hand drawn and coloured.

10. **SPECTATOR - SPOTLESS SPOT**

Mark Alan Whittle had contacted Kirk Lapointe from the Hamilton Spectator about reinstating the Spotless Spot contest in the Saturday Comics Section in the Hamilton Spectator.
This item was tabled for the next meeting.

11. **INTERNET**

Jim Auty stated that he had contacted Stan Hollowell regarding pictures and information for the Committee's internet site. Danielle Marchese has most of the written information on the KHCC on her website (www.hwcn.org/~aa376/index.htm). Danielle Marchese informed the Committee that she made arrangements for the Committee's advertisement for the International Coastal

Cleanup on the Hamilton-Wentworth Freenet.

12. OTHER BUSINESS

a) Don Heintz received a receipt from the Hamilton District Science and Engineering Fair Committee for the KHCC's contribution to the 1997 Science and Engineering Fair.

b) The Committee was informed that Alfred Brooks was concerned about the litter left at the BlueLine Taxi cab stand at the corner of Fennell Ave. and Upper Wentworth St. Several photographs of the site were circulated at the meeting. The Committee approved of sending a letter to all taxi cab companies requesting drivers keep taxi cab stands clean. Michael Cuberovic suggested that this letter be sent to the Licensing Committee as well.

c) Rick Butson noticed that a number of vehicles were left in front of Bayfront Wreckers. Don Heintz will investigate this issue.

d) The Committee noted that Frank Noto-Campanella had missed three meetings. Lori Nethercut agreed to contact Frank Noto-Campanella.

13. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Lori Nethercut, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Re: Litter Control at Taxi Stands

The Keep Hamilton Clean Committee deals with litter in the City of Hamilton. Educating the citizens and businesses that litter is a problem that affects all of us as we attempt to maintain this City in a litter-free state.

Generally speaking, we note that the taxi companies in Hamilton do an excellent job of ensuring that their sites are maintained in this regard.

Based on comments received by our Committee, it is apparent that some "policing" by taxi company supervisors may be advisable - especially at cab stands that are remote from the main office and during the night time hours.

The Keep Hamilton Clean Committee would like to thank you for your efforts to date at litter control and ask that you pay particular attention to the possible problem areas and times noted above.

Yours truly,

Lori Nethercut, Chairperson
Keep Hamilton Clean Committee

3. Business Arising from the Minutes
   a) Proposed Changes to WLOEC — Lynda Lukasik
   b) Annual Earth Day Gathering
4. New Business
5. Group Activities
6. Next Meeting and Chair

MEMORANDUM

To All W.L.O.E.C. Members

Please review and be prepared to discuss the following proposal for the September 24/97 WLOEC meeting.

Proposal for Changes to Structure and Function:

The following are the recommendations from the group made up of Bob Curry, Bruce Duncan, Peter Hutton, and Lynda Lukasik, who met to discuss changes to the structure of WLOEC and the future of the Annual Earth Day Gathering.

The Proposal:

The structural changes proposed reflect several major needs and desires expressed by WLOEC member groups. These include:

- The **need for intergroup networking** to enable us to support each other in our efforts.
- The need to **share expertise & experience** with each other.
- The desire of many groups to **speak out publicly on key issues and partake in political lobbying** when the need arises.

Proposed structural changes are listed below.

Meetings:

WLOEC will continue with a meeting schedule similar to the one presently in place. A total of three meetings per year will be scheduled. It is proposed that an Annual Earth Day Gathering of area environmental organizations serve as one of these three meetings.

Caucuses:

In order for WLOEC to fulfil the needs and desire listed above, it is recommended that caucuses be formed. Caucuses should be organized around specific topics or issues. For instance, WLOEC might establish caucuses focusing on air quality, natural areas, landfills, or transportation, just to mention a few possibilities. Or we might choose to establish caucuses to address particularly pressing issues, ie. The Red Hill Valley caucus, or the Plastimet caucus. Additionally, caucuses could serve other purposes such as providing opportunities for local environmental groups to acquire new techniques for increasing effectiveness. Therefore, the formation of caucuses is recommended, while the nature of the topics/issues that these caucuses will focus on is to be determined by WLOEC member organizations.

Generally speaking, the caucuses hold the potential to:

-Focus in on a particular issue or problem

-Provide groups with the opportunity to speak out on issues of concern

-Serve as a way for groups with similar concerns to work together to strengthen inter-group solidarity.

- Provide opportunities for groups to target local political arenas in order to convey their concerns.

Administration:

The following are recommendations for the effective administration of WLOEC:

i) Instead of the existing practice of rotating meeting chairs, **a chair should be appointed to serve a one year term**. The chair will also touch base periodically with each caucus convener for updates on caucus progress.

ii) Each caucus will have a convener, to be nominated by the group members of that caucus. The convener will schedule caucus meetings, facilitate communication between caucus member groups, and provide the WLOEC chair with updates on caucus progress.

iii) Administrative support, including taking minutes and mailing out general meeting notices, will continue to be provided by the Hamilton Region Conservation Authority.

If caucus member groups decide to make a public statement or take a particular action to address an issue of concern, there will be an opportunity to bring this to the attention of all WLOEC members through an **Action Alert**. This will provide other member organizations, who may not be participants in that particular caucus to sign on as supporters of the action if they so desire. Depending on the urgency and timing of a particular Action Alert, it will either be announced in one of the general WLOEC meetings or through an Action Alert mail-out to all member groups.

Earth Day Gathering Committee:

To facilitate planning of the Annual Earth Day Gathering, it is recommended that an Earth Day Gathering Committee be struck. Any WLOEC members interested in helping with the organization of this event will be encouraged to participate on this committee.

Hamilton Region
Conservation Authority

Notice of Intent

Class Environmental Assessment:
Fifty Creek (Watercourse #12) Flood & Erosion Control Project,
in the City of Stoney Creek

The Hamilton Region Conservation Authority will be commencing a study regarding the above noted project. This project is being considered in order to provide protection for persons, homes and property which are currently threatened by flooding and erosion on a section of Fifty Creek (Watercourse #12). The study area will involve about 1.1 km of creek extending from Winona Road westerly to about 150 metres north of the Fifty Road/Highway No. 8 intersection.

The Conservation Authority invites you to participate in this study, which is subject to the Class Environmental Assessment for Remedial Flood & Erosion Control Projects approved for this type of undertaking. Your input will be incorporated in the planning and design process for this project.

If you wish to be involved in this study, or to receive further information, please contact Tony Horvat, P.Eng. at this office by Wednesday October 1, 1998 :

atment for MDs

than the prevailing practice.

That bill has passed second reading.

Green, who had his medical licence revoked by the college for his use of alternative therapies, said the proof of the college's view will be in whether it changes its approach to disciplining doctors.

"It is a step forward but they have to act on what they're saying."

The report rejects charges the college has unfairly targeted doctors who use complementary medicine.

But an uneasiness toward complementary medicine is evident throughout the report, as it contrasts what it sees as the art and magic of alternative therapies with the scientific foundation of traditional medicine.

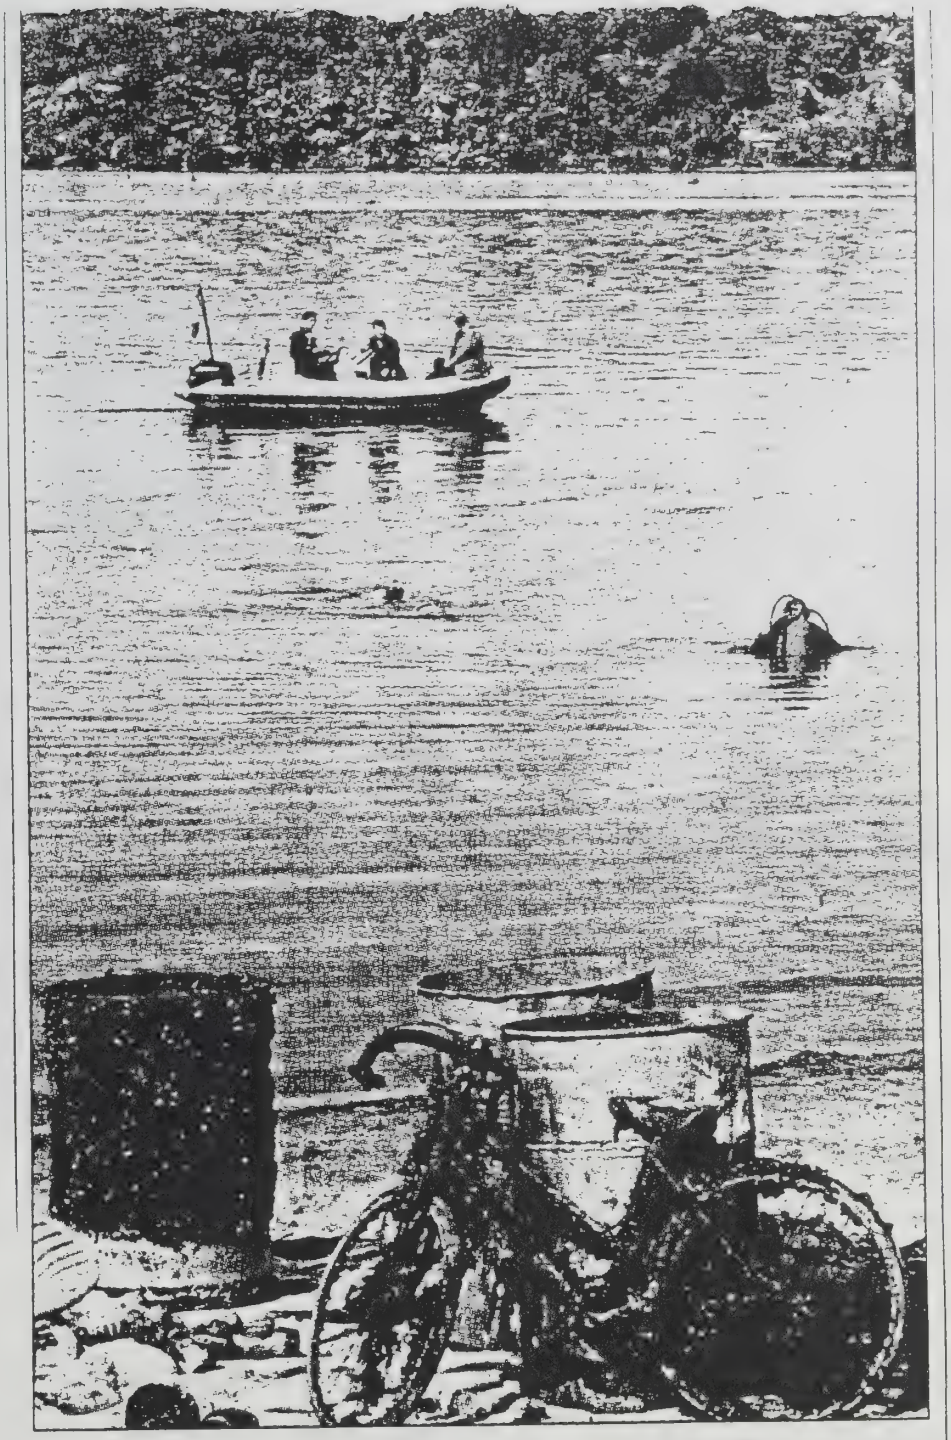

"There is art in medicine, sometimes called magic. Magic in the faith

9(b)

practors, acupuncturists and homeopaths.

The recommendations include:

- That patients be told of the certainty or uncertainty of knowledge about the effectiveness of a given therapy.
- That doctors should reach a conventional diagnosis and advise patients of traditional treatments.
- That it should not be misconduct to refer a patient honestly and without conflict of interest to an unconventional practitioner when there is no reason to believe such a referral would expose the patient to harm.
- That accepted leaders in complementary medicine be part of panels devising standards and assessing performance.
- That doctors be encouraged to collaborate on collecting information to assess the effectiveness of alternative

Harbour cleanup yields car seats, trunk lid, bicycle

HAMILTON

Throw recyclables in your blue box, not our blue waters.

It seems logical enough, but cans, bottles, and other plastics were part of the 135 kilograms of debris collected from the Hamilton Harbour yesterday afternoon.

The dive was part of the International Coastal Cleanup Campaign, billed as the world's largest annual one-day clean-up of beaches and water.

"Everyone benefits from a clean harbour," said Michael Cuberovic, organizer and member of the Keep Hamil-

Car seats, golf balls, a bicycle, a frying pan and a car trunk lid were among the garbage gathered by 10 divers who searched the water near Pier 4 Park for about 90 minutes.

In 1996, more than 275,000 volunteers from 90 countries cleared almost 5,000 sites of debris.

And boating beer-lovers should think twice before throwing those six-pack plastic rings overboard.

More than 180 animals were found entangled in debris in the harbour last year.

Cuberovic said those seemingly in-

NEWS RELEASE

CONTACT: Michael Cuberovic
TEL: (905) 578-3222

FOR IMMEDIATE RELEASE
SEPTEMBER 9, 1997

HAMILTON PARTICIPATES IN WORLD'S LARGEST CLEANUP OF BEACHES, WATERWAYS

HAMILTON: Volunteer scuba divers will clean-up a portion of Hamilton harbour in the vicinity of Pier 4 park as part of an international coastal clean-up program aimed at reducing marine debris. The clean-up takes place on Sunday, September 21, 1997 between 10 am and 12 noon.

Aside from clearing the lake bottom of trash, divers will be collecting valuable data for the international marine debris database operated by the Centre for Marine Conservation (CMC) in the United States, international co-ordinatiors of the clean-up program.

Hamilton's contingent of divers are being introduced to local waters by the Keep Hamilton Clean Committee (KHCC), a citizen volunteer group which was formed at City Hall in 1986 by former alderman, Brian Hinkley.

"Marine debris is one pollution problem that individuals can solve by direct, personal intervention," says Michael Cuberovic, spokesperson for the KHCC and co-organizer of the local cleanup initiative. "The cleanup's effectiveness continues long after the last bag of trash is hauled away and the tired volunteers go home. Each cleanup creates ripple effects in all directions - jolting people awake to the magnitude of the problem and triggering new ideas for workable solutions to this travesty."

To illustrate the extent of the marine litter problem consider that in 1995 over 214,000 volunteers from 70 countries hauled away 6.2 million pieces of debris.

Part of the 3.7 million pounds of refuse collected that year included kitchen, livingroom, bedroom and bathroom furniture and accessories.

Other items which were either carelessly or intentionally discarded in, under and along 7,000 miles of the world's waterways included a human corpse in Kenya, nuclear waste tag and urine sample in the U.S. and part of an airplane and a vial of blood in Jamaica. A total of seven cars and enough engine parts to outfit a dozen more also were discovered in various locations along with 179 entangled animals.

The International Coastal Cleanup campaign is now billed as the world's largest annual one day clean-up of beaches and waterways. The KHCC decided to join the fray in 1996 by targeting a section of beach near Confederation Park.

Supported by members of the Hamilton Junior Naturalists' Club, the mostly 5 to 12 year olds sifted through 1 kilometre of sand and scored 211 kilograms of junk!

Their most unusual finds? A paint tray and roller, shotgun shell, kitty litter box, shower curtain and assorted car parts.

This year, an estimated quarter million volunteers from over 80 countries will comb beaches, lake shores, river banks, even under water sites for trash.

Kathy Vucic, also of the KHCC adds, " Our cleanup of the harbour is a very important part of the international program. We're trying to make this a better place for fish and wildlife as well as humans."

To participate in the 1998 coastal cleanup, contact the Keep Hamilton Clean Committee by mail at Hamilton City Hall, 71 Main Street West, Hamilton, Ontario, L8N 3T4.

Wednesday, 1997 October 01
7:30 o'clock p.m.
Room 219, City Hall

The Keep Hamilton Clean Committee met.

There were present:	Lori Nethercut, Chairperson Rick Butson, Vice-Chairperson Ron Volterman Jim Auty Michael Cuberovic Danielle Marchese Claudette Kabitsis Mark Alan Whittle Kathy Vucic Raffaella Brugnano
Regrets:	Frank Noto-Campanella Frank Westaway
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Bonnie Lok, Youth Affiliate

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1997 September 03 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Lori Nethercut, Chairperson, reported that Frank Noto-Campanella has resigned from the Keep Hamilton Clean Committee because of work commitments.
The Committee received a notice that members' terms to expire on 1997 December 31 will be extended to 1998 February 10 until their successors are appointed. This is to allow the new City Council to have the opportunity to undertake the necessary actions to fill vacancies on local Committees, Boards, and Commissions.
Lori Nethercut thanked those involved with the International Coastal Clean-Up and congratulated Michael Cuberovic for initiating and coordinating the event.

3. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

4. CORRESPONDENCE

a) Letters to Taxi Companies

The Keep Hamilton Clean Committee sent letters to local taxi companies regarding litter control at taxi stands.

b) Western Lake Ontario Environmental Coalition

The Committee was in receipt of a notice of meeting for the Western Lake Ontario Environmental Coalition as well as minutes for their meeting held on 1997 July 16.

c) Committee Listings

An updated copy of the Committee Listings was included with the minutes for the Committee's interest. Don Heintz asked if there were any changes or omissions.

d) "Day in the Park"

A poster for the "Day in the Park" event was included with the minutes for the Committee's interest. Lori Nethercut and Don Heintz stated that those involved with this event did not ask for any gloves or Pitch-In bags.

5. POSTER CONTEST

There was discussion during the Committee's 1997 September 03 meeting concerning whether the HSR could be jointly involved with the Committee's Poster Contest. Lori Nethercut informed the Committee that the HSR had contacted her and stated they could not become involved with the Poster Contest due to lack of financial resources.
The Committee agreed to hold a Children's Bus Poster Contest with area elementary schools for the 1998 Pitch-In Week Campaign and other campaigns/events. Ron Volterman made a motion that two winners be selected, one from Kindergarten to Grade 5 and one from Grade 6 to Grade 8. Michael Cuberovic seconded the motion and all members were in favour. The Committee stipulated that the posters must be hand drawn and coloured. The Committee will use the same mailing list from Pitch-In Week for the contest. Mark Alan Whittle suggested that the information regarding the poster contest be directed to the Parent-Teacher Councils at the elementary schools.
Danielle Marchese agreed to coordinate the poster contest.

6. COMMITTEE ACTIVITIES AND MEMBERS' RESPONSIBILITIES

Lori Nethercut and Danielle Marchese discussed whether they could coordinate the puppet play. Danielle Marchese stated that it would be difficult for her to be involved with the puppet play because of other Committee responsibilities. Kathy Vucic agreed to help out with the puppet play.

7. YOUTH AFFILIATE

Danielle Marchese contacted a number of people regarding the location of the trophy for the Youth Affiliate contest. Don Heintz stated that Jennifer Haddon (nee Dent), former Youth Affiliate coordinator may have information on the trophy's whereabouts.
Danielle Marchese called several local secondary schools for representatives for the Youth Affiliate.

8. MALL DISPLAY

Jim Auty reported that the mall display will be set up at the Upper Ottawa and Mohawk Canada Trust branch next week. He will be adding photographs from the International Coastal Cleanup to the mall display. Jim Auty stated that he will create a pamphlet for divers for underwater hot spots for the mall display.

9. INTERNATIONAL COASTAL CLEANUP

a) Review, discussion and evaluation

Michael Cuberovic thanked all those who participated in the Coastal Cleanup. Eleven divers attended the dive on 1997 September 21; however, only ten divers entered the water. Several members commented that the Coastal Cleanup provided positive exposure for the Committee and were impressed by the media coverage. The Coastal Cleanup was featured on ON-TV, CFTO-News, the Hamilton Spectator, and the Hamilton Free Press. Hamilton and Vancouver were the only two Canadian cities which participated in the 1997 International Coastal Cleanup.
Michael Cuberovic is currently collecting data from Hamilton's International Coastal Clean-Up which will be sent to the U.S. Center for Marine Conservation. He reported that the Center for Marine Conservation will be hosting a conference on the International Coastal Cleanup and that the KHCC may want to send a delegate.
Michael Cuberovic made a motion to send a letter to the 1997 Hamilton Coastal Cleanup sponsors and divers and to send a package containing photographs, a Spotless pin, and a T-Shirt to the divers who participated in the dive on 1997 September 21. All were in favour.
Ron Volterman congratulated Michael Cuberovic for all his efforts for co-ordinating the Coastal Cleanup over the past two years.

b) Spectator Article

Spectator article, "Harbour cleanup yields car seats, trunk lid, bicycle" concerning Hamilton's Coastal Cleanup Campaign was included with the minutes for the Committee's interest.

c) Dive Insurance Invoice

A copy of the Dive Insurance invoice for the Coastal Cleanup was included with the minutes.

d) News Release

A copy of the news release for the Hamilton Coastal Cleanup was included with the minutes.

10. PITCH-IN

a) Invoice from CHML

The Committee was in receipt of an invoice from CHML for the 1997 Pitch-In Week Campaign.

11. SPECTATOR - SPOTLESS SPOT

Mark Alan Whittle contacted Kirk Lapointe, Editor-in-Chief of the Hamilton Spectator about reinstating the Spotless Spot contest in the Saturday Comics Section in the Hamilton Spectator. Kirk LaPointe is interested in keeping the Spotless tip of the week in the Saturday Comics Section; however, the winning submissions would be scanned in another part of the Hamilton Spectator several times a year in the form of a collection.

12. INTERNET

Jim Auty stated that he did not get in contact with Stan Hollowell regarding the Committee's internet site. He currently has a disk with Spotless drawings for the internet site. Photographs from the Coastal Cleanup can also be scanned onto the Committee's internet site.

13. BUSINESS CARDS

Don Heintz investigated the possibility of providing business cards to Committee members. He informed the Committee that he could prepare business cards for each member using a computer program available at City Hall. The cards will have the City of Hamilton logo, City Hall's address, the Committee member's name and telephone number. All were in favour of having business cards made for Committee members.

14. A CITIZEN'S GUIDE - HAMILTON WENTWORTH

Several members asked if the Committee activities could be included in this publication. A Citizen's Guide is produced by the Region of Hamilton-Wentworth's Environmental Services Department. Don Heintz will investigate this matter.

15. OTHER BUSINESS

a) Santa Claus Parade

The Hamilton Santa Claus Parade will be held on 1997 November 22. Al Marshall agreed to make arrangements for the vehicles and the litter bins. Letters will be sent out to the winners of the Spotless Spot contest. All children participating in the parade must be accompanied by a parent/guardian.

b) David LeClaire, McMaster University Faculty of Health Sciences, contacted Ron Volterman regarding how the Committee selects the locations for the Hot Spots tour.

c) The Committee was informed that the property in front of Bayfront Wreckers had been cleaned.

d) Raffaella Brugnano reported that Spotless attended the opening of Eastwood Park on 1997 September 27.

e) Raffaella Brugnano will make arrangements to have the Spotless suit cleaned.

f) Jane Evans, former Committee member enquired if she could borrow the KHCC table skirt for a book sale to be held at the General Hospital. After some discussion, the Committee passed a motion to not lend the table skirt to Jane Evans because the event does not fall within the Committee's mandate.

16. **ADJOURNMENT**

There being no further business the meeting then adjourned.

Taken as read and approved,

Lori Nethercut, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

4(a)

Dear Conservation Partner:

Recently, I watched a boy tossing stones into a pond. The ripples travelled across the clear, still water, touching the plants and birds. The ripples dissipated into shadows and then disappeared. I can't definitively say that the ripples were gone. I suspect that the energy was still flowing through the water, invisible to the human eye. As I considered this curiosity, I also became aware that the boy could not have cared less about the ripples. He was watching the splash!

For me, the tossed stones and the ripples, became an analogy for society's inability to grasp the full and complete impact of human settlement on our environment. Most people see the stone hit the water. Few people see the ripples. For the boy, it was simply a chance to make a "big splash!"

Well, humans certainly have made a big splash in our little pond. Two hundred years of land use in Southern Ontario have created quite an environmental deficit. In Hamilton-Wentworth, 76% of wetlands have disappeared, 90% of coldwater streams are gone, and 80% of forest cover has been eliminated. That's the bad news.

The Conservation Foundation of the Hamilton Region is the good news. The Foundation is committed to the preservation, conservation and restoration of our natural treasures. For example, in 1997, with the support of partners like you, we are helping to protect and preserve another three parcels of land including 20 acres of Carolinian forest and 118 acres of wetland habitat. This $127,000 forest and wetland preservation project will protect the habitats of 266 plant species, 43 butterflies, 21 reptiles and amphibians, 64 bird species, and 10 species of mammals. There are also 16 endangered species within these wetlands, including the regionally rare broad-winged hawk, woodland jumping mouse and porcupine.

It is clear to us, that these special wildlife habitats will not be saved without the generous support of partners like you. Please make a donation today! Call our new wetland preservation donation line, 1 (900) 565-**LAND**. Every time you call our wetland preservation line, a $25 donation to the Conservation Foundation will be automatically added to the phone number from which you are calling and a tax receipt will be issued in the name of the telephone subscriber. If you would like to make a larger donation, please mail a cheque payable to the Conservation Foundation with your completed donation card in the enclosed business reply envelope.

Sincerely yours,

Heather Pullen

Heather Pullen,
President

PS Please find enclosed a free United for Conservation window decal. I urge you to place your decal in your car, home or business window to proudly announce that you are a United for Conservation Partner.

Conservation Foundation of the Hamilton Region
Project Funding Request

Type: Wetland Habitat Preservation
Date: September 15, 1997

Flamborough Wetland Habitat Stats

Total Landscape:	±60 Acres
Cost:	$ 54,000
Misc. Costs:	$ 4,500
Total Costs:	$ 58,500

Description

This property is a fine deciduous swamp forming part of the Westover Southwest Complex Environmentally Significant Area (256 heactres). It is also provincially significant as part of the Class 1 Shefield-Rockton Wetland Complex. This wetland parcel is therefore part of a larger wetland, meaning that there is more habitat for rare species to occur and more area for species that need plenty of space.

Habitat Species Survey

54 plant species
43 species of butterflies
11 reptiles & amphibians
64 bird species in the nesting season
6 species of mammals

Species Rarity

5 regionally rare species, 2 provincially rare species and 2 nationally rare species including dodge's hawthorne, and long-styled canadian sanicle.

Puslinch Wetland Habitat Stats

Total Landscape:	±38 Acres
Cost:	$ 24,000
Misc. Costs:	$ 4,500
Total Costs:	$ 28,500

Description

This property is a mix of wetland types, including a small fen. It is a part of the Fletcher Creek Swamp Forest Environmentally Significant Area (765 hectres), one of the finest wetlands in this region and adjacent to Wellington County. It is recognized as a Class 1 Provincially Significant Wetland and is also designated by the Ministry of Natural Resources as a Life Science Area of regional significance.

Habitat Species Survey

266 plant species
43 species of butterflies
21 reptiles and amphibians
43 bird species in the nesting season
10 species of mammals

Species Rarity

16 regionally rare species including northern harrier, broad-winged hawk, woodland jumping mouse and porcupine.

Kelsey's Earth Day Celebration Launches United for Conservation Campaign

A Nature On Wheels van, loaded with 300 white pine seedlings from the Ministry of Natural Resources, is parked outside Kelsey's Restaurant in West Hamilton. One seedling was given to each guest at the Conservation Foundation's Earth Day Celebration.

Earth Day 1997 was significant for the Conservation Foundation of the Hamilton Region. It was the day we launched the United for Conservation campaign. The launch was celebrated on April 21 and was hosted by Kelsey's Neighbourhood Bar & Grill in Westdale. Guests paid $10 at the door and enjoyed complimentary beverages and appetizers supplied by Kelsey's and served by the restaurant's staff.

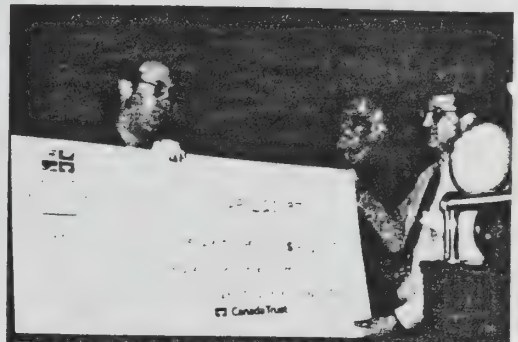

The evening was a tremendous success, raising more than $2,000 for an interpretive map kiosk for the Hamilton entrance to the Hamilton to Brantford Rail Trail. In addition, Canada Trust and its Friends of the Environment Trust Fund presented a cheque for $8,125 to develop the East Hamilton to Caledonia Rail Trail. Approximately 120 guests attended the celebration including Bob Morrow, mayor of Hamilton, and Wentworth North MPP Toni Skarica. Also present were representatives of 35 corporations, agencies, municipalities and community groups, all of whom share a strong commitment to the environment.

"It was wonderful to have so many of our supporters from across the region gather together and help us celebrate the launch," said Foundation President Heather Pullen. "By joining us, they demonstrated the spirit behind the United for Conservation campaign – that we all have a responsibility to ensure our natural treasures are preserved for the future."

"The restaurant also deserves a great deal of credit for its fine hospitality," added Foundation Executive Director Brad Clark. "We can only reach our goals with the support of generous corporate partners like Kelsey's."

Beth Stormont, owner of Nature on Wheels and a regular Conservation Foundation volunteer hands out white pine seedlings.

Tom Bennett, Director of Canada Trust's Friends of the Environment Trust Fund presents a cheque for $8,125 to HRCA General Manager Ben Vanderbrug and Chairman Alan Stacey.

Canada Trust Supports Hamilton-Caledonia Trail

"Canada Trust is proud to be called a United for Conservation Corporate Partner," proclaimed Tom Bennett, director of the Canada Trust Friends of the Environment Trust Fund, as he presented a cheque for $8,125 for the development of the East Hamilton to Caledonia Rail Trail.

Over the years, Canada Trust has been an active sponsor of Conservation Foundation and HRCA projects. The funds are raised through voluntary monthly deductions from the accounts of participating Canada Trust customers.

"It's great to have Canada Trust as a partner," said Foundation Executive Director Brad Clark. "But when you consider the fact that the money comes from Canada Trust customers, you soon realize that this donation exemplifies the spirit of our campaign – United for Conservation"

Challenges & Opportunities

by Heather Pullen, President

This year has brought with it a new set of challenges and opportunities for the Conservation Foundation of the Hamilton Region.

Drastic cuts in government funding mean that, more than ever before, the Conservation Authority needs our support. At the same time, the competition for charitable donations is increasingly intense. Many organizations like ours are counting on the private sector to pick up where the government left off.

The Conservation Foundation has met these challenges head-on. We now have a full-time executive director and, since joining us in January, Brad Clark has made a significant contribution. He has introduced a new computer system and software which will enable the Foundation to communicate better with donors and to conduct more effective fund-raising. Brad also improved the Foundation's profile by launching United for Conservation, a novel campaign aimed at encouraging citizens to get involved in their environment.

"Drastic cuts in government funding mean that, more than ever, the Conservation Authority needs our support"

-Heather Pullen, President

While on-going fundraising continues, the Foundation is gearing up for several new initiatives this fall. They include the creation of a Memorial Forest in the Dundas Valley where trees will be planted in memory of donors' loved ones; and the staging of Environmental Legacy Evenings where people can learn about the tax benefits of different types of long-term charitable donations.

Perhaps the most exciting opportinity before us is the United for Conservation Auction which will take place on November 5 at the Royal Botanical Gardens. We will be offering our guests a wine and cheese reception followed by an auction with more than 300 items for sale.

Although many generous donations have already been made, the Auction Committee would be pleased to receive any items which Vista readers may wish to contribute. The Conservation Foundation will issue you a receipt for the retail value of the donation, or the auction sale price, whichever is greater. We also invite you to join us at the auction. Tickets are $25 and include complimentary food and beverages. Purchase yours by calling the Conservation Foundation office.

Please join us at the Auction on November 5. It's an opportunity to get an early start on your Christmas shopping. More importantly, it's a tangible and enjoyable way to show that together, we are united for conservation!

Foundation's New Executive Director - An Experienced Fundraiser -

In January, the Conservation Foundation of the Hamilton Region hired its first full-time executive director, Brad Clark. Brad is a dedicated conservationist with nearly a decade of experience in fundraising within the non-profit sector.

Prior to joining the Foundation, Brad was the first lay-person to be appointed the National Development Director for The Catholic Church Extension Society of Canada, a Vatican - mandated agency that raises money to support the most impoverished and isolated communities in Canada. He held that position for four years and was responsible for all aspects of the Society's fundraising as well as marketing, communications, stewardship and public relations. During Brad's tenure, the Society's annual grants increased from $1.1 million to $3 million.

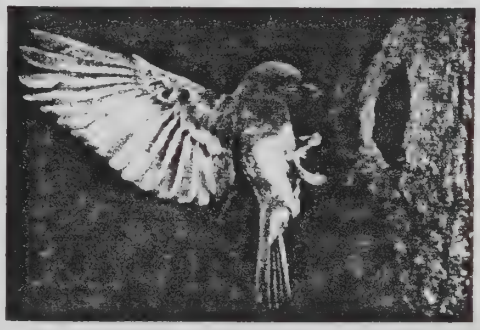

Brad also worked for five years as the Hamilton-Wentworth Field Agent for the Knights of Columbus, a Catholic Fraternal Service Organization. It was there he developed his valuable experitise in financial planning, and charitable gift planning. His responsibilites included selling Knights of Columbus benefit packages, family service, recruiting and retaining members, marketing, public relations, and council development. *(continued on page 4)*

Eastmount Park School United for Conservation

Children are the environment's best advocates. They take the time to savour nature's everyday miracles. And they have the wisdom to recognize the responsibility we all share to protect the environment for future generations.

This is especially true at Eastmount Park Public School in Hamilton. For the second time in five years, the students there have made a donation to the Conservation Foundation to help preserve wetlands in this area. Debbie Maxwell's Grade 1 class made the presentation at a special assembly in late June. Through various fundraising activities – including a healthy snack day when they sold apples at the school – the students raised $60.

Their special guest at the ceremony, local MPP Trevor Pettit, matched the children's donation, as did Down to Earth, an environmental education company (affiliated with the Conservation Authority) which visited Eastmount in May.

"These students are great partners in conservation," says the Foundation's executive director, Brad Clark. "I am very impressed with their level of commitment and their determination to do whatever they can to make a difference."

Children are the environment's best advocates.

Five years ago, Richard Reble's Grade 5 and 6 class at Eastmount funded the purchase of a piece of wetland with money the students raised through the Nature Walkathon as well as other fundraising projects. For that effort, the Foundation presented the class with a plaque and photo of the Beverly Swamp.

This time the entire student body was invited to the donation presentation to learn more about wetlands preservation and to be formally thanked by Mr. Clark and Mr. Pettit. The students and teachers also posed for a photograph with the "United for Conservation" banner.

"The kids were really proud of themselves and they should be," says Beth Stormont of Down to Earth. "They set a fine example for everyone who cares about the environment."

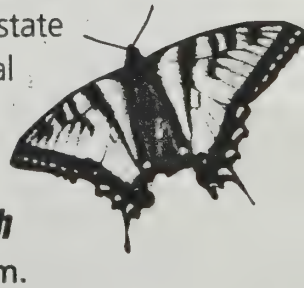

Foundation Executive Director Brad Clark accepts a cheque from Debbie Maxwell, a Grade 1 teacher at Eastmount School. Her students helped raise money to preserve wetland habitat in Hamilton-Wentworth.

"You're not one of those Damned Environmentalists"

by Brad Clark, Executive Director

A recent catching-up conversation with an old friend reminded me why I detest labels. I was in the process of proudly explaining my job with the Conservation Foundation, when he interrupted me. "You're not another one of those damned environmentalists, are you?"

I wasn't quite sure which was worse, being interrupted, or being called a "damned environmentalist" by an old friend. His tone alone was more than enough to wound the spirit.

I asked him to define "damned environmentalist".

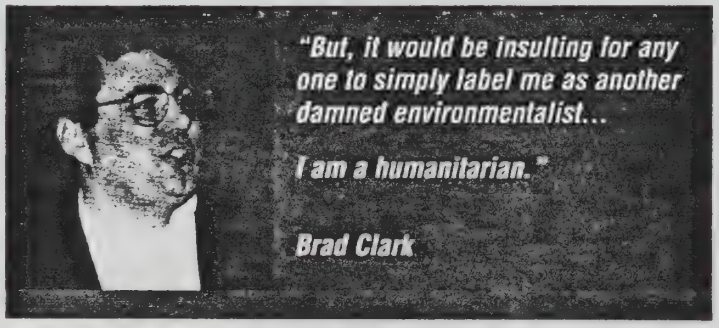

He said, "You know those guys that run around making a lot of noise that the sky is falling. All they do is make it harder for a guy to make a living."

Well, I thought for a minute. I have been and continue to be an environmental advocate within my own community. I have testified before the Standing Committee on Social Justice with respect to the Environmental Assessment & Consultation Act. I am a frequent speaker at colleges, universities and local service groups regarding community involvement in the Environmental Assessment Process. I work full-time for a charity whose sole purpose is to raise the funds necessary to preserve and conserve our local environment. I sincerely believe that the environment is a vital component in humanity's quest for a safe and peaceful existence. It would appear, at least by my friend's logic, that I am another "damned environmentalist."

I turned to my friend and said that I have been called many things over the years, some flattering, others degrading. But, it would be insulting for anyone to refer to me as another "damned environmentalist". I am a humanitarian.

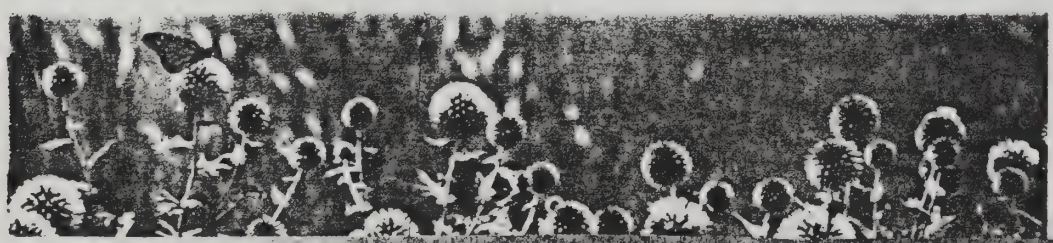

There was a time when I would have proudly worn the label, "environmentalist". The word was once a revered moniker that was readily accepted by some and sought after by others. But today, the word has lost its stature and respect. I have personally witnessed politicians and bureaucrats refer to residents as environmentalists in a pathetic attempt at attributing radical motives to their actions. It's hard to believe that constituents' concerns can be so easily dismissed with the statement, "They're environmentalists!"

Unfortunately, in our admirable efforts to protect wildlife habitats, endangered species, water and air quality, we tend to fall into the incessant numbers trap. Frequently, we debate environmental issues in a vacuum completely void of the human equation. We use the acronyms, ppm ppb, PAHs, EA and EPA. We freely use terms like "negligible risks", "nominal impacts", "sustainable development", and "minimum exposure pathways". Sadly, most environmental debates have become logistical numbers games, ignoring the social impacts to the point that we actually are willing to accept the not-in-my-backyard syndrome as a verifiable theory. And should humanity ever enter the debate, it is quickly converted to numbers or dismissed as emotional rhetoric. Recently, I was publicly admonished by a lawyer for questioning the potential impact on the health and quality of life of children who are exposed to a persistent contaminant. He exclaimed, "How dare you bring children into a scientific debate." Ah, yes, it is always easier to debate in a vacuum, with no faces behind the numbers.

Personally, I have seen the terror when an Innu speaks of low-level NATO flights. I have listened to the Inuit Elders speak of their concern for dwindling caribou herds. I saw the fear in my neighbours' eyes as they opposed a dump in their community.

Protecting our environment is not a numbers game. It is a humanitarian effort. As humans, we must preserve, conserve and restore the most vital component of our natural existence, our collective home – the earth. Together, we are humanitarians, United for Conservation!

Experienced Fundraiser computerizes Foundation

(continued from page 2)

In both of these jobs, Brad's aptitude for computers paid off. He played an important role in the computerization of CCES by helping to select, install and train staff on their operation and new systems, As a matter of fact, under Brad's initiative CCES was the first Canadian charity to completely bar code its data base and donation processing system. Since January, Brad has successfully computerized the Foundation office. Now, for the first time, our fundraising efforts are being supported by state-of-the-art hardware and specialized software.

Brad is perhaps best known in this region for his leadership of the citizens' group formed to lobby against the Taro, a landfill on the Niagara Escarpment. Brad represented Stoney Creek Residents Against Pollution (SCRAP) in submissions to Queen's Park, the Niagara Escarpment Commission, the Hamilton Region Conservation Authority, and Stoney Creek City Council. In 1996, Brad testified before the Standing Committee on Social Justice regarding Bill 76, the new Environmental Assessment and Consultation Act. Brad was honoured by the Stoney Creek-East Hamilton Health Association naming him the recipient of the 1996 Dr. Bob Kemp Health Care Award. He is also running for mayor of Stoney Creek in the November municipal elections.

Brad is a graduate of the Broadcasting program at Mohawk College and is currently enrolled in the National Certificate Program for Non-Profit Sector management. He and his wife, Linda, live with their three children in Stoney Creek.

Wetlands

Wetlands are essential to the health of our lakes, rivers and streams. The survival of hundreds of plant and animal species depends on the special habitats found only in wetlands. They also play an important role in the maintenance of our water supply, in cleaning polluted waters and in flood damage reduction. Exceptionally beautiful and remarkably productive, wetlands are a precious resource.

"Beautiful and scarce, wetlands have been used and abused for many years and they have seldom been appreciated..."

Wetlands are lands that are permanently or intermittently wet, or are shallow water areas or land-water margins. They are characterized by plants and animals adapted to living in wet conditions. They often function as spawning and nursery areas for fish. Millions of small insects, which become food for larger animals, hatch and live within their borders. In addition, one-third of Canada's endangered, threatened and rare wildlife live in wetlands.

Many people enjoy hunting and fishing in these areas. Others walk and enjoy the wildlife or study and photograph the plants – often the abundant ferns and rare orchids which favour wetland habitat.

Since European settlement of Hamilton-Wentworth began, 76% of wetlands in this region have disappeared. The remaining wetlands are fragmented and reduced. Hydro transmission lines, roads and pipelines cross them. Their edges have been drained and converted to croplands or pasture. Peat and marl have been mined from some of them. Large cedars, maples and ash trees have been cut for firewood and posts.

In spite of this, we are fortunate in this region to have many wetlands, mostly in Flamborough.

Throughout southern Ontario, the majority of the remaining wetlands are swamps and this is also true here. The Beverly Swamp between 7th and 10th concessions in Flamborough is the largest, but others such as the Fletcher Creek Swamp Forest, Hayesland Swamp, and Millgrove Wetlands are also substantial. These all are dominated by stands of silver maple, red and black ash or by white cedar. Within the wet cedar woods, you can find stands of delicate flowers – bunchberry, starflower, twinflower, bead lily and swamp dewberry. The lacy bulbet fern is abundant and fallen logs are often smothered in Kelley Green Moss.

Many birds and small animals like these woodlots and we find Nashville warblers, white-throated sparrows, pickerel frogs, and northern waterthrushes singing and calling in the spring.

Marshes, especially those dominated by cattails, are the other main type of wetland in the region, although probably no more than 10% of our wetlands are this type. These sunny, open wetlands are home to some showy wildflowers, such as blueflags, water plantain and arrowhead. Hidden among the cattails are nests of Virginia rails, bitterns and many ducks. Pike and bass search for leopard frogs and green frogs among the cattail stems.

There is only one bog in this region, the Summit Bog on Highway 52 near Copetown. It is fed only by rainwater and flow out of the bog is limited. The result is an acidic environment where very few plants and animals can survive. This jewel of a wetland has carnivourous plants such as pitcher plants and sundews hidden in the spongy carpet of moss-

(continued on page 6)

Bequests
The Gift of a Lifetime!

More and more Conservation Foundation supporters are asking about giving through their wills or bequests. Here are some answers to the most often asked questions.

What is a bequest?

A bequest is a statement made within a legal will that gives a portion of your estate to a specific individual or charity.

Why should I have a will?

If you die without a will, you lose control over what happens to everything that you have acquired during your lifetime. Without a will, the courts must decide who gets what and when, without the advantage of knowing what you wanted. And in this situation, no charity, no matter how much it meant to you in your life, will benefit from your estate.

How do I make a bequest for the Conservation Foundation?

First, you need to draft a legal will. Because of the complexities involved in estate and tax laws, we urge you to seek your lawyer's advice. If you already have a will, you may attach a codicil. A codicil is nothing more than the legal amendment of your will.

You can make a gift to the Conservaiton Foundation of the Hamilton Region through a bequest that specifies a certain dollar value, property or even the residual of your estate. The bequest clause should read ***"I give and bequeath to the Conservation Foundation of the Hamilton Region, whose general offices are located in the Town of Ancaster $____ ."***

Are there any tax Benefits?

A charitable donation receipt will be issued for the sum of dollars, or the fair market value of the property donated to the Conservation Foundation. The latest federal budget allows the executor to deduct up to 100% of the net income for the donation, with a one year carry-back provision.

Wetlands

(continued from page 5)

es. Black spruce and tamarack are abundant and the moss is covered in places with leatherleaf, cranberry plants and the rare Virginia chain fern. The little bog copper butterfly is seen only in the Summit Bog in July of each year.

At the Fletcher Creek Swamp Forest, a small fen, our final wetland type, occurs. This biologically rich wet area sports bog-bean, several orchids, pitcher plants and cotton grass. With slow flowing water and marly soils, the wetland is unique in this region.

Beautiful and scarce, wetlands have been used and abused for many years and they have seldom been appreciated for what they do. For wildlife, for flood control, for groundwater supply, for pollution control, for recreation, wetlands are lands to preserve and conserve.

Telephone Donations Increase Foundation Grants

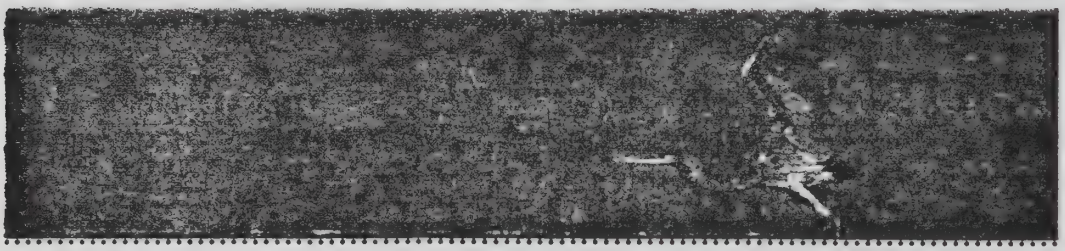

Always on the cutting edge of technology, the Conservation Foundation is one of the first charities to launch the brand new Advantage 900 donation service. Executive Director Brad Clark describes the Advantage 900 fundraising system as "a more convenient way for supporters to donate to the Wetland Preservation Fund."

The Advantage 900 system is remarkably simple. Anybody wanting to make a contribution can call the Foundation's Wetland Preservation Fund line, **1 (900) 565-LAND**. Callers will hear a brief message, instructing them that if they stay on the line they have agreed to make a $25 donation to the Conservation Foundation Wetland Fund. The donation will be automatically added to the phone number from which they are calling, and a receipt will be issued to that telephone subscriber.

"This system gives the donor the opportunity to respond immediately to a fundraising request," says Mr. Clark. "And it eliminates donors' fears about giving out their credit card numbers over the phone, having their donation get lost in the mail or forgetting to mail it."

Conservation Foundation president Heather Pullen said, "The Foundation is committed to providing our partners with the best services. Our new 900 series telephone line does just that, it gives our donors one more opportunity to help preserve our natural treasures."

The Conservation Foundation's Wetland Preservation Fund telephone number should be up and running during the first week of September.

Rail Trail Loses Dedicated Volunteer

It was a sunny day in 1967 when Gwen George settled into the tranquil town of Dundas, and she continued to bring sunshine into the lives of all the people who path she crossed until she passed away in March 1997.

Gwen's passion was her family – spouse, Dr. Peter George, daughter Jane, son Mixhail, and five grandchildren, Kristen, Matthew, Spencer, Trevor, and Tyler. Among her loves were her friends, her "magnificent obsession," McMaster University (where she was affectionately called the First Lady), the Wellwood Cancer Centre which she helped found, and the Hamilton to Brantford Rail

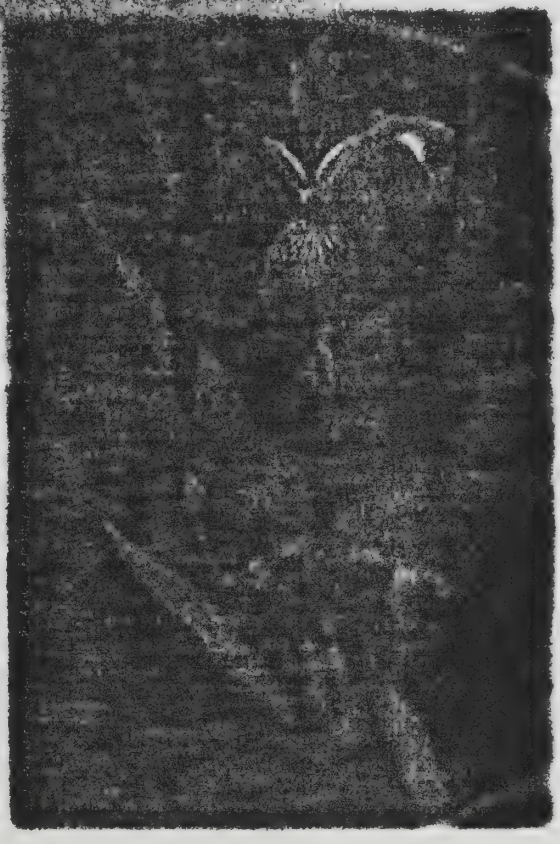

(continued on page 7)

We Remember...

The Conservation Foundation of the Hamilton Region receives many donations in memory of special people, who have left behind the wish of our donors and supporters. These in memoriam gifts help the Foundation preserve, conserve, and protect our natural treasures, thereby creating an environmental legacy for all future generations.

Rail Trail Loses Dedicated Volunteer

(continued from page 6)

Trail where she walked daily with many good friends, and in particular, with Bette Fowler of Dundas. Apparently, Gwen chatted with people on the trail, and distributed the rail trail contribution pamphlets regularly on their walks. So great was her belief in the trail, that when she was first hospitalized with cancer, she asked friends to make donations to the trail instead of sending flowers.

Gwen and Bette walked the trail all year round, using its serenity for their walking meditation and Tai Chi. Although Gwen's least favourite season was the late Spring when the mosquitoes were ferocious on the lower trails, she, as always, prepared to flex for her great love, armed herself with repellent, and continued to enjoy the familiar faces, the medley of song birds, the deer, and the wild flowers. Gwen would often return home and telephone Bette, ardently identifying a bird they had seen on the trail.

As Gwen's illness progressed, she needed more breaks during her daily walks. It was then that she observed that benches at closer intervals along the trail would have been advantageous. As a testament to her philosophy that a healthy and balanced life included a closeness with nature, exercise, good friendships, and to embody the values affirming the work that we continue to do at the Centre for Intergrative Change, we could think of no greater tribute than to donate a bench in recognition of such an extraordinary individual and her commitment to her beloved rail trail.

Hamilton Boiler Works Donates Rail Trail Bench in Memory of Employee

Hamilton Boiler Works Limited and nine employees have donated $850 to the Conservation Foundation to place a memorial bench on the Hamilton to Brantford Rail Trail, in memory of Debbie Fitzpatrick.

Debbie was a dedicated employee of Hamilton Boiler Works for 18 years. During this time she devoted her skills to managing the office and plant employees.

"Debbie was an important part of the Hamilton Boiler Works Family," said spokesperson Sandy Hotrum. "Everyone who knew Debbie liked her, and was touched by her passing. We enjoyed her sense of humour, creativity, and thoughtfulness. She was filled with love, life, laughter and fun."

Debbie's passion for nature, inspired the company to donate a Rail Trail Bench in her memory.

"The Memorial Bench Program was tremendously popular. Debbie's memorial bench was one of the last to be placed." said Foundation Executive Director Brad Clark.

Earlier this year, the Conservation Authority and Foundation ended the program because so many benches were donated that the Dundas Valley Conservation Area ran out of ideal locations along the rail trail. Instead, interested donors may wish to honour their loved ones by donating a Memorial or Life Tree, to be planted in the new "Thomas A. Beckett Forest."

Proceeds support the Conservation Foundation of the Hamilton Region

United for Conservation Appeal

The Conservation Foundation of the Hamilton Region, with the support of donors and volunteers, is dedicated) the acquisition, preservation and rehabilitation of environmentally sensitive lands within the watershed of the lamilton Region Conservation Authority. At the present time, the acquisition of 118 acres of wetland and carolinian)rest habitats is our goal. The United for Conservation appeal needs to raise $127,000 to preserve and protect these ands that are the homes to hundreds of varities of wild-life. Please help us save these priceless natural treasures.

Please make a $25 donation to the wetland preservation fund by calling **1(900)565-LAND.**

Vhen you call **1(900)565-LAND**, a $25 donation to the Conservation Foundation's Wetland Preservation Fund will e automatically added to the phone number from which you are calling and a tax receipt will be issued in the name f the telephone subscriber. Callers must be 18 years of age or older. If you would like to make a larger donation, lease complete your donation card below, and mail it and your cheque in the enclosed postage paid envelope.

Yes, I want to make a personal investment in our environment.

WESTERN LAKE ONTARIO ENVIRONMENTAL COALITION

MINUTES

WEDNESDAY, OCTOBER 1, 1997

7:30 P.M.

AT MCMASTER BIOLOGY DEPARTMENT

4(b)

PRESENT: Lynda Lukasik, WATER
George Sorger, WATER, McMaster Biology
Dave Robinson, GASP
Bob Korol, Citizens for a Sustainable Community
Bob Curry, Aldershot High School
Jackie Davies, Norfolk Field Naturalists
Peter Carmichael, Burlington Sustainable Development Committee
Bruce Duncan, Hamilton RCA

1. WELCOME

Bob Curry, facilitator of the meeting, welcomed everyone and introductions were made.

2. AGENDA

No additions were made. Geroge Sorger indicated he had an item under New Business.

3. MINUTES

The minutes of the July 16, 1997 meeting of WLOEC were received.

4. PROPOSED CHANGES TO WLOEC

Bob Curry reported that he, Lynda Lukasik, Peter Hutton and Bruce Duncan had met, discussed proposals on restructuring and prepared a memorandum on those changes with recommendations. That memorandum had been sent to all members. Members asked that it be discussed point by point.

The rationale was approved.

Number of meetings was approved. There should be a worthwhile agenda item for each meeting.

The suggestion to create caucuses was approved. Discussion indicated that there may be a small number of caucuses to begin and that as issues or interest dictated, other caucuses would be formed. There may need to be a Communication/Liaison Committee as well. Bruce Duncan and Lynda Lukasik volunteered to review these functions, ask Don McLean to assist and to bring recommendations to the next WLOEC meeting.

There was also discussion of whether an "Emergency Response" Caucus (e.g. to respond to emergencies such as the Plastimet fire) was needed. The question arose whether this function might fit under Liaison Caucus.

Lynda Lukasik, Bob Curry and students agreed to form the planning committee for Earth Day Gathering. Other students and teachers will be requested to assist.

A Waste Management Caucus will be formed headed by Lynda Lukasik, Dave Robinson and Don McLean.

Bruce Duncan will send out a membership list to everyone to allow perusal for caucus membership. In addition, he will obtain a chairman for the next year (another recommendation of the memorandum).

5. NEW BUSINESS

a) All-Candidates Meetings

George Sorger suggested that members should be involved in setting up and attending all-candidates meetings. Members agreed but indicated that this should be done individually or by other local groups.

6. NEXT MEETING

The next meeting will be Wednesday, December 10, 1995 at 7:45 p.m. at the Biology lounge, second floor, McMaster University.

The date of the Earth Day Gathering will be Saturday, April 18, 1998.

VISION 2020

Hamilton-Wentworth The Sustainable Community

Act Locally

Implementation Review

This year a review of the steps taken by the Region and the community has been completed and is available in the **Implementation Review Report**. Topical summary sheets will be sent out to registrants in advance and will also be available on October 25 at the workshops. Identify your priorities on the **Implementation Review Posters** in the morning.

VISION 2020 Progress Team

This team of citizens will review the progress to date, receive suggestions and ideas about next steps and recommend new strategies and actions. October 25th will be your first opportunity to meet them and tell them your ideas and concerns. The Progress Team will begin to receive written submissions and your input is needed. Several of these briefs will be presented at the Annual Day.

Hamilton-Wentworth's Sustainability Indicators Report Card

How do we measure the community's progress towards **VISION 2020**? The 1996 Report Card provides signposts on the trail to **VISION 2020** to see whether we're headed in the right direction. The **Report Card** will be distributed at the **Annual Day.**

.....on the Trail to VISION 2020

Food at the Sustainable Community Day

Hamilton Organic Mentorship Experience (HOME) is working with the Hamilton Community Garden Network to grow the food for the Annual Day. The food is being prepared in partnership with the Latin American Women's Collective, a group of women who recognize the value of participating in community activities and working collectively to become more economically independent.

This partnership reflects the **VISION 2020** goals of developing a community-based network committed to a sustainable region by ensuring that agriculture is a viable local economic activity in Hamilton-Wentworth. **Bon appetit!**

The Annual Sustainable Community Day is organized by volunteers of the Citizens' Steering Committee.

-- PROGRAM -- Saturday, October 25

9:00 -10:00 Registration, posters, coffee & snacks

10:00 -12:00 Morning program

- ◊ **Terry Cooke,** ***Regional Chairman***, Welcome
- ◊ **Jeb Brugmann,** ***Secretary General***, International Council for Local Environmental Initiatives
- ◊ Meet the VISION 2020 Progress Team
- ◊ Briefs

12:00 -1:00 Lunch

1:00 -1:30 Sustainable Community Recognition Awards

1:30 - 3:30 Workshops

3:30 - 4:00 Reports on Workshops

4:00 **Stuart Smith,** ***Chair***, National Roundtable on Environment and Economy

Workshops

The afternoon workshops are an opportunity to discuss what has been accomplished in the past four years and identify priorities for the coming years. What are your ideas for creating a more sustainable community? What challenges are facing Hamilton-Wentworth in the coming years? The workshops will be organized according to the eleven themes in the original vision.

Turn over for more information

Registration

The **Sustainable Community Day** is a **FREE EVENT!!!** Lunch will be provided. Our email address is **nragetli@hamilton-went.on.ca**

You can also register on our website **http://www.hamilton-went.on.ca/vis2020**

Please register by Monday, October 6, 1997.

I am interested in participating in this workshop at the Annual Day (please check one):

It's Time To Start Thinking About Booking Your
ORGANIZATIONS CHRISTMAS EVENT
We Make It Easy When You Book With The Royal Hamilton Military Institute

The Royal Hamilton Military Institute (RHMI), located at the corner of Park and Robinson Streets, Just three blocks South of City Hall, is steeped in tradition. The RHMI offers an atmosphere of a military officers club with the modern banquet facilities your organization is looking for.

Facilities include the Harold Cooch Auditorium / Banquet Centre, suitable for groups up to 100 people. This modern auditorium connects onto the unique century old house that is the home to the Royal Hamilton Military Institute, and gives visitors access to the Institute's historic museum collection as well as the Lounge, Library, Reception Rooms and Main Bar. Located on the second floor, are the Institutes meeting rooms, suitable for groups smaller than 15 people.

Special Christmas banquet packages are available to suit large and small groups, and with food and service that is second to none you will create a Christmas Event that will be talked about for years to come.

Served Dinner Suggestion $24.99/person*

Soup, Salad or Juice
Glass of House Wine

August 8th, 1997.

4(f)

Mr. J. Autry,
Spotless - Keep Hamilton Clean,
27 Smith Avenue,
HAMILTON, Ont.
L8L 5P2.

Dear Mr. Autry,

Re: Night Out Festival.

The Stinson Community Association would like to thank you, and your colleagues who attended, for your participation in our annual Night Out Festival on August 5th, 1997. It is only through the participation and generosity of local organizations and businesses that makes such an event a success. Fortunately the weather co-operated and the turn out met our expectations.

Should you have any comments or ideas, pro or con, that would enhance our annual festival they would be much appreciated. We do hope that you found the experience worth while, and possibly you may keep us in mind for 1998.

Once again our sincere thanks for participating in our community event.

Respectfully yours,

Mina Morski

Poster bylaw creates visual anarchy

BY JACOB S. ZIEGEL

About four years ago, the Supreme Court of Canada held, in a decision involving the City of Peterborough, that the right to freedom of expression guaranteed in the Canadian Charter of Rights and Freedoms prevents a municipality from simply prohibiting the use of municipal property for postering purposes.

The results of the decision were predictable, not only for Metro Toronto but for all Canadian municipalities. Hundreds, if not thousands, of small entrepreneurs (and some not so small) in Toronto alone welcomed the decision as a wonderful opportunity to blanket with impunity much of the downtown area and, increasingly, many residential areas with posters and signs of every size, colour and description.

The cost to the posterers is minimal. The cost to the city has become increasingly heavy in terms of the visual havoc and unsightliness that is being inflicted on our streets. Only slightly less objectionable is the cost to taxpayers since the city has a full-time staff of half a dozen persons or more whose primary job is to remove posters and signs from utility poles and other city property.

Astonishingly, it took the City of Toronto services committee until earlier this year to fashion any kind of reply to this post-Peterborough scourge. About two weeks ago the committee considered a draft bylaw, closely modelled on similar bylaws adopted in Scarborough, Mississauga and other municipalities, which would have restricted postering to plastic collars attached to selected utility poles.

However, the committee was besieged by such a chorus of opposition (including not a few threats) from some of the posterers and their teenage employees that the committee beat a hasty retreat.

As a result, on Sept. 22-23, city council adopted a recommendation from the committee that there be no restrictions as to the number or location of posters on utility poles throughout the city. The only restrictions will be as to the types of materials that may be used, the method of affixation and the maximum height of posters from street level.

In my view, the committee capitulated to totally specious reasoning. The Charter does not oblige municipalities to acquiesce to massive urban blight. The Supreme Court's judgment made it clear that municipalities are free to regulate postering activity. Apart from the option of plastic collars (which I do not personally favour), there were other important and workable precedents the committee could have adopted.

ALFRED WONG ILLUSTRATION

One would have been a licensing scheme for posters; another would have been the installation of "poster pillars" at suitable intersections in business and shopping areas to which posters would have access at reasonable cost. This system is widely used in continental European countries and seems to work well.

Instead, the City of Toronto is now faced with visual anarchy as well as visual blight. Fortunately the new megacity council will have to review the position after the November municipal elections, if for no other reason than to adopt a uniform set of regulations for the old Metro municipalities.

One must hope that wiser heads will prevail and that the new councillors will seek to restore some of Metro Toronto's tarnished image as a metropolis with world-city aspirations.

Jacob S. Ziegel is professor of law emeritus at the University of Toronto.

were disarmed by the laconic replies of Farlinger, a Bay St. businessman and friend of Premier Mike Harris.

As for Kupcis, if the MPPs were expecting inside dirt from a disgruntled ex-manager, they were disappointed. An engineer who joined Hydro in 1973 and worked his way up through the ranks, he was loyal to the end, although he did disagree with Farlinger on the term "cult" and said he preferred "priesthood."

The committee also heard from Agnes Bishop, president of the Atomic Energy Control Board, the federal regulatory agency that oversees Hydro's reactors. In response to Liberal MPP Monte Kwinter, who repeatedly invoked the spectre of "Three Mile Island" and "Chernobyl," Bishop tartly declared: "We never allow the margin of safety to get down to that level."

However, she continued, if management is not improved, "it can only be a matter of time before safety margins are compromised." That assessment and the falling output of its nuclear division are what prompted Hydro to act by "laying up" seven of its reactors.

For the environmentalists dancing (perhaps prematurely) on the graves of those seven reactors, Hydro had this unsettling message in background documents supplied to the committee: fl the four laid-up reactors at Pickering are not back in operation by the year 2000/01, Ontario faces a shortfall of at least 800 megawatts.

That's more than half the peak demand in Metro, and wind, sun, hydrogen fuel cells and conservation favoured by the environmentalists won't be enough to take up the slack.

The question ought to be, then, how to get Hydro and its reactors back up and running efficiently.

The answer *du jour* is "competition." End Hydro's monopoly on the generation of power, we are told, and all will be fine. Even Hydro itself has become resigned to this.

But its potential competitors, inside and outside the province, say that, as both a supplier and transmitter of

...ill survive in education system

1998 Pitch-In Week Poster Competition

The Keep Hamilton Clean Committee is holding a Poster Competition with area schools for the 1998 Pitch-In Week Campaign. Each school is hereby invited to participate in this competition in order to promote Pitch-In week, our anti-litter campaign.

Attached is a copy of the competition details which we ask that you reproduce in sufficient quantities for distribution amongst your pupils.

As indicated on the attached, there will be two groups of prizes given out for this contest. One for Kindergarten to grade 5 and one for grades 6 to 8. Then from all the entries received, one will have the special honour of representing the committee's efforts and goals in its 1998 Pitch-In advertising posters. These posters will be used in advertising, such as on buses, bus shelters, in area newspapers, on flyers, etc.

There will be prizes for individuals, as well as two group prizes. One for each group, consisting of a lunch from Subway.

Deadline for submissions is Friday, December 12, 1997.

Don't forget Pitch-In Week in 1998 is May 4 to 10. In addition to the poster contest, we look forward to your participation in the 1998 Pitch-In Week. As in the past, the Keep Hamilton Clean Committee looks forward to the participation of all schools in this worthwhile endeavour.

Yours truly,

Danielle Marchese, Youth Affiliate Liaison
Keep Hamilton Clean Committee

Date: Sunday, October 26, 1997 9:54AM

Considering the pending strike I am going to hold off on any
communications with the schools or boards.
I don't think it would do any good to try to contact anyone.

I did manage, however, to get the Catholic Board to send out the letters.
I never did hear back from the Public Board. There were also some
independant schools that I sent letters to. That is all I can do for now.

Mr. Don Heintz, Staff Advisor
Keep Hamilton Clean Committee
Department of Public Works and Traffic

Dear Mr. Heintz:

The Council of the Corporation of the City of Hamilton will be considering the appointment of citizens to the following Committees, Local Boards and Commissions:

Arts Advisory Commission
Canadian Football Hall of Fame and Museum Management Committee
Central Area Plan Implementation Committee
City of Hamilton Licensing Committee
Committee of Adjustment
Court of Revision (Region)
Hamilton Entertainment and Convention Facilities Inc.
Hamilton Farmers Market Sub-Committee
Hamilton Historical Board
Hamilton Region Conservation Authority
Hamilton Status of Women Sub-Committee
Keep Hamilton Clean Committee
Local Architectural Conservation Advisory Committee
Mayor's Advisory Council Against Racism and Discrimination
Mayor's Committee Against Racism and Discrimination
Municipal Non-Profit (Hamilton) Housing Corp./Hamilton Housing Company Limited
New Mum Show Sub-Committee
Property Standards Committee

97.01.402
PUBLIC WORKS
OCT 2 1997

Orientation Sessions for citizens interested in serving on the above-noted Committees, Local Boards and Commissions will be held as follows:

Monday, 1997 November 24	- 10:00 a.m.	City Council Chambers
Monday, 1997 November 24	- 7:00 p.m.	City Council Chambers
Wednesday, 1997 November 26	- 7:00 p.m.	City Council Chambers

HAMILTON
150TH BIRTHDAY
1996

S

The purpose of the one-hour Orientation Session is to familiarize all applicants with the Committees' Terms of Reference, to better understand the commitment required by successful candidates, and to provide a forum where their questions with respect to these Committees can be answered.

Once again, City Council is requesting your assistance with these Orientation Sessions by providing the following:

(a) have a representative from the Keep Hamilton Clean Committee or a Staff resource person attend all three of the Orientation Sessions to make a 5 minute presentation outlining your Committee's mandate, Terms of Reference, meeting dates, time commitment involved and to provide any other general information about your Committee which might be helpful to those applying for membership; and,

(b) supply sufficient copies of your Committee's mandate, Terms of Reference, meeting dates, etc. for distribution to interested parties following the Orientation Sessions and to be on hand to respond to any enquiries that may arise. One table and one chair will be provided for each Committee on the 2nd floor foyer outside the Council Chambers, City Hall for this purpose. Should you require additional chairs, etc. please let us know; and,

(c) have one member of the Keep Hamilton Clean Committee or a Staff resource person appointed to sit in as a non-voting resource person when the Selection Committee meets to interview all applicants in early 1998 January.

It would be appreciated if you could advise Mrs. Charlene Touzel, Legislative Assistant, at 546-3994 by Wednesday, 1997 November 12 of the name of your Committee representative for the three Orientation Sessions and Selection Committee interviews.

I would also like to bring to your attention that City Council at its meeting held 1997 September 30 approved that the Terms of Office for all existing citizen members of the various City Committees, Local Boards and Commissions expiring at the end of 1997, be **extended until 1998 February 10**, or until their successors are appointed, to allow the Committees, Local Boards and Commissions to function until such time as the newly elected Council has had an opportunity to undertake the necessary actions to fill these vacancies.

It would also be appreciated if you could advise those members of your Committee, Local Board or Commission, whose term of office expires at the end of 1997, to contact Mrs. Touzel to obtain an application form if they are interested in applying for renewal of their present appointment.

Your co-operation in this regard is most appreciated.

Yours truly,

J. J. Schatz
City Clerk

Heintz, Don

To: KHCC
Subject: Orientation Sessions - Appointments To Local Boards

The Orientation Sessions for the upcoming appointments to KHCC are Monday, 1997 November 24 at 10:00 a.m. and again at 7:00 p.m. and on November 26 at 7:00 p.m.

We will need:
1) a representative of the committee at each session to make a 5 min. presentation
2) copies of the Committee's mandate
3) one member of the committee as a non-voting resource when the selection committee meets in January

Determination of the reps must be done by November 12 and Charlene notified by that date (ie at the next meeting).

Those members whose term is expiring and who wish to re-apply should contact Charlene Touzel @ 546-3994.

Re: 1997 Coastal Cleanup

The Keep Hamilton Clean Committee would like to thank you for your participation in our second annual International Coastal Cleanup Campaign (underwater component) held 1997 September 21.

It is only through the participation and generosity of local organizations, businesses and dedicated individuals such as yourselves that make such an event possible and successful.

The weather was absolutely splendid and the media coverage of the dive was most welcome. Our hope is that all participants enjoyed themselves. Certainly, our Committee was very pleased with the success of this important event. Your involvement in this groundbreaking endeavour is appeciated by our Committee and all envirnmentally concerned citizens.

Should you have any comments or ideas, pro or con, that would enhance our annual undertaking, they would be most appreciated. We hope that you found the experience worthwhile and that, possibly, you will keep us in mind for 1998.

Once again, our sincere thanks for participating in this public service campaign.

Yours truly,

1997 October 22

To: All 1997 Spotless Spot Winners and their parents

Dear Winner and Parent:

As a winner of the Junior Press Club's Spotless Spot, the Keep Hamilton Clean Committee would like to invite you (along with a parent(s) or guardian over eighteen (18) years of age) to participate with us in this year's Santa Claus Parade to be held on Saturday, 1997 November 22.

Those who will be participating are to assemble on Cannon Street West at the corner of Bay Street between 1:00 p.m. and 1:30 p.m. The parade is to start at 2:00 p.m. If your child is interested in participating, we ask that they be brought to this location no later than 1:30 p.m.

Parent(s) (or guardian over the age of eighteen (18) year of age) are required to participate with your child in the parade. We look forward to seeing you and your child on parade day. The Parade ends on Bay Street between King and York Streets.

The Committee suggests that the children visit the washroom as no facilities will be provided along the parade route. The children should also be dressed appropriately (warm clothing, gloves and adequate footwear).

Most of the Spotless Spot Winners have received a Keep Hamilton Clean T-Shirt and should wear this T-Shirt over their clothes/coat for identification. Winners who have not yet received their T-Shirts will be given one on the day of the Parade. Please contact Michael Cuberovic at 578-3222 by Tuesday, 1997 November 18 to confirm participation. If you haven't called by this date, the Committee will not be expecting your participation in the Parade.

We are updating the site soon and will make a note to look for it!

Sorry for the delay in sending you an invoice - I held off to see how our corporate/Foundation support was/is coming along as we would not want to take your $ unless we could guarantee delivery of another good program. Niagara Chapter of the Friends of the Environment Foundation just signed on with a donation and we are hopeful that other Hamilton area Chapters will as well. Will get to you asap - looks good so far.

Please keep in mind our discussion re: the bags you produce with the Spectator: going ahead again for 1998? We would love to quote on bags in case we can get you a better deal. And we would love you to use the PITCH-IN and/or Civic Pride logos. If the Foundation (assuming they "come along" can get mention to "tie it all together" then this would be great.

Call me the "beggar"!

One of our members has called to indicate that, in at least one location on your web page, our Committee is called the Keep Hamilton Beautiful Committee.

I must confess that I have not had the time to actually find that reference - I found one location (the Clean World awards) where our name is correct.

It could relate to the Coastal Cleanup since the incorrect reference was made by the Coastal Cleanup people.

Perhaps Ron Volterman, our past Chair, would point out to you the location where it is not correct .... unless you already know where that is.

Mark
I know that you are busy with the election coming up but, as a City employee and staff advisor to the KHCC, I must request that, when you send e-mail or other correspondence to those not on the committee (ie. Kirk Lapointe of the Spectator), you separate these into two e-mail notes.

The fact that you are a member of the Committee is a matter of record and you may use that but combining election notes with committee business sort of indicates that the KHCC supports your campaign which we are not allowed to do.

The KHCC members may, indeed, support your candidacy but the KHCC cannot be associated with your campaign as a matter of policy - and also because I am a City employee.

Thanks for your anticipated co-operation.

This may help in your response, Don:

The Citizen's Guide is an internally driven newsletter and is purely the product of Regional user departments and divisions. If, for instance, the Regional people responsible for public health wish to communicate a specific message with Regional residents, and they are willing to pay $900 to $1000 per page to do it, then they buy some space. They alone write and edit their material - there is no power from above that decrees the publication to be printed or tells user departments what to write, nor is there a single budget from which this is all done. Each user must find within their own budgets the funds required to cover their portion of the cost -there are no freebees nor is there any paid advertising.

The Guide is purely a Regional document subject to interest - if there isn't enough departmental interest then we can't print. Outside groups are sometimes featured if their application is Region-wide and they are somehow affiliated with a Regional department such that the Department gives them some space within an article or page. Activities pertaining to only one municipality, but not of interest to the rest, are almost never printed, but again everything is subject to the discretion of the individual user department.

We (my Section) pioneered the Guide, which started as waste management newsletter and grew through internal partnerships. We still provide some coordination and administrative support for the effort, and we invite participation from other Regional departments.

Anybody who knows the work of Keep Hamilton Clean and Clear3 know that they are great committees, but the fact that they do not appear in the Citizen's Guide is not a "correctable" situation if that means a mistake has been made. I think its just the nature of the newsletter, plain and simple. Maybe the Cities of Hamilton and Stoney Creek could provide a medium for those groups to publicize their work. On the other hand, if these groups have a close affiliation with a Regional department, maybe they should approach that department to discuss participation in the Guide.

Date: Thursday, October 02, 1997 10:06AM

Phil: I was advised that you have something to do with the above-noted publication> > >

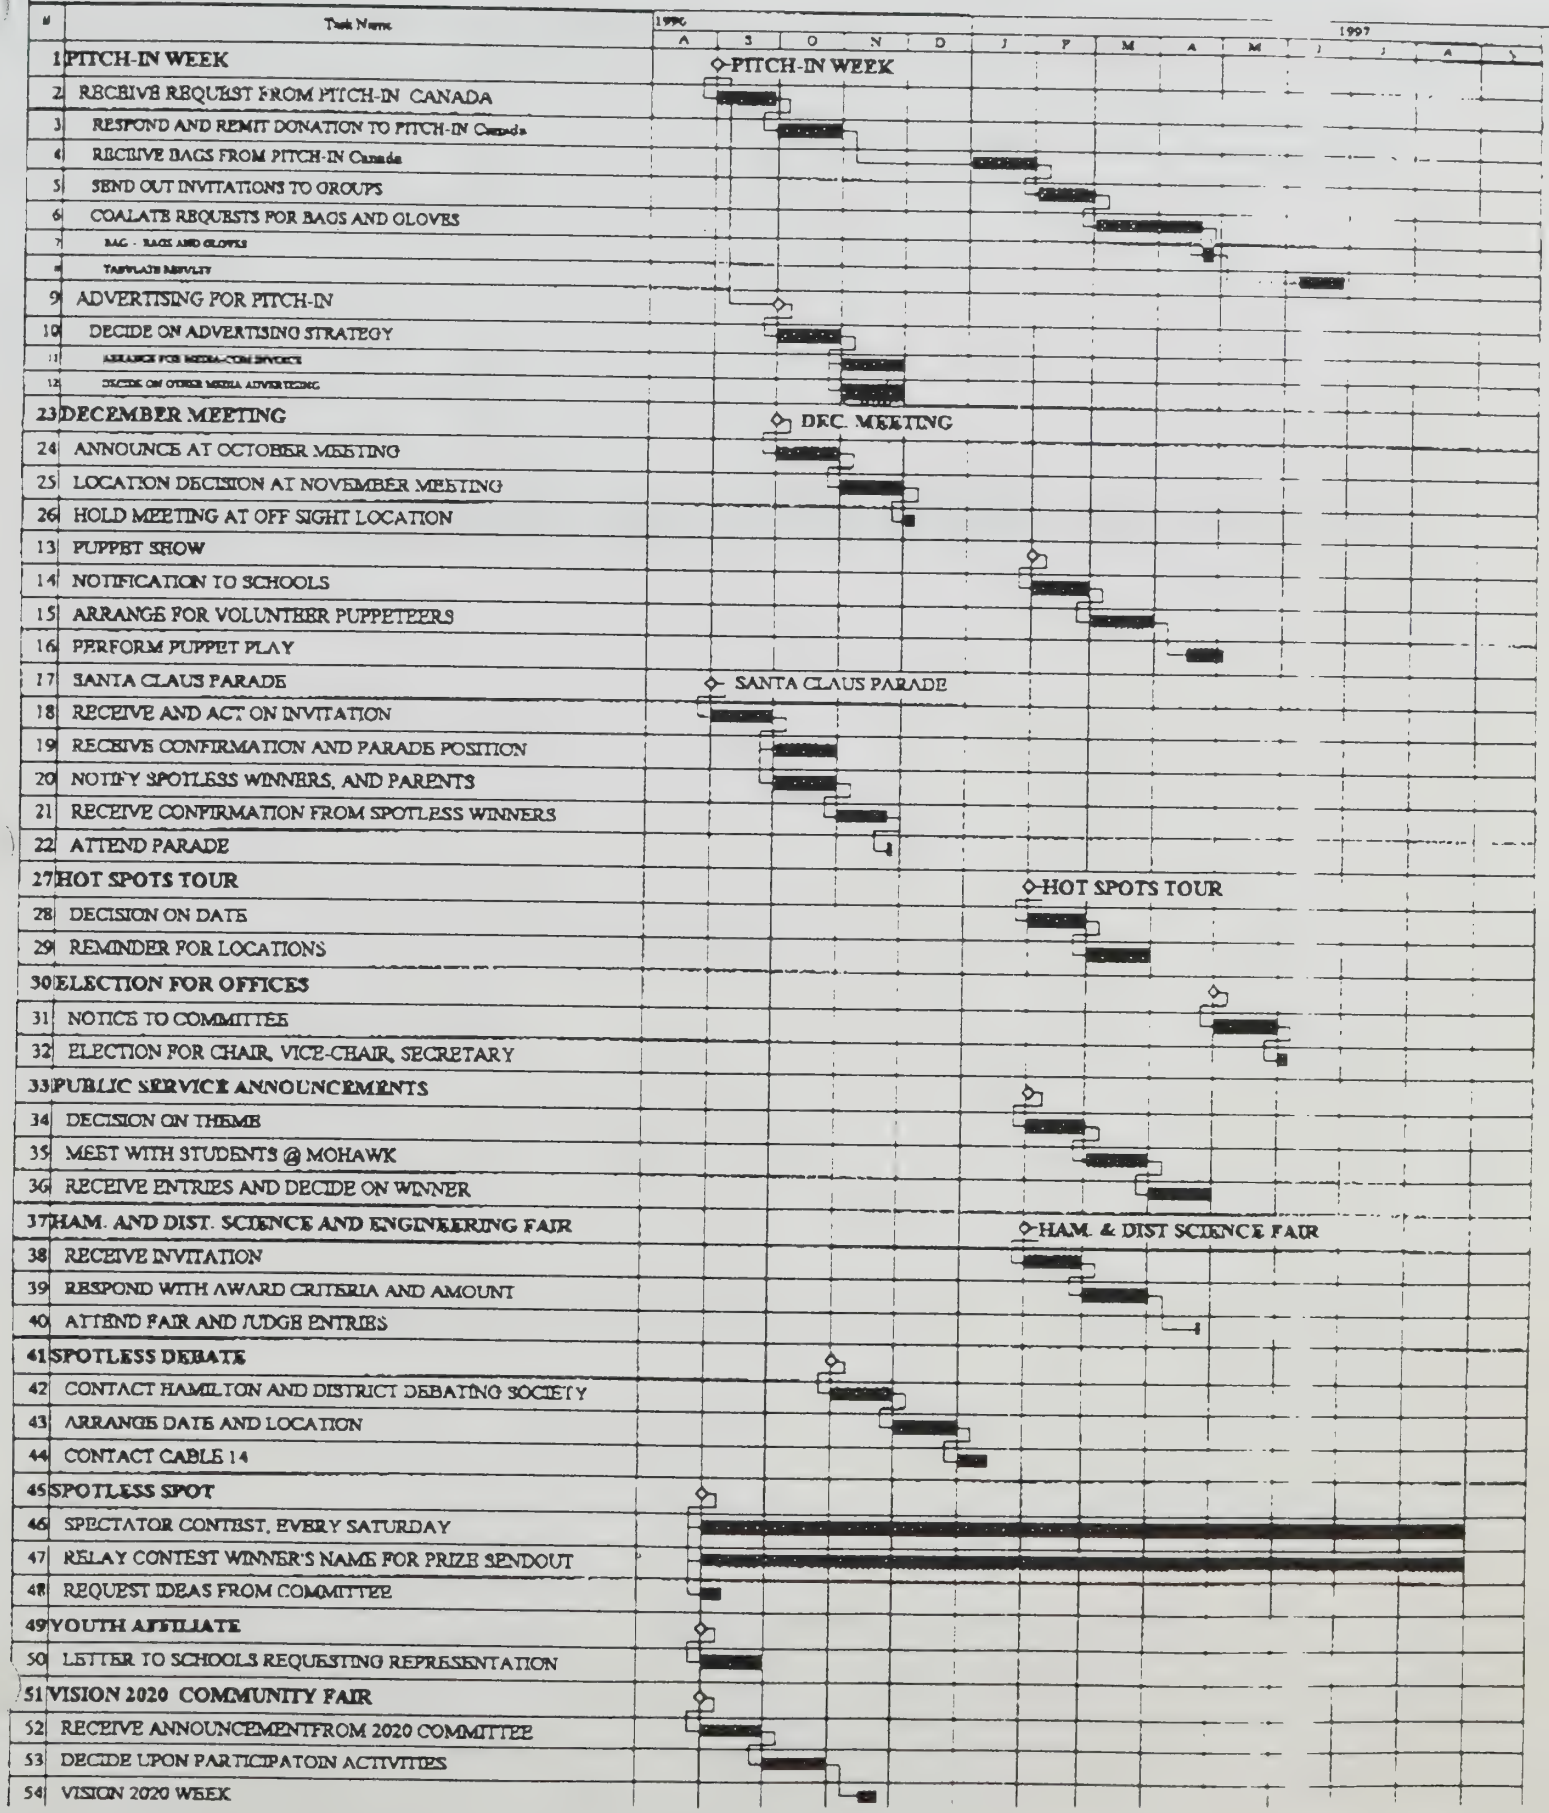

The Keep Hamilton Clean Committee, at its meeting held last night, reviewed a copy of the Regions Booklet noted above.

The majority of those included in this booklet are recycling/environmental-type groups as is the Keep Hamilton Clean Committee. The Committee is very interested in being included in subsequent versions. One member indicated that, when he talked to Regional staff about this topic (a while back), he was told that this is a Region-only booklet and that this Committee is a City Committee.

The City is a large percentage of the Region and the Keep Hamilton Clean (as well as the Clear3 committee in Stoney Creek) perform functions that are definitely related to the general purpose of the booklet and we feel that it is an omission that should be corrected in your next edition.

May I have your thoughts, please?

The Keep Hamilton Clean Committee met.

There were present:	Lori Nethercut, Chairperson Rick Butson, Vice-Chairperson Ron Volterman Jim Auty Michael Cuberovic Danielle Marchese Claudette Kabitsis Mark Alan Whittle Kathy Vucic Raffaella Brugnano
Regrets:	Frank Westaway
Also present:	Don Heintz, Public Works Department Al Marshall, Public Works Department Jason Lok, Scott Park Secondary School Diana Pearce

1. ADOPTION OF MINUTES

The Committee was in receipt of the minutes of the Keep Hamilton Clean Committee for its meeting held 1997 October 01 and these minutes were adopted as circulated.

2. CHAIRPERSON'S REMARKS

Lori Nethercut, Chairperson, welcomed Diane Pearce and Jason Lok to the Committee's meeting. All members introduced themselves.

3. BUSINESS ARISING FROM THE MINUTES

There was no business arising from the minutes.

4. CORRESPONDENCE

a) Conservation Foundation

The Keep Hamilton Clean Committee was in receipt of a letter and an information package from the Conservation Foundation of the Hamilton Region.

b) Western Lake Ontario Environmental Coalition

The Committee was in receipt of the minutes for the Western Lake Ontario Environmental Coalition's meeting held on 1997 October 01.

c) Vision 2020

The Committee was in receipt of an invitation from the Vision 2020 Citizen's Steering Committee to participate in the Vision 2020 Community Day at Westdale High School on 1997 October 25. Ron Volterman asked why the Committee did not receive this information sooner. The Committee agreed to send an E-mail message to the Citizen's Steering Committee.

d) Committee Listings

An updated copy of the Committee Listings was included with the minutes for the Committee's interest. Don Heintz asked if there were any changes or omissions.

e) Royal Hamilton Military Institute

An advertisement for the Royal Hamilton Military Institute was included with the minutes for the Committee's interest. The Committee discussed whether this location was suitable for the December meeting.

f) Night Out Festival

The Committee received a letter of thanks from the Stinson Community Association for participating in the National Night Out Festival on 1997 August 05.

g) Article on Poster By-Law

An article on the City of Toronto's Poster Bylaw was included with the minutes for the Committee's interest. The Keep Hamilton Clean Committee was instrumental in developing the City of Hamilton's Poster By-Law.

5. POSTER CONTEST

Danielle Marchese informed the Committee that she has sent out information concerning the poster contest to the Hamilton Roman Catholic School Board, Hillfield-Strathallan College, Hamilton Hebrew Academy, and Calvin Christian School. She did not receive any response from the Hamilton Public School Board. Not much action has been taken on the poster contest as a result of the province-wide Teachers' protest. The Committee made a motion to defer the poster contest until 1998 if Hamilton's elementary schools are not in session by 1997 November 12. The Committee agreed that any submissions received will be considered for the 1998 poster contest if this year's poster contest is cancelled. The Committee will send out letters to schools which have received information on the poster contest if it is cancelled.

6. ORIENTATION SESSIONS

Orientation Sessions for citizens seeking appointment to City of Hamilton Committees, Boards, and Commissions will be held on 1997 November 24 at 10:00 a.m. & 7:00 p.m., and 1997 November 26 at 7:00 p.m. The following members agreed to represent the Committee at the Orientation Sessions:

1997 November 24 10:00 a.m. - Claudette Kabitsis
1997 November 24 7:00 p.m. - Ron Volterman
1997 November 26 7:00 p.m. - Mark Alan Whittle

7. YOUTH AFFILIATE

Danielle Marchese is looking for more representatives for the Youth Affiliate. She has made several contacts with local secondary schools.

8. MALL DISPLAY

Jim Auty reported that he has made a new panel for the mall display with photographs and information from the International Coastal Cleanup. The mall display will be set up at the Upper Ottawa & Fennell and Upper James & Mohawk Canada Trust branches. Lori Nethercut suggested that a sign be made advertising the mall display is available to be set up at various locations.

9. INTERNATIONAL COASTAL CLEANUP

Thank you letters were sent out to those who participated in the International Coastal Cleanup. Don Heintz received a response from Peter Booker, City of Hamilton Parks Division, who was pleased with the event's turn out. Jim Auty had copies of photographs from the Coastal Cleanup which will be sent out to participants and sponsors.

10. SANTA CLAUS PARADE

a) Letter to Spotless Spot Winners

A copy of the letter sent to the Spotless Spot winners was included with the minutes. The Hamilton Santa Claus Parade will be held on 1997 November 22. Al Marshall has made arrangements for vehicles, drivers, and litter bins. He informed the Committee that the pick-up truck will be available for children who cannot walk the entire length of the parade.

11. PITCH-IN

a) E-Mail(s) with PITCH-IN

E-Mail messages with Pitch-In Canada was included with the minutes for the Committee's interest.

12. SPECTATOR - SPOTLESS SPOT

a) E-Mail with Spectator

Mark Alan Whittle reported that the Spotless Spot Contest is on hold until after the municipal election on 1997 November 10.
Kirk LaPointe, Hamilton Spectator Editor-in-Chief, has previously stated that he is interested in keeping the Spotless tip of the week in the Saturday Comics Section; however, the winning submissions would be scanned in another part of the Hamilton Spectator several times a year as a collection.

b) E-Mail to M. Whittle

A copy of a message sent to Mark Alan Whittle was included with the minutes. Don Heintz informed those present that members cannot combine business/personal endeavours with Committee affairs for personal gain.

13. INTERNET

Members discussed developing the Committee's sub-page on the City of Hamilton's web-page. Danielle Marchese stated that the City of Hamilton website only contains basic information on the City's activities and events. Jim Auty and Rick Butson agreed to continue working on the Committee's web-page.

14. BUSINESS CARDS

Don Heintz prepared twenty business cards for each Committee member. The Committee was impressed with the quality of the business cards. The Committee agreed to send thanks to Rick Gadawski for his time and effort for creating the cards.

15. A CITIZEN'S GUIDE - HAMILTON WENTWORTH

Don Heintz contacted Phil Jenson regarding whether the Committee can be included in A Citizen's Guide - Hamilton Wentworth. The Keep Hamilton Clean Committee cannot be included in this publication since it is not affiliated with a regional department.

16. ACTIVITY CHART

Ron Volterman developed a chart outlining the Committee's activities throughout the year.

17. SELECTION OF LOCATION - DECEMBER MEETING

The Committee discussed the location of the December meeting. Members suggested that the meeting be held at L'Escargot, the Royal Hamilton Military Institute, or The Keg Restaurant on Upper James St. The Committee passed a motion to hold the December meeting at the Keg Restaurant on 1997 December 03 at 6:30 p.m.

18. OTHER BUSINESS

Jim Auty asked if the Committee needed to order more Spotless pins. Don Heintz stated that he had sufficient pins. The Committee may need order additional T-Shirts early in 1998.

Danielle Marchese questioned Frank Westaway's attendance. Don Heintz reported that Frank Westaway has sent regrets for all meetings he could not attend.

19. ADJOURNMENT

There being no further business the meeting then adjourned.

Taken as read and approved,

Lori Nethercut, Chairperson
Keep Hamilton Clean Committee

Raffaella Brugnano, Secretary

Mr. Don Heintz
Keep Hamilton Clean Citizens' Comm.
City Hall
71 Main Street West
Hamilton, Ontario
L8P 4Y5

Dear Mr. Heintz,

In the near future, the Government of Ontario is planning to establish a competitive electricity market for the generation and sale of electricity in Ontario. Electricity competition will increase customer choice and may lower electricity prices. However, without new and effective environmental policies, a competitive electricity market could lead to increased air pollution, intensifying human health and environmental problems.

The Ontario Clean Air Alliance was formed to ensure that electricity competition results in cleaner air, not increased pollution. We have developed a series of recommendations which, if implemented, would ensure that the economic benefits of competition are not achieved at the cost of human health and the environment.

The core members of the alliance are: the Canadian Association of Physicians for the Environment, the Canadian Institute for Environmental Law and Policy, the Consumers Association of Canada (Ontario), Pollution Probe, the Sierra Club of Canada, the Ontario Lung Association, the Ontario College of Family Physicians, and the United Church of Canada. We are writing to ask you to join the Ontario Clean Air Alliance.

This letter highlights why the Ontario Clean Air Alliance is concerned that electricity competition could lead to increased air pollution. It also outlines the Alliance's recommendations for improving air quality. If your utility endorses our recommendations and would like to join the Ontario Clean Air Alliance, could you please complete the attached response form and return it to us as soon as possible.

There are several reasons why a competitive electricity market could have negative effects on human health and the environment. First, in a competitive electricity market, municipal utilities (e.g. Ottawa Hydro, Toronto Hydro) and investor-owned corporations will build new natural gas-fired electricity generating stations in Ontario. As a result, our greenhouse gas and nitric oxide emissions will rise.

Greenhouse gases are responsible for climate change. According to the David Suzuki Foundation, climate change is "the most urgent slow-motion catastrophe facing humankind." Climate change will increase the frequency and severity of heat waves, floods, droughts and storms. In effect, climate change will disrupt crops, forests and ecosystems, spread disease, raise sea

...2

517 COLLEGE STREET, SUITE 400 • TORONTO, ONTARIO • M6G 4A2 • TEL: (416) 923-3529
FAX (416) 923-5949 • E-MAIL: CIELAP@WEB.NET • HOME PAGE: HTTP://WWW.WEB.NET/CIELAP

levels, and undermine economies and communities.

Nitric oxide emissions cause urban smog. According to the Ontario Ministry of Environment and Energy, urban smog is responsible for approximately 1,800 premature deaths per year in Ontario.

Second, in a competitive market some Ontario consumers will purchase their electricity from coal-fired electricity generating stations located in the Ohio Valley. There are no caps on the greenhouse gas, nitric oxide or air toxic emissions of the coal-fired generating stations in this region. Therefore, these electricity purchases will cause our electricity-related greenhouse gas, nitric oxide and air toxic emissions to rise. Since Ontario is downwind from the Ohio Valley, these emissions will jeopardize our health and environment.

The International Joint Commission has concluded that air toxics can "bioaccumulate in living organisms and have been associated with immune system dysfunction, reproductive deficits, developmental and neurobehavioural abnormalities, and cancer."

Mercury is one of the most harmful air toxics associated with coal-fired electricity generation. According to the Commission for Environmental Cooperation, "exposure to inorganic mercury can cause liver and kidney damage. Mercury can also cause reproductive problems, such as infertility and delayed pregnancy pregnant women, the developing fetus, nursing infants and young children are most at risk from exposure to excessive levels of mercury."

Particulate emissions are also very damaging to human health. The United States Environmental Protection Agency reports that particulates may cause premature deaths, aggravation of respiratory and cardiovascular diseases and more frequent attacks of asthma in children.

Third, increased demand for Ohio Valley coal-fired electricity will make it more costly for Midwestern utilities to achieve sulphur-dioxide emission reductions. As a consequence, it will be more difficult for the Governments of Canada and the United States to negotiate a bilateral treaty to achieve further sulphur-dioxide emission reductions.

Sulphur dioxide is a precursor of acid rain. According to scientists, sulphur-dioxide emissions must be reduced by a further 50 per cent to protect our lakes and our forests.

The negative effects that an unregulated competitive electricity market could have on human health and the environment were recognized by the Advisory Committee on Competition in Ontario's Electricity System (the Macdonald Committee). In fact, the Macdonald Committee recommended that a competitive electricity market should be combined with stricter environmental controls: "We believe that the move to a competitive market for electricity in Ontario should not require the sacrifice of environmental goals. If anything, we believe that it will create a situation in which environmental objectives can and should be more, not less, demanding."

In order to achieve its objective of improving air quality, the Ontario Clean Air Alliance is recommending that a competitive electricity market in Ontario should be combined with:

1. greenhouse gas emission caps which require Ontario's electricity generating stations to stabilize their aggregate greenhouse gas emissions at 1990 levels by the year 2000 and to reduce their aggregate greenhouse gas emissions by more than 10 per cent by the year 2005 (Ontario Hydro has made a voluntary commitment to stabilize its greenhouse gas emissions at 1990 levels by the year 2000 and reduce its greenhouse gas emissions by 10 per cent , relative to its 1990 levels, by the year 2005);

2. nitric oxide emission caps which require Ontario's electricity generating stations to reduce their aggregate nitric oxide emissions below 38 kilotonnes per year by the year 2000 (Ontario Hydro's voluntary nitric oxide emission limit will be 38 kilotonnes per year beginning in the year 2000);

3. air toxics emission caps for Ontario's electricity generating stations;

4. a ban on (non-emergency) electricity imports from the United States until the U.S. Government establishes policies to stabilize the greenhouse gas emissions of its electricity generating stations or the total U.S. greenhouse gas emissions, pursuant to its commitments under the United Nations Framework Convention on Climate Change; and

5. sulphur-dioxide emission caps which require Ontario's electricity generating stations to reduce their aggregate sulphur-dioxide emissions below 175 kilotonnes per year (currently, Ontario Hydro's sulphur-dioxide emissions cannot exceed 175 kilotonnes per year).

If you would like a copy of our report, Electricity Competition and Clean Air (17 pages), which provides a more detailed rationale for our recommendations, we would be pleased to send it to you.

If you would like further information about the Ontario Clean Air Alliance, or if you would like me to make a presentation to your organization, please call me at 416-923-3529.

Yours sincerely,

Jack Gibbons
Chair

P.S. If you support our recommendations, please return your completed response form as soon as possible.

ELECTRICITY COMPETITION AND CLEAN AIR

The Government of Ontario is planning to establish a competitive electricity market for the generation and sale of electricity in Ontario. This will increase customer choice and may lower electricity prices, but what will be the cost to human health and the environment? Unregulated toxic emissions will result in greenhouse gases, which are responsible for climate change. According to the David Suzuki Foundation, climate change is "**the most urgent slow-motion catastrophe facing humankind.**" Join us in creating a cohesive force demanding the government safeguard clean air before allowing electricity competition.

CENTER FOR MARINE CONSERVATION

1997 INTERNATIONAL COASTAL CLEANUP

Cleanup Description

A brief description of your cleanup activities and any fun, odd, or interesting items collected or things that occurred during your cleanup

DUE: DECEMBER 1, 1997

Country: CANADA Coordinator Name: KEEP HAMILTON CLEAN COMMITTEE

PIER 4 PARK, LOCATED IN THE S.W. CORNER OF HAMILTON HARBOUR, IS A PROJECT OF THE CITY OF HAMILTON WHICH IS DESIGNED TO SIGNIFICANTLY ENHANCE THE PUBLIC'S ENJOYMENT OF THE HARBOUR. THE 7 ACRE PARK INCLUDES A WATER PLAY STRUCTURE AND AREA, LOOKOUT PIER, WASHROOM FACILITIES, BICYCLE AND WALKING PATHS AND PARKING LOT. A UNIQUE CENTREPIECE OF THE PARK IS A GENUINE 80 FT TUGBOAT WHICH HAS BECOME A FASCINATING PLAY AREA FOR CHILDREN. THE PARK ALSO FEATURES THE RENOVATED AND RE-LOCATED THOMSON-GORDON OFFICE BUILDING ORIGINALLY BUILT IN 1916.

WEATHER ON THE DAY OF THE UNDERWATER CLEANUP WAS SUPERB — COOL BUT SUNNY WITH CLOUDY PERIODS. WATER CALM AND ABOUT 60°F; VISIBILITY 10-15 FT.

MEDIA COVERAGE WAS EXCELLENT - TV, RADIO & PRINT. EVEN GOT SOME OUT-OF-TOWN COVERAGE IN TORONTO (40mi AWAY) ON RADIO & TV!

ALL PARTICIPANTS SEEMED TO ENJOY THEMSELVES. SUITED UP 10 DIVERS WHO ENTERED THE WATER. RECOVERED A COCONUT, FRYING PAN (WITHOUT THE HUSBAND), BICYCLE, AN ASSORTMENT OF OUTERWEAR, CAR PARTS, 3 - 45 GAL. DRUMS. LOTS OF ZEBRA MUSSELS EVIDENT.

LEFT BEHIND IN THE WATER WAS A PICNIC TABLE, GROCERY CART, STOP SIGN, TRAFFIC CONE WHICH COULD NOT BE RECOVERED DUE CONDITIONS AND SIZE/WEIGHT.

OVERALL A SAFE DIVE AND ALL ELEMENTS OF THE LOGISTICS FELL INTO PLACE NICELY! LOOKING FORWARD TO NEXT YEAR'S COMBINED BEACH/UNDERWATER CLEANUP.

INTERNATIONAL COASTAL CLEANUP DATA CARD

Thank you for participating in the International Coastal Cleanup and completing this data card. This form is designed for international use, therefore, not all listings may apply to your area. Data collected since 1986 by the Center for Marine Conservation (CMC) has been used in CMC's International Marine Debris Database and annual Cleanup Reports to help develop solutions and stop the dumping of trash into marine/aquatic areas. By completing the section below, you will be able to receive this and other information on citizen activities on marine conservation. Complete the following information and return this card to your area coordinator or mail it to CMC at the address at the bottom of this card.

Type of cleanup: [ ] **Shoreline/Beach or** [✓] **Underwater**

Zone Name/Location Cleaned HAMILTON HARBOUR **Nearest City/County** HAMILTON, CANADA

Today's Date: Month 09 **Day** 21 **Year** 97 **Name of Coordinator** KEEP HAMILTON CLEAN COMMITTEE

Name KEEP HAMILTON CLEAN COMMITTEE **Affiliation** CITY HALL

Address 71 MAIN ST. WEST **Phone (____)** _____ **Age** _____

City HAMILTON **State** ONTARIO **Country** CANADA **Zip Code** _____

Do you currently receive the International Coastal Cleanup newsletter, Coastal Connection? [✓] **Yes** [ ] **No**
If not, would you like to be placed on the mailing list? [ ] **Yes (please list address above)** [ ] **No**

Would you like to receive information on the Center for Marine Conservation and other ways to help protect our oceans and waterways? [✓] **Yes** [ ] **No**

Number of people working together on this card 18 Estimated distance of area cleaned 40 x ~~1200~~ 200 m²
Number of trash bags filled 4 + LARGE ITEMS LOOSE Total estimated weight 300 LB

SAFETY TIPS

1. Do not go near any large barrels or drums.
2. Be careful with sharp objects and syringes.
3. Wear gloves and closed-toe shoes.
4. Stay out of the dunes and natural areas.
5. Watch out for wildlife.
6. Don't lift anything too heavy.

WE WANT YOU TO BE SAFE

ENTANGLED ANIMALS (Dead or Alive) *Be as specific as you can.*

Type of Animal	Form of Entangling Debris	Comments
NO ENTANGLED ANIMALS FOUND ALTHOUGH A ~~SEAGULL~~ DEAD SEAGULL WASHED-UP ON SHORE IMMEDIATELY FOLLOWING DIVE.		

FOREIGN LABELS: Please list all items with foreign labels or other markings to help us identify the item's origin such as cruiseline names, military identification or debris with names and/or address of shipping, fishing, or oil/gas exploration companies. Please do not list items that are common to your local area, i.e. imported water or beer.

Label or other markings	Type of item
Example: ABC Shipping Company	plastic strapping band
(NONE)	

What was the most peculiar item you collected? COCONUT, FRYING PAN, TWO WHEEL BIKE, TRUNK LID FROM CAR, CAR SEAT, GOLF BALLS, 3-45 GALLON DRUMS

Comments/Observations during the cleanup LOTS OF ZEBRA MUSSELS

The following national and international organizations endorse and/or support the International Coastal Cleanup:

U.S. Environmental Protection Agency

HAMILTON SPECTATOR ARTICLE MONDAY, SEPT 22/97

Divers Willis Hopkin and Bill Byrnes aided in the harbour search.
Kaz Novak, The Spectator

Harbour cleanup yields car seats, trunk lid, bicycle

SPEC HAMILTON SEP 22/97

Throw recyclables in your blue box, not our blue waters.

It seems logical enough, but cans, bottles, and other plastics were part of the 135 kilograms of debris collected from the Hamilton Harbour yesterday afternoon.

The dive was part of the International Coastal Cleanup Campaign, billed as the world's largest annual one-day clean-up of beaches and water.

"Everyone benefits from a clean harbour," said Michael Ouberovic, organizer and member of the Keep Hamilton Clean Committee.

Car seats, golf balls, a bicycle, a frying pan and a car trunk lid were among the garbage gathered by 10 divers who searched the water near Pier 4 Park for about 90 minutes.

In 1996, more than 275,000 volunteers from 90 countries cleared almost 5,000 sites of debris.

And boating beer-lovers should think twice before throwing those six-pack plastic rings overboard.

More than 180 animals were found entangled in debris in the harbour last year.

Cuberovic said those seemingly innocuous rings are often the killer.

147th fair still pushes agriculture

By RICK HUGHES
The Spectator
ANCASTER

The name Meadowlands no longer evokes Ancaster's agricultural past but instead points to its suburban future.

The houses sprouting in meadows where crops once grew are being built ever closer to Ancaster Fair Grounds, the place where Ancaster is determined to keep its farming roots alive.

The 147th Ancaster Fair was held there on the weekend.

And while there have been accommodations for city folk, fair organizers are working hard to stay true to its farming history.

"The nitty gritty is the promotion of agriculture," said Sylvia Parr, a longtime fair organizer and member of the province's association of rural fairs.

"We know we have to bring in Conklin.

"We know we have to have things for people to buy.

"But we try very hard to keep agriculture in the agricultural fair."

The balancing of traditional fair events such as cattle shows, sheep-shearing contests, horse competitions, harness racing, baking, and crop shows, alongside an extensive midway, craft booths, pet shows, children's entertainment and even birds of prey and martial arts demonstrations, is obviously working.

Rainy weather

Attendance was down Friday and Saturday because of rainy weather, but crowds were dense yesterday.

Parr is convinced suburban and city people come out not just for a fun family outing but a taste of a different kind of life.

"We try to entice city people here so we can teach them a little bit about agriculture."

Laura Gale, 5, of Hamilton, said she enjoyed seeing the farm animals.

"I like to pet them but I'm a little bit afraid to pet them," she said.

Patti Inman of Hamilton led her children Jamie and Margaret on a typical fair visit, with lots of midway rides and then time exploring the agricultural exhibits.

"They have lots of questions.

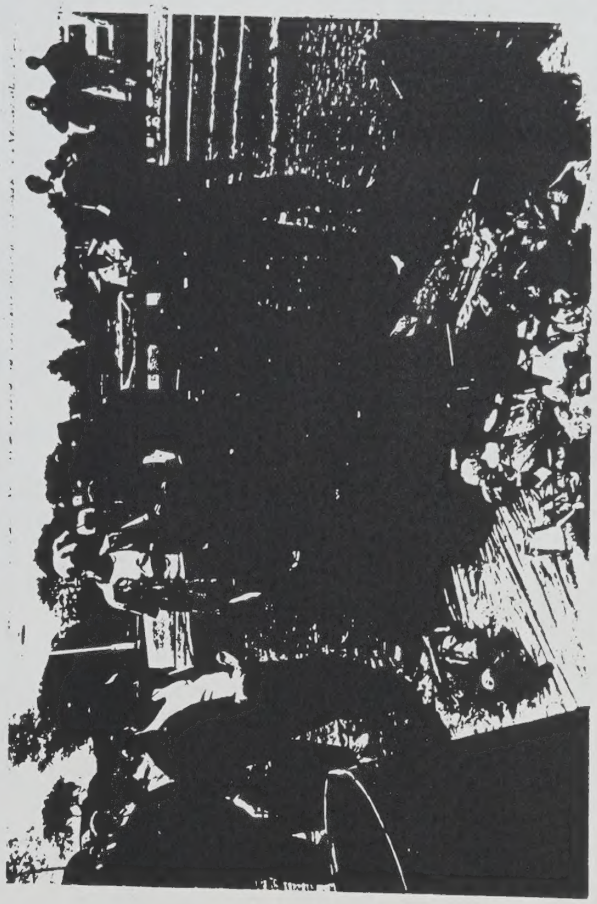

"What do they eat?

"How big do they get?" she said as her children watched a Jersey cow.

"It's a learning experience for the whole family."

Parr would be happy to hear that. She and the other organizers worked hard to make it a fun one.
